Re: BZA appointment.

Mr. Harold Brown has just completed his second term as a member of the Blount County BZA. An appointment is due for his seat on the BZA. Mr. Brown has indicated to me that he would be interested in serving another term. Mr. Brown's first term was only one year because of the staggered terms that were established for the BZA. Each member now serves a term of five years and every August a new member or an existing one has to be appointed to complete the five member Board.

We do have an associate member that can fill any voids in case an appointment is not made for this vacancy. If you have any questions please call me at 681-9301.

Blount County Mayor and Honorable Commissioners:

It is my understanding that my name has been offered-up as a competitor to BZA member Harold Brown for the BZA position he now holds. As a current alternate member of the BZA and one that has attended many of the BZA meetings, I can say, without hesitance, that Mr. Brown has done an exemplary job of adjudicating issues that have come before that board. Though I would be honored to serve as a full member of the BZA someday, should a vacancy occur, I do not wish to replace a committed and conscience member such as Mr. Brown; his experience and judgment is an asset to the BZA and Blount County. I therefore withdraw my name from nomination and request that Mr. Brown be reappointed to a full term on the BZA. Thank you.

Yours in Service to This Great County,

Jim Melton, Alternate member, Board of Zoning Appeals

RE: Recommendations for Representative to the Blount County Library Board

DATE: July 19, 2006

For the consideration of the full commission, I am submitting my recommendation of the following name to serve on the Blount County Library Board:

Mr. Ken Smither

Mr. Smither will be replacing Mr. Dick Bowers who resigned from the Board because he is moving to Nashville. See attached letter.

The term is for three years beginning July 1, 2006.

The Honorable Robert Ramsey, Acting Blount County Mayor
Blount County Courthouse
Maryville, TN 37801

Dear Mayor Ramsey:

The Board of Trustees of the Blount County Public Library request the appointment of Mr. Ken Smither as a Blount County representative to the library board, Dr. Jane Qualls as a new Blount County representative to the Fort Loudoun Regional Library Board, and Mrs. Nan Taylor as a Blount County representative to the Fort Loudoun Regional Library Board for a second three-year term.

Mr. Smither, owner of Downey Oil/Kenjo Markets, has been active on the boards of the Blount County Chamber of Commerce, United Way of Blount County, and the First United Methodist Church. His business expertise and interest in community non-profit activities well qualify him for this position. Mr. Smither and his wife Jean reside at 1994 Carpenters Grade Road, Maryville.

Mr. Smither would replace Dick Bowers who resigned from the library board to move to Nashville.

Dr. Jane Qualls, retired director of Alcoa schools, has a proven interest in public education and would bring that interest to regional board. She has a broad knowledge of our community and would represent Blount County well. Dr. Qualls and her husband, Nick McGuire, live at 3700 River Trace Lane. Although her mailing address is Knoxville, she resides in Blount County.

Dr. Qualls would replace Marty Callaway who finished a three-year term after having served two consecutive terms on the local board.

Mrs. Taylor has served on the regional board with distinction these past three years and has made many significant contributions to the local board as an ex-officio member. She resides with her husband, Tom, at 138 Stanley Avenue in Maryville.

The Board of Trustees appreciates your support of the Library in years past and looks forward to future successes.

Sincerely,

Kathryn E. Pagles, Director

RESOLUTION TO ALLOW THE BLOUNT COUNTY TRUSTEE TO ROUND PROPERTY TAXES, INTERESTS AND PENALTIES.

WHEREAS, Tennessee Code Annotated, Section 67-5-102(a) (1) authorizes counties to levy an ad valorem tax upon all property subject to such tax; and

WHEREAS, Tennessee Code Annotated, Section 67-5-102(a) (2) directs that the amount of such tax shall be fixed by the county legislative body of each county; and

WHEREAS, the rounding of ad valorem property tax amounts to the nearest dollar would simplify and expedite the payment and collection of property taxes in the county; and

WHEREAS, the rounding of property taxes, interests and penalties will not significantly impact the revenues of Blount County, Tennessee; and

WHEREAS, the rounding of property taxes, interests and penalties will be a convenience to county taxpayers; and

WHEREAS, the Blount County Legislative Body desires to authorize the office of the Blount County Trustee to round property taxes, interests and penalties to the nearest dollar.

NOW THEREFORE, BE IT RESOLVED by the Board of Commissioners of Blount County, Tennessee, assembled in regular session this 17th day of August 2006, that the office of the Blount County Trustee is hereby authorized to round individual ad valorem property tax amounts and delinquent interests and penalties to the nearest dollar. Such rounding shall be applied uniformly to all property tax bills in the county for real and personal property, whether such property is locally assessed or centrally assessed and shall be accomplished by rounding amounts ending in \$0.01 to \$0.49 down to the nearest dollar and amounts ending in \$0.50 to \$0.99 up to the nearest dollar. Such rounding shall apply to both the tax amount and any interest and penalty added to delinquent taxes.

THIS RESOLUTION SHALL be effective beginning September 1, 2006 and subsequent tax years, the public welfare requiring it.

The appropriation to the Great Smoky Mountains Heritage Center from the Tennessee Department of Transportation is 1.7 million dollars. With these funds the Heritage Center will complete three objectives. The first is to purchase three acres of property adjacent to the current facility. The second is to put a roof over our amphitheater. The third is to construct an ADA compliant walking path to our historic buildings located behind the Center.

