### MEMORANDUM

**TO:** Blount County Planning Commission

**FROM:** Blount County Building Commissioner

**DATE:** September 30, 2015

**SUBJECT:** Rezoning request at 830 LeQuire Road.

I am bringing this rezoning request back to the planning commission at the pleasure of the Blount County Commission. If you recall, this request was to rezone the property identified on tax map 106, parcel 003.00 to R-1 from R-2. The planning commission had sent it to the county commission with a recommendation to approve the request. In the September county commission meeting, the commission made a motion to send the request back to the planning commission and that motion was passed unanimously.

In my original report for this rezoning, I describe how the applicant had wanted to rezone a section of the property that was approximately 10 acres and sit on the South side of Lequire Road. Upon my review, I had explained to the applicant that the property on the other side of the road would be suitable to the R-1 zone as well, and that is what they chose to pursue. I am still of the opinion that the entire property is suitable for an R-1 zoning classification. I did ask the applicant if they would be satisfied to go back and only request that the section of the property on the South side of Lequire Road be rezoned. The applicant did agree to this modification if that is the direction the planning commission decides to go. I have included revised maps that indicate this revision. If the planning commission chooses to recommend the revised map a new public hearing will be required at both the planning commission and county commission.

**To:** Blount County Planning Commission  
**From:** Building Commissioner  
**CC:** Other planning commissioner members and staff  
**Date:** 7/15/2015  
**Re:** Rezoning Request at 830 Lequire Road.

---

**Background:**

The applicant is requesting that their property at 830 Lequire Road be rezoned from R-2 (Rural District 2) to R-1 (Rural District 1). The property is identified on tax map 106 parcel 003.00 and is approximately 44 acres.

The applicant has acquired this property by way of will. That will actually divides this property into three parcels, two that are approximately 5 acres a piece and are located on one side of Lequire Road, and the remaining 34 acres on the opposite side of Lequire Road. The applicant originally just wanted to rezone the two 5 acre tracts, but upon my review of the property the slope of this parcel does not meet or exceed the 30% that is used to establish the R-2 zoning classification. I explained this to the applicant and they would like to pursue rezoning the complete 44 acres. I do not have separate parcel numbers for the lots that were created by will, but is still shown as one complete parcel. I have hatched the property hatched on the maps included in this report. I have also indicated the approximate location of the property line created by will. This property does abut properties that are currently zoned R-1.

## Memo

**To: Blount County Budget Committee/Commission**  
**From: Judge Kenlyn Foster and Amanda May**  
**Date: February 3, 2016**  
**Re: New sources of revenue**

---

Members of the Blount County Budget Committee-

Juvenile court is now offering 3 new services which will be sources for new revenue: Forward Thinking, Aggression Replacement Training and Alcohol and Drug Assessments.

- Forward Thinking is a 4 hour educational class facilitated by Jill Cusack, LADAC- (Licensed Alcohol Drug Abuse Counselor). This class is evidence based and approved by the Substance Abuse Mental Health Services Administration, covering the following topics: Evaluating substance abuse behaviors and readiness for change, Exploring the root of addiction, Stages of substance abuse, How substances affect the body and mind, Identifying triggers and Refusal skills. The cost of this class is \$45. We are estimating that in one year 25 juveniles will take this class.
- Aggression Replacement Training (ART) is an anger management class, also facilitated by Jill Cusack. This class helps juveniles identify triggers that lead to anger, teaches the best way to respond when angry without aggression, and teaches problem solving techniques. This cost of this class is \$20. We are estimating that in one year 10 juveniles will take this class.
- Alcohol and Drug Assessments( A& D assessments)- are conducted by Jill Cusack- the juvenile is interviewed about their drug history, drug use, social influences, family history, and any mental health issues. The information gathered is used to make recommendations to the court about treatment that would best benefit the juvenile in leading a life of sobriety. The cost for an assessment is \$40. We are estimating that in one year 24 assessments will be completed.

