I understand that Katherine Lovingood's position on the Board of Zoning Appeals is up for reappointment. I would like to request that you consider me for the appointment. I feel that a County Commissioner should be on the Board to provide the Commission's perspective on zoning matters.

SUBJECT: Appointment of Board of Zoning Appeals members

The county is required by state law to have a board of zoning appeals (the "board"). *See* Tenn. Code Ann. § 13-7-106. Pursuant to this statute, the county commission appoints the members of the board. A question has arisen as to whether a county commissioner may be appointed as a member of the board.

Tenn. Code Ann. § 13-7-106 is silent on the matter. It neither authorizes nor prohibits the appointment of a county commissioner to serve on the board. However, Chapter No. 190 of the Private Acts of the State of Tennessee for 1994, which presently only applies to Blount County, allows county commissioners to "... serve as members on any board, commission, committee, [and] authority over which ..." the county commission has appointing power. Based on there being no conflict between the state statute and this private act, I am of the opinion that a county commissioner may be appointed to serve on the board.

Re: Reappointment of Katherine Lovingood to the Board of Zoning Appeals.

I am writing this memo to bring to your attention that Katherine Lovingood's first appointment on the Board of Zoning Appeals has expired. Her first appointment was a 2 year staggered appointment that expired on September 1, 2002. If reappointed she will serve a regular 5 year term on the Board.

The Board of Zoning Appeals is a 5 member Board responsible for hearing Appeals, Variances, and Special Exception requests as they pertain to Blount County Zoning Regulations. The County Legislative Body is the body that appoints the regular members of the Board of Zoning Appeals.

If you have any questions concerning this matter please call me at my office number, 273-5754. Thank you very much for your time.