The Great Smoky Mountains Heritage Center Board of Directors have committed that they are responsible and will relieve Blount County from any obligation pertaining to this contract. The Heritage Center has met the obligatory financial match required by this contract. We have submitted the required documentation to the Tennessee Department of Transportation and have received their approval.

The Heritage Center will work closely with representatives from Blount County to ensure the smooth and timely completion of the requirements of this contract. The Center has already had the property (3 acres) appraised at our own expense. Archaeological excavation has been done and the site has been cleared of any historical infringement. The Center has also received environmental impact clearance from the Tennessee Department of Transportation.

We would like to request the Financial Management Committee recommend to the Blount County Commission the approval of this contract with the above understanding.

Respectfully submitted,

Bob Patterson, Director

FOR IMPLEMENTATION OF HIGH PRIORITY PROJECTS

THIS CONTRACT # 060006, between The State of Tennessee, Department of Transportation, hereinafter referred to as the "Department" and Blount County, hereinafter referred to as the "Local Government" is made and entered into this day of _____, 20_____.

SECTION I: FUNDING INFORMATION

A. This contract shall provide an understanding between the parties of their respective obligation for implementation of an activity of the High Priority Program. The project to be considered hereunder is described in EXHIBIT "A" labeled "Scope of Work" attached hereto and incorporated into this Agreement.

B. The Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) provides funding in the amount of 1.) TN ID NO 126: \$1,000,000.00; 2.) TN ID NO 247 \$500,000.00 and 3.) TN ID NO 264 \$625,000.00, for a total amount of \$2,125,000.00, which is comprised of 80% federal funds for the development of the herein-described project. It is hereby understood and agreed between the parties that the funding provided hereunder will be available in increment as follows:

1. TN ID NO 126

2005	20%
2006	20%
2007	20%
2008	20%

2007	25%
2008	25%
2009	20%

The Local Government understands and agrees that it will not be reimbursed in amounts greater or a time-table faster than that listed herein.

- C. All phases of the Project will be managed by the Local Government in accordance with the scope of work attached hereto as "Exhibit A".
- D. The employment of consultants shall be based upon the selection process that is attached, made a part hereof and identified as "EXHIBIT B".
- E. The Local Government understands that the estimated cost of the Project is \$2,125,000.00; that the Department will pay the Local Government, as hereinafter provided, for eighty percent (80%) of the actual cost of the project in the increments described in Section 1A hereof, limited, however, to a total maximum amount subject to payment of \$1,700,000.00, to a timetable as listed herein. The Local Government agrees to pay all costs in excess of the said \$1,700,000.00.

SECTION: I. STANDARD TERMS RELATED TO USE OF STATE HIGHWAY RIGHT-OF-WAY

The following provisions shall apply to the extent that the project, or any part thereof, is located on state highway right-of-way.

- A. The Local Government shall submit a set of plans to the TDOT Traffic Engineer responsible for the land in question. These plans shall be sufficient to establish the proposed project and its impact on the state highway right-of-way.
- B. The Local Government shall follow all requirements imposed by the TDOT Traffic Engineer for the construction of the project upon state highway right-of-way.
- C. The Local Government agrees to correct any damage or disturbance caused by its work with the state highway right-of-way, including but not limited to the replacement of any control access fence removed

by the Local Government or its contractor or agent during the construction of the project.

- D. The Local Government shall have the sole responsibility at its own expense of maintaining and keeping the project in good repair and in a safe and clean condition, including picking up litter that may accrue at the site.
- E. The Local Government shall assume all liability for third-party claims and damages arising from the construction, maintenance, existence and use of the project; to the extent provided by Tennessee Law and subject to the provisions, terms and liability limits of the Governmental Tort Liability Act, TCA 29-20-101 et seq.
- F. The Local Government shall comply with all federal and state laws and regulations applicable to the construction, use and maintenance of the project.
- G. Nothing in this contract shall be construed to limit the Department's right at any time to enter upon its highway right-of-way, including the area occupied by the project, for the purpose of maintaining or reconstructing its highway facilities.
- H. The Local Government agrees that its construction, maintenance and use of the project shall not interfere with the normal flow of traffic on adjacent highways.
- I. If the Local Government fails to perform any obligation under this section of this contract, the Department shall have the right to cause the Local Government, by giving written notice to the Local Government, to close the project to public use and to remove the project at its own expense and restore the premises to the satisfaction of the Department within ninety (90) days thereafter.
- J. The Department may rescind its authorization for the location of the project upon state highway right-of-way at any time by giving the Local Government at least ninety (90) days advance written notice thereof, and the Local Government shall be obligated to close the project to public use and remove it at the Local Government's expense and restore the premises to the satisfaction of the Department by or before the effective date of such termination.

SECTION III: STANDARD TERMS

- A. The Local Government shall submit invoices, in a form acceptable to the Department with all necessary supporting documentation, prior to any payment of allowable costs. Such invoices shall be submitted no more often than monthly and indicate at a minimum the total

amounts charged under this Agreement for the period invoiced and the total amount charged to date. Each invoice shall be accompanied by proof of payment in the form of a canceled check or other means acceptable to both parties hereto.