REVENUE 101-0-449904-00128 Recovery Court GPS Monitoring

Recovery Court sanctions it's participants for rule violations. Jail is the most severe but we are implementing the GPS monitoring as an alternative to jail for less severe rule violations. GPS monitoring can be used for curfew violations, failure to perform assigned community service, not having employment, etc. This form of sanction allows the staff to monitor the location of participant 24/7 for a period to time to be determined by the team as appropriate. If participant is found to be non-compliant while on monitoring, further action will be taken. If participant is compliant during the time period monitoring is performed the participant will be removed from monitoring and resume normal activity in the program.

Satellite Tracking of People LLC was chosen as the contracted provider for GPS monitoring based on the following:

- The GPS monitoring service offered by Satellite Tracking allows Recovery Court to set zones (locations) where the participant may be routinely such as work and home. It also allows us to set up locations one should not be, ie: we have one who is on a no contact with both parents and should not be at either parent's home. Both parents' homes were set as a zone so that if he goes there, staff is notified. The tracking can be looked at by staff at any time on computer. Work schedules and curfew times can also be entered and tracked. Failure to be where programmed one should be at a specific time will cause notification to be sent to assigned staff's phone number.
- There is no install fee or charge for consumables such as straps. The charge is \$3.10/day plus \$.50/day insurance on the unit in case of stolen or

damaged unit. The participant is charged \$5.00/day and this money is deposited into the Revenues to pay the monthly bill for the service.

- This company is the system the State of TN is under contract with, and sex offenders are monitored by. The customer service is available 24 hour/day and can activate or shut down units if Recovery Court staff does not have immediate access to a computer.
- Brian Hensley, Case Manager, with Recovery Court was formerly with ETHRA Community Corrections and has experience and excellent working relationship with this company. The implementation of this service as a sanction has been uncomplicated and beneficial.

The amount of the Revenue projected is based on approximately 3 people being on the GPS per month for the next six months.

#### REVENUE 101-0-475900-00128 Other Federal State Grants (SAMHSA)

The State of Tennessee Department of Mental Health was awarded a three year grant from Substance Abuse and Mental Health Services Administration (SAMHSA). Recovery Courts utilizing the Morgan County Residential Recovery Court are the recipients of this money. Currently there are approximately eight Recovery Courts eligible to receive this money. Morgan County is designed for non-violent offenders who were in local Recovery Courts and all other resources had been exhausted and participants were facing possible discharge or repeat non-violent offenders with more extensive criminal history than those usually entering local Recovery Courts. These participants are required to complete one year at the Morgan County facility and return to Blount County Recovery Court into Phase III of this program. It then takes them a minimum of eighteen (18) months to complete Blount County Recovery Court.

This grant allows the counties utilizing the Morgan County program the ability to bill for outlined services provided to the participants once they return to the home Recovery Court. Some of the billable services are:

Case Management meeting	\$28/ea
Individual Counseling	\$50/ea
Treatment/ Recovery Plan	\$15/ea
Moral Reconciliation Therapy	\$25/ea
Living Skills Class	\$25/ea
Aftercare class	\$25/ea
Drug Screens	\$25/ea
Relapse Prevention Group	\$25/ea

The maximum annual amount one Recovery Court can receive is \$26,944. The amount projected includes actual dollars billed for October, November and December and the monthly average of \$2245 for the remaining months of this fiscal year.

Please find attached the actual bill for October and November 2015 for visualization.

### MEMORANDUM

**TO:** Blount County Planning Commission

**FROM:** Blount County Building Commissioner

**DATE:** September 30, 2015

**SUBJECT:** Rezoning request at 830 LeQuire Road.

I am bringing this rezoning request back to the planning commission at the pleasure of the Blount County Commission. If you recall, this request was to rezone the property identified on tax map 106, parcel 003.00 to R-1 from R-2. The planning commission had sent it to the county commission with a recommendation to approve the request. In the September county commission meeting, the commission made a motion to send the request back to the planning commission and that motion was passed unanimously.