- E.** The payment of an invoice by the Department shall not prejudice the Department's right to object to or question any invoice or matter in relation thereto. Such payment by the Department shall neither be construed as acceptable of any part of the work or service provided nor as an approval of any of the costs invoiced therein. The Local Government's invoice shall be subject to reduction for amounts included in any invoice or payment theretofore made which are determined by the Department, on the basis of audits conducted in accordance with the terms of this Agreement, not to constitute allowable costs. Any payment shall be reduced for overpayments, or increased for under-payments on subsequent invoices.
- C.** Should a dispute arise concerning payments due and owing to the Local Government under this Agreement, the Department reserves the right to withhold said disputed amounts pending final resolution of the dispute.
- D.** The Local Government understands that the construction phase of the Project will be commenced immediately following the receipt of the notice to proceed and continue with a schedule that will provide for implementation within one year from its commencement and thereafter continued without interruption until completed in accordance with the provisions of EXHIBIT "A." The failure of the Local Government to follow the schedule for the construction phase will be construed as a breach of this Agreement.
- E.** The Local Government understands and agrees that if such a breach occurs the Local Government will be subject to repayment of all sums of money paid to the Local Government.
- F.** The Department is not bound by this Agreement until it is approved by the appropriate Department officials as indicated on the signature page of this Agreement.
- G.** This Agreement may be modified only by a written amendment which has been executed and approved by the appropriate parties as indicated on the signature page of this Agreement.
- H.** The Department may terminate the Agreement by giving the Local Government at least ninety (90) days notice before the effective termination date. The Local Government shall be entitled to receive equitable compensation for satisfactory authorized services completed as of termination date.

000012020001 1. 1. 221M 615-3000 MI HERIT 010094400970 NO. 084 7. 1. 01

electrical current to all such devices which may be installed as part of the Project.

- P. This Agreement is subject to the appropriation and availability of State and/or Federal funds. In the event that the funds are not appropriated or are otherwise unavailable, the Department reserves the right to terminate the Agreement upon written notice to the Local Government. Said termination shall not be deemed a breach of Contract by the Department. Upon receipt of the written notice, the Local Government shall cease all work associated with the Agreement. Should such an event occur, the Local Government shall be entitled to compensation for all satisfactory and authorized services completed as of the termination date. Upon such termination, the Local Government shall have no right to recover from the Department any actual, general, special, incidental, consequential or any other damages whatsoever of any description or amount.
- Q. The Local Government shall maintain documentation for all charges against the Department under this Agreement. The books, records, and documents of the Local Government, insofar as they relate to the work performed or money received under this Agreement, shall be maintained for a period of three (3) years from the date of the final payment and shall be subject to audit at any reasonable time and upon reasonable notice by the Department, the Comptroller of the Treasury, or their duly appointed representatives. The financial statements shall be prepared in accordance with generally accepted accounting principles.
- R. The Local Government agrees to comply with all federal regulations in regard to Surface Transportation Museums as described in EXHIBIT "D" labeled "Surface Transportation Museum Requirements" and attached hereto.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their respective authorized officials on the date first above written.

MEMORANDUM

TO: Blount County Commission

FROM: John Lamb 

DATE: August 4, 2006

SUBJECT: Provisions for private roads and easements in our Subdivision Regulations – requirement for approval by County Commission.

Tennessee Code Annotated allows the Planning Commission to adopt Subdivision Regulations to set standards for division of land and improvements to such divisions. Part of the Subdivision Regulations addresses private roads and common driveway easements of access. TCA 13-3-411 requires that any regulations adopted by the Planning Commission for such private roads and easements of access must be approved by the County Commission by a 2/3 vote. (see copy of TCA 13-3-411 at end of this memo and note section (3)(A).)

Planning staff requests consideration for approval of the following provisions in our newly adopted Subdivision Regulations addressing private roads and common driveway easements of access. References are to sections in the newly adopted Subdivision Regulations, a full copy of which is available on the Planning Department web page at www.blounttn.org/planning.

(from definitions section)

Private Road: A privately maintained road constructed on a recorded permanent easement (minimum 50' wide) and built according to the standards set forth in these regulations based on the size and number of lots (less than four-lots exclusively

physical construction of the drive is not required for the lot served by the easement, beyond assuring that an actual drive can be constructed within the easement.

4.03.2 Minor Subdivision: Any subdivision containing not more than four (4) lots fronting on an existing street, not involving any new street or road, or the extension of local government facilities, or the creation of any public improvements, and not adversely affecting the remainder of the property or adjoining property. Flag-lots with appropriate “fee-simple” flagstems to the existing county road (minimum of 25’ feet in width, must be capable of constructing a driveway within) may be considered in a minor-division. The use of a common driveway easement to serve lots off of the roadway is not a minor-division no matter if there are less than 4 lots.

4.03.3 One-Lot Subdivision: This is a Two-lot plat, not two lots with a remainder:

(a) A One-Lot subdivision plat is the subdivision of a larger tract, parcel, or lot into two lots, in which only one additional lot is created. Both lots shall be platted for a One-lot subdivision when both lots are individually less than five acres in size. One-lot subdivisions where one of the lots is served by a common driveway easement is not considered a major plat and the physical construction of the drive is not required for the lot served by the easement, beyond assuring that an actual drive can be constructed within the easement.

(part of steps in plat approval process)

4.04.3 (m) **Step 13**. The Property Owner’s Association (POA) documentation for all drainage facilities, common areas, private roads, common driveways and other improvements located outside of the public right-of-way(s) shall be submitted prior to final plat submission to be reviewed and approved by staff. An executed original (signed by owner and notarized) shall be prepared to be recorded with the final plat in the Register of Deeds Office along with the final plat. A copy of the original shall be supplied to the Planning Office.

4.04.3 (n) **Step 14**. The developer shall submit the approved final plat to the Blount County Register of Deeds for recording in the official plat file. A plat cannot legally be recorded unless it has been approved by the Planning Commission. Also, lots cannot legally be sold using an approved plat unless said plat is recorded in the office of the Blount County Register of Deeds, along with any necessary POA documentation (as required herein). Any final plats that have a common driveway(s) easement serving two or more lots shall have a Maintenance Agreement to be registered along with the final plat.

4.04.4 (e) **Step E**. The developer shall submit the approved final plat to the Blount County Register of Deeds for recording in the official plat file. A plat

apply for Private roads whether paved or gravel surfaced. Common Driveways shall have Turning Radii of 40' on either side.

(provision for turning radius design)

6.02.3 j) Turing radii for all local public roads shall be a minimum of 50' on either side of the road at the Entrance to the subdivision; the same shall apply for Private roads whether paved or gravel surfaced. Common Driveways shall have Turning Radii of 40' on either side.

(general design requirements for private roads and common driveway easements)

6.02.5 Private Streets and Reserve Strips: Private streets may be platted in a subdivision in accordance with the provisions of this section. In general, the design and improvement standards set forth within these Subdivision Regulations shall apply to both public and private streets, except as specifically modified below.

a) Developments using private streets for access are classified into various types, and the streets within these developments will vary based upon the size and density of the projects:

- 1) Type 1 - Common Driveway Development: A Type 1 development consists of no more than four lots served exclusively by the common driveway easement. The lot sizes are restricted only by the minimum area standards established by the Subdivision Regulations and the Health Department. Access may be provided by a private easement or right-of-way twenty-five feet in width. Access shall be for vehicles as well as utilities to be contained within this easement. Drainage improvements shall be required, as necessary, and the driveway itself shall consist of compacted gravel 4" deep of rolled "pug-mix" gravel, at least ten (10) feet in width, upon a prepared subgrade with a crown. Compacted shoulders three (3) feet wide on both sides shall be slightly lower than the road surface. These shoulders shall be sown in grass and covered in straw to facilitate germination and to stabilize the shoulders. Ditches on both sides (outside the shoulders) shall run the length of the common driveway (when applicable) and rip-rap or other energy dissipaters may be required. Turnouts may be required by the Planning Commission depending upon the length and alignment of the drive. A T- or Y - turnaround shall be contained within the easement at the end of the common drive. The common driveway shall be constructed to the last (furthest) lot to be served. All common driveways entrances located on collector streets or greater shall be paved from the edge of the existing pavement to the edge of the right-of way to promote safety and keep loose gravel off of the county road. The paved entrance shall contain 50 foot turning radiuses and the paved surface shall be on a prepared gravel surface and built to the same specifications as a county road. Common driveways serving more

area be preserved as open space. The restriction governing the open space shall be appropriate for each specific development and must be approved by the planning commission and referenced on the plat. A preliminary plat containing all information for preliminary plat submittal is required (See Section 5). A Property Owner's Association (POA) must be established to insure continuing maintenance of the road(s), drainage and other improvements. The POA documentation must accompany the final plat and be recorded in the Register of Deeds Office along with the final plat and referenced in the deeds for separate lots. The minimum road standards are the same for Type 2 (Low Density) developments. All road standards and maximum road grades and POA requirements are the same as above for Type 2 developments.

- 4) **Type 4 – Standard Density Private Development:** A Type 4 development is comparable to a conventional subdivision in terms of minimum lot size, layout, road improvements and approval process except that the developer chooses for the roads to be private. A preliminary plat containing all information for preliminary plat submittal is required (See Section 5). A Property Owner's Association (POA) must be established to insure continuing maintenance of the road(s), drainage and other improvements. The POA documentation must accompany the final plat and be recorded in the Register of Deeds Office along with the final plat and referenced in the deeds for separate lots.

(requirement for street naming)

6.02.6 (a) ***Street Names:*** All streets, whether public or private, shall be named. Proposed streets that are obviously in alignment with; and a continuation of others already existing and named streets shall bear the names of existing streets. In no case shall the name for a proposed street duplicate existing street names, irrespective of the use of the suffix street, avenue, boulevard, road, pike, drive, way, place, court, or other derivatives. The developer shall coordinate with E-911 in naming streets for proposed developments, E-911 shall be responsible for addressing all new lots.

(inclusion in design requirements for length of road)

6.03.1 (a) There shall be no maximum allowable length of a road with a cul-de-sac at the end when the length of the road is affected by physical limitations of the land or parcel. Whenever possible, roads shall be looped back into themselves. In addition, the planning commission may require additional roads to be designed for multiple access into or out of a new subdivision, these may include alternate roads, one-way streets, and/or emergency exits. The planning commission, at its discretion, may require turn-outs (T - turns, half-circles, or hammer heads) as it deems necessary

Roads within and leading to this subdivision are designated as private roads. Private road maintenance is the joint responsibility of property owners within the subdivision, and such maintenance responsibility shall be designated as part of separately registered documents specifying organization, responsibilities, and enforcement of maintenance by property owners involved. Such status of the private roads and private maintenance responsibility shall also be noted in each deed of property affected. Blount County does not accept the private roads as public ways, and assumes no maintenance responsibility for the private roads.