In my original report for this rezoning, I describe how the applicant had wanted to rezone a section of the property that was approximately 10 acres and sit on the South side of Lequire Road. Upon my review, I had explained to the applicant that the property on the other side of the road would be suitable to the R-1 zone as well, and that is what they chose to pursue. I am still of the opinion that the entire property is suitable for an R-1 zoning classification. I did ask the applicant if they would be satisfied to go back and only request that the section of the property on the South side of Lequire Road be rezoned. The applicant did agree to this modification if that is the direction the planning commission decides to go. I have included revised maps that indicate this revision. If the planning commission chooses to recommend the revised map a new public hearing will be required at both the planning commission and county commission.

**To:** Blount County Planning Commission  
**From:** Building Commissioner  
**CC:** Other planning commissioner members and staff  
**Date:** 7/15/2015  
**Re:** Rezoning Request at 830 Lequire Road.

---

**Background:**

The applicant is requesting that their property at 830 Lequire Road be rezoned from R-2 (Rural District 2) to R-1 (Rural District 1). The property is identified on tax map 106 parcel 003.00 and is approximately 44 acres.

The applicant has acquired this property by way of will. That will actually divides this property into three parcels, two that are approximately 5 acres a piece and are located on one side of Lequire Road, and the remaining 34 acres on the opposite side of Lequire Road. The applicant originally just wanted to rezone the two 5 acre tracts, but upon my review of the property the slope of this parcel does not meet or exceed the 30% that is used to establish the R-2 zoning classification. I explained this to the applicant and they would like to pursue rezoning the complete 44 acres. I do not have separate parcel numbers for the lots that were created by will, but is still shown as one complete parcel. I have hatched the property hatched on the maps included in this report. I have also indicated the approximate location of the property line created by will. This property does abut properties that are currently zoned R-1.

RE: **Annual Inflation Adjustment of the financial assurance for *the City of Alcoa TN/City of Maryville, TN/Blount County Landfills, Permits #DML05000091SA, #DML05000091NA, and SNL050000105 Original Vertical & Lateral Expansion Phase 1-7* as required by the Regulations of the Division of Solid Waste Management.**

Dear Mr. Wiggins, Mayor Mitchell, Mayor Mull, and Mayor Taylor:

**All county and municipal "Contracts in Lieu of Performance Bonds" must be adjusted annually for inflation by no later than the anniversary date of the issuance of the contract.**

The staff of the Division of Financial Responsibility, utilizing data published by the U. S. Department of Commerce, has projected the inflation factor to be used for 2016 inflation adjustments as **1.20%**. The amount of your financial assurance instrument(s) from the Year 2015 must be multiplied by **1.0120**. The permitted facility and/or the Department may reserve the right to adjust this figure later based upon revised data released by the U.S. Department of Commerce during the year.

**Effective immediately, any County or Municipal Contract in Lieu of Performance Bond incurring an annual inflation adjustment shall not be processed by amendment until the cumulative amount of the adjustment(s) equals or exceeds TEN THOUSAND DOLLARS (\$10,000.00). This is a change from the previous threshold of Five Thousand Dollars (\$5,000). For example, if the inflation adjustment is \$4,000 in year one, \$5,000 in year two, and \$6,000 in year three, the amendment will be processed in year three when the total of adjustments exceeds \$10,000. We will continue to send your inflation adjustment figures annually for your records whether or not a contract amendment is required.**

**Subject:** Re: training

Hello Roger,

I've been thinking about this for a long time, but I have to do something. However do to time constraints in getting to meetings and training, I am having to resign my position on the BZA. I have enjoyed having served on the BZA for the past years however fifteen years are enough. It is time to let someone else do this job and get others involved in zoning regulations. It has been a learning experience over the years and I have enjoyed serving with some great people.

I want to thank you, John Lamb and the county commission for what you have done in helping guide the BZA in matters important to the county. If there is anything that I can do to help you in the future please let me know.

Sincerely ,  
Rob