Blount County Animal Shelter Plan

A Blount County Shelter Plan Jon Grubb and CUBBC

Executive Summary: Building a community animal center is no different than building a community health center or a community justice center. These are very specialized buildings, are somewhat more expensive than other less specialized buildings, and require the input and support of the community. Because of their complexity and the extent of community involvement, the planning of an acceptable and permanent community animal center will take investigation, discussion, debate, and time. During this time, an interim animal shelter must first be implemented until the permanent animal center can be occupied.

The following plan is based on conversations with and presentations by several nationally recognized animal shelter architects and planners including the group that planned, designed, and oversaw the construction of the Knoxville Young Williams Animal Center.

Some Realities: Before analysis begins, the architects and planners all agreed that there are some caveats:

- Planning a permanent community animal center takes an average of 2 years – minimalist shelters can take less time, showplace shelters can take longer.
- Gathering funding for that community animal center takes about ½ the planning time but can take less if some of the time overlaps with the planning.
- Actually building the animal center takes the shortest time of these three tasks.
- Blount County will first need a temporary animal sheltering plan during the interim between the near term termination of current sheltering contract funding and eventual occupancy of any permanent animal center.

- Because animal centers are such specialized facilities, they are expensive. Depending on the approved design and when implementation actually starts, temporary shelters can cost \$70 to \$100 per sq. ft. and permanent shelters can cost from \$150 to \$250 per square foot. Due to rising costs, the sooner any implementation starts, the less the facility costs. The temporary shelter can cost much less if it uses a pre-fabricated technique, used materials, and/or county resources.
- Rehabilitating an existing building into a permanent animal sheltering facility can cost as much or more than building a brand new animal facility from scratch because of the need to retrofit for specialization. Minor rehabilitation of an existing building may work as a temporary sheltering solution but, unfortunately, retrofitting a building for a temporary animal shelter may render it unusable for anything else.

NOTE: The first order of business is to plan, implement, and occupy the temporary shelter. This buys the county time to properly plan, implement, and occupy its permanent community animal center.

Proposed Properties: Mr. Dave Bennett has recommended county properties that could be used for both the temporary shelter as well as the permanent shelter.

- 9 acres beside K-Mart and below the Children's Home. This property is well located. Depending upon where on the property any sheltering facility is located, the site may need extra site preparation due to a collection pond on the property. A Blount County Animal Center here could be easily seen from several busy roads and shopping centers. If this site is chosen, the collection pond could be later made into a fountain with native marsh plantings as was done in Knoxville. The entire area could be later enclosed for use as a Dog Park where pets accompanied by their caregivers are always welcome and safe to run and play. It might also be possible to allow children from the Children's Home to be official "Animal Stewards" at the shelter providing much needed human contact for the animals as well as gentle responsibilities for the children. (It's also possible that the Children's Home may NOT want the shelter near them for reasons known only to them.)
- 15 acres near Boys & Girls Club in the Eagleton area. This property sites well but is not a very good location for a permanent animal shelter. It is not easy to find and is in a residential area. If this site is chosen, routes to the shelter would have to be very well marked because visibility would be minimal. This area could also be enclosed to make a Dog Park. The park would also have to be very well advertised. There might be noise issues with a shelter in a residential area.

There are other possibilities for properties that are not directly controlled by the county. These include properties controlled by Parks and Recreation and by the Industrial Board. *If the sites above are deemed unsuitable or cannot be prepared for the animal shelter needs, it is recommended that the County Commission pursue these other possibilities.*

Investigating temporary sheltering: There are several methods of temporary sheltering that Blount County might consider while planning, funding, and building a permanent animal center. Here listed in no particular order:

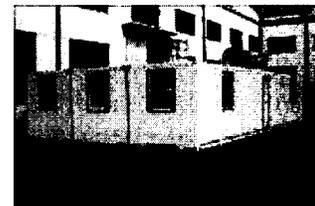

1. Extend funding and continue the relationship with the Maryville animal shelter.
2. Bolt together enough used shipping containers (the kind you see on container ships) to create the minimum floor space for a shelter. There is a national drive to utilize discarded shipping containers.
3. Acquire several used double-wide mobile homes to use as kennel areas and a single-wide trailer for offices. The county would still have to renovate them for use as an animal shelter but at the end of the temporary period, they could be destroyed and hauled away.
4. Build a metal building that can be converted into a useful county facility at the end of its temporary animal shelter life. This was done in Knoxville.
5. Lease modular buildings already equipped as an animal shelter for 3 years and return the buildings at the end of the lease period. CUBBC was given examples of where this was done.
6. Rehabilitate an underutilized county building to be the temporary animal shelter and raze it at the end of the temporary sheltering period.
7. Use a combination of two or more of these implementations.

1. **Extending** the funding of the current Maryville Shelter relationship may be the simplest approach to the need for temporary animal sheltering but may not necessarily be the best approach. After all, the reason Blount County is building an animal center is because of the extreme dissatisfaction with the current Maryville shelter. The sheltering relationship between Maryville and Blount County can only get worse.

PROS: It's already in place and working.

CONS: It's expensive and doesn't work well.

2. **Shipping containers** are large (7x7x40), strong, and last nearly forever. The container shipping industry has thousands that they are trying to get rid of for various reasons. These could be had cheaply but there would be much expense to transform them into a workable shelter. At the end of the temporary sheltering period, you are left with some unusable shipping containers. Using these would be a challenge on all fronts.

PROS: Cheap and durable.

CONS: Ugly, difficult to customize, difficult to dispose of, equipment migration issues.

3. There are many used **trailers** in East Tennessee that could be acquired for little or no capital cost. There would be considerable expense to retrofit these shells to be functional animal shelters. Once outfitted and functional, they would serve until the permanent shelter was occupied. Then they would be destroyed and disposed of. Clayton Homes has

NOTICE: The information above is for discussion ONLY and in no way constitutes a proposal or contractual obligations on any party involved.

CUBBC DRAFT

To be used ONLY for the purpose of discussions

indicated an interest in providing units for this purpose. A shelter architect is recommended to help select the trailer units to be used for the temporary shelter.

PROS: Cheap, better looking than shipping containers.

CONS: Hi maintenance requirements, equipment migration issues.

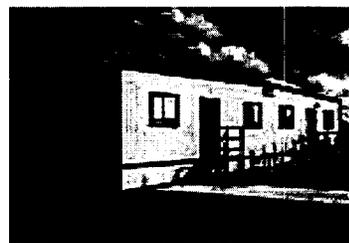

4. **Constructing** a metal building on county property that can eventually be converted into a county garage or storage facility is what Knoxville-Knox County did. It is relatively inexpensive and can continue to serve the county after its life as a temporary shelter. This would require land that has good county service access. A shelter architect is recommended to work with the county to determine a convertible design that would work well as both the shelter and the county building. Floor-plan dimensions are somewhat variable. The building can be built with some county labor and materials to mitigate some costs.

PROS: Durable, can have life after use as a shelter, requires capital outlay.

CONS: Time to build and occupy, equipment migration issues.

5. **Leasing** a modular shelter is what communities smaller than Knox County have done. When the new permanent animal center is occupied and the lease is up, the shelter is simply returned to the vendor. This can be done on nearly any land. The leasing company trucks in the modules and sets them up. At the end of the lease, the company knocks them down and trucks them off. A shelter architect is recommended to determine the number and types of kennels and how to size the rooms to best accommodate them. Some dimensions are fixed because of module size.

PROS: Short time to occupancy, little capital outlay,

CONS: Requires a known lease period, requires cash flow funding, equipment migration issues.

6. **Rehabilitating** an existing county building is risky because residual contamination renders it unsuitable for anything else. Any new animal shelter construction is designed and built specifically to mitigate this contamination. Non-specialized buildings are not equipped to deal with that contamination without considerable expense. Retrofitting specialized facilities are always more expensive than building that specialized facility from scratch because of the added cost of retrofit demolition. Thus, this temporary animal sheltering method is NOT recommended by CUBBC unless the building was scheduled for demolition anyway.

PROS: Building already exists.

CONS: Extensive retrofitting costs, unusable after being a shelter, equipment migration issues.

7. **Combinations** of various concepts could be utilized to achieve exactly what is desired

for the temporary shelter. A concept favored by CUBBC is that of building the kennel part of the temporary shelter as the first unit of the permanent shelter and using trailers or modular buildings as the temporary office space. As kenneling needs grow, the permanent space can be expanded as needed. When funding becomes available, a permanent office facility can replace the temporary office facility.

PROS: Can combine the best of individual solutions.

CONS: Requires rigorous planning to make it work well.

The commission and its support agencies will need to decide on a course of action for the temporary shelter.

NOTE: Any temporary animal sheltering method selected will have to work successfully for the time it takes to plan, fund, build, and occupy any permanent animal sheltering facility. The temporary animal shelter facility itself will have to be funded and implemented and animal control and sheltering operations will have to be funded and implemented during that time. This will most certainly require establishment of new county ordinances and changes to existing county ordinances. *CUBBC is NOT proficient in crafting new/changed county ordinances and defers to the legal counsel of Blount County.*

The Permanent Animal Shelter: Rough sizing of a permanent animal shelter for the county uses common and understood formulas based on the service area population. There are two major formulations, one based directly on population and the other based on the number of households within the service area. We used the population formulas because that demographic is readily obtainable.

Using the population method and a projected 2008 population of roughly 120,000 in Blount County, the method arrives at a rough projected square footage for a permanent animal shelter to support the *entire* county of **13,200 sq. ft.** The temporary shelter could be much smaller than this because it would not have the community amenities of the permanent shelter and would not be supporting the entire county at the start. The temporary shelter could be only 3000-6000 sq. ft. and function nicely as a minimal shelter for some time. The shelter could start small and expand as needed to save initial capital outlay. *The county will have to decide which sheltering plan the current and projected capital and operations funding can support and design the facility accordingly.*

A permanent shelter can cost \$150 to \$250 per sq. ft. when build entirely from scratch. This puts its rough cost to approximately **\$2M to \$3M total.** Clever construction methods and clever resource usage could lower that to **\$1M total.** Is this expensive? Probably not.

- If you are building the Blount County Animal Center to serve the community animal control and welfare needs for the next 30 to 50 years, the facility must be durable. Durable is initially more expensive than flimsy but much cheaper operationally. The temporary shelter will not durable because it is a *temporary* shelter.
- If Blount County is expected to grow during that service period, the permanent shelter must be expandable. Building expandability into the design is initially more expensive but averts even more expensive abandonment and reconstruction later.
- If Blount County wants this facility to be part of a presentation package for drawing sophisticated business and industries to the area, the permanent shelter must be a drawing card for the community like the schools and the library. Neither the temporary shelter nor a minimalist permanent shelter would be a draw for the community.
- If a basic tenet of animal control and welfare is the health, welfare, and pride of the people of Blount County, the permanent animal shelter must be functional to that end. Any *temporary* shelter will most likely not meet the "Pride" condition but be merely a minimally functioning animal shelter operation.

To expand the tax base of Blount County to provide more and better services to the community in a financially efficient way, Blount County must be able to attract new and expanding businesses and industries to the county. An exemplary animal center adds to that attraction.

CUBBC DRAFT

To be used ONLY for the purpose of discussions

Shelter Plan A: One nicely workable idea that has come out of CUBBC discussions is to build a permanent shelter kennel facility that would be accessible from both ends. The temporary office facility would be at one end while the permanent shelter office and community animal center facility is being built at the other. When the permanent animal center facility is completed and occupied, the temporary office facility would be removed allowing for future expansion of the kennel facility.

The kenneling facility might be built by Morton Buildings in Lenoir City. They have extensive experience building shelters, boarding kennels, and veterinarian facilities. The basic kennel building is proposed to be approximately 42' x 60+' which would hold 50-60 medium to large dogs in glassed rooms of 5-8 kennels each. The rooms allow the quarantine of small rooms in the event there is an animal that develops a contagious disease. That animal might infect the others in that room but would not contaminate the entire kennel facility which happens in single large room facilities. The glass allows the public (and staff) to view the animals without entering the room and contains any barking to only that room.

In this plan, the temporary offices would be modular units from Williams-Scotsman in Nashville. These offices would be in 2 12x60 modular buildings joined together to form a multi-room office space. As temporary shelter offices, they would be placed at the REAR of the kenneling facility while the permanent offices and community animal center is being built at the FRONT of the kenneling facility. When the permanent animal center is complete and occupied, the modular offices would be returned *in good condition* to Williams-Scotsman opening up kennel expansion space if needed. The Appendix B shows a sample floor-plan of this shelter plan.

Permanent kennel facility:

Morton building 42' x 60+'	\$280,000	Ready for kenneling
<i>Construction can start on prepared site 2-3 months ARO</i>		
<i>Occupancy should be about 1-2 months after construction starts.</i>		

Temporary modular offices:

Lease – 1400 sq. ft. – 36 months:	\$ 965/mo	\$34,740 total.
Deliver, setup, & skirt:	\$8300	1-2 weeks ARO
<i>Occupancy could occur as soon as utility hookup is complete.</i>		
Unskirt, knockdown, & remove:	\$5800	

(This section is relatively complete)

CUBBC DRAFT

To be used ONLY for the purpose of discussions

Shelter Plan B: Another popular plan is to have the *entire* temporary shelter in 5 12 x 60 modular units while a complete permanent animal center is being built at another site. This design can shelter 30 medium to large dogs, 20 small dogs, and 20 cats. The large dog facilities are divided into rooms of 5 kennels each for quarantine isolation in the event of a contagious outbreak. A sample floor-plan is in the Appendix A. An advantage of this plan is that when the permanent shelter is built, the modular unit provider simply takes the modules away releasing the land for other uses. A disadvantage of this plan is that the kenneling equipment may or may not be usable in the new permanent shelter. If quality equipment is used, utilizing this expensive equipment would require careful planning during construction of the new permanent shelter. It is possible to use prefabricated kennels from kennel or fencing companies and dispose of them (auction them off?) when the permanent shelter is occupied.

Temporary modular shelter:

Lease – 3600 sq. ft. – 36 months	\$2390/mo	\$86,040 total
Delivery, setup, & skirt:	\$22,000	3-4 weeks ARO
Kennel Flooring	\$ 2,000	Seals floors
30 Temporary Kennels:	\$10,000-\$30,000	
<i>Occupancy could occur as soon as the utilities are hooked up. Use as a shelter will occur after the floors are sealed and the kennels are installed.</i>		
Unskirt, knockdown, & removal:	\$16,000

CUBBC DRAFT

To be used ONLY for the purpose of discussions

Shelter Operations: To start, it is suggested that Blount County form a permanent Blount County Animal Welfare Board, a quasi-government body chartered by the county commission to govern animal control and sheltering in Blount County. This board would be created to be similar to the county Cable TV board or the Industrial Board. This board could be comprised of one or more members of the commission, one or more members of the veterinary and/or animal rescue community, one or more large donors, one or more members of Blount County at large, all determined by the board charter at formation. Board members can be commissioners, appointed by the commission via application to the commission to serve, or even elected to the board by the community during local elections. It is this board along with the planners, architects, and contractors that will oversee the design, construction of any county animal welfare facility. At occupancy, the board would then oversee its operations.

The advantage of the board configuration is that it relieves the county of managing the shelter. The board reports periodically to the commission and submits budgets and funding requests to the commission as though it were a county department. On the other side, the board creates the operating structure of the shelter, hires the shelter director, and oversees the shelter operations. This director then maintains shelter staff and day-to-day operations of the shelter. The director reports directly to the board.

To get this action started, CUBBC would like the honor of submitting a list of 20-30 names to the commission from which the commission may choose for members of the first Animal Welfare Board. This is to help the commission quickly populate the board with qualified members.

This is only suggested governance. CUBBC is NOT proficient in addressing these issues and defers to the legal counsel of Blount County.

(This section is not complete. Research ongoing)

NOTICE: The information above is for discussion ONLY and in no way constitutes a proposal or contractual obligations on any party involved.

CUBBC DRAFT

To be used ONLY for the purpose of discussions

Getting There: Resolving compromises between what the county needs in its shelter, what the county desires in its shelter, and fundable costs of these needs and desires, will be the most time and political resource intensive endeavor prior to occupancy. It is suggested that the county temporarily add to the animal welfare board one or more architect representatives and one or more contractor representatives during this period. This will allow immediate technical feedback during these important discussions. It would not be necessary for them to be on the board for shelter oversight after occupancy.

Building an animal shelter that meets all the requirements of Blount County will be expensive to some degree. The planners must constantly remind themselves that the cost today is the cheapest that it is ever going to be, that value engineering pays for itself in lower maintenance and operations costs over the life of any shelter, and that if done well, can be an attractive source of revenue from other communities in and around Blount County. Revenue from subscriptions by other communities can offset a portion of the operating costs of a shelter. But if that possibility is expected, increasing the sizing for increased influx is an issue to be determined. This will be only one of myriads of issues that must be determined prior to construction of even the simplest of temporary shelters.

To begin this process, the county must debate and decide on a temporary sheltering approach. This decision will determine what all subsequent steps are which will ultimately determine how Blount County does animal control and welfare.

Appendix A Sample Modular Temporary Shelter Floor-plan Using 5 12x60 modular units

Using kennels similar to those in the Appendix C, this modular temporary shelter will hold a total of 30 large dogs, the small dogs and puppy room will hold 20 small dogs, and the cat room will hold 20 cats. This is a maximum of 50 dogs and 20 cats. The intake and sick/isolation rooms can hold 2-4 large dogs, 4-8 small dogs, and 4-8 cats and be used for sheltering if necessary. Adding modules to the bottom can expand the temporary shelter as needed.

ACCORDING TO TENNESSEE CODE ANNOTATED 54-10-103 et.seq.**

WHEREAS, the Board of County Commissioners of Blount County, Tennessee, is required to classify the public roads of Blount County, Tennessee, and to provide for a record of said classification of public roads of Blount county, Tennessee, in the office of the County Clerk for Blount County, Tennessee, in accordance with 54-10-103 et. seq. of Tennessee code Annotated.

WHEREAS, at the October, 1975, meeting of the Blount County Legislative Body, an Official List of County Roads was adopted and has periodically been amended since that time to reflect changes occasioned by the addition and deletion of certain roads on the List by action of the Blount County Legislative Body; and,

WHEREAS, the original List and its many amendments has become cumbersome and inconvenient to access for required information; and,

WHEREAS, a revised List of Official County Roads has been prepared incorporating all the amendments, additions, deletions, and other required changes occurring to date since October, 1975, and is being presented in the form of a report from an electronic data base file which can be easily accessed, copied, or distributed, and the information contained therein is made conveniently available for official, public, or private use.

NOW THEREFORE BE IT RESOLVED, by the Board of Commissioners of Blount County, Tennessee, in session assembled on this 17th day of August, 2006, that the List of Official County Roads included in the schedule attached to this resolution and entitled "**OFFICIAL COUNTY ROAD LIST FOR 2006**" shall henceforth constitute the exclusive list of official Blount County roads and that all of the roads identified and described in the said exhibit are hereby declared to be public roads and to be the roads eligible for proper maintenance by the Blount County Highway Department in accordance with their classification.

BE IT FURTHER RESOLVED that the Blount County Legislative Body shall, at regular intervals, be provided for adoption a revised list of official County roads incorporating all subsequent additions, deletions, and other changes to the list made during the performance of ordinary and proper procedures providing for such changes in the list, and that the County Clerk of Blount County, Tennessee, shall, in accordance with the appropriate section of Tennessee Code Annotated, maintain a record book in his office of the public roads of Blount County, Tennessee, and the aforementioned roads as presented in "**OFFICIAL COUNTY ROAD LIST FOR 2006**" as attached to this resolution shall be included in such record book; and

RE: Appeal regarding office space

Dear Ms. Pitts:

I have been contacted by the District Attorney's Office and the Sheriff's Office regarding the appeal which I have set on tonight's agenda. I have been informed that both the Sheriff and District Attorney General are compelled to be out of town and cannot attend tonight's meeting. They have asked me to request the Commission to defer hearing on this appeal until the next meeting on September 21, 2006. As you can see from the attached letter, both Sheriff Berrong and General Flynn have agreed to keep the status quo in place until this matter can be resolved either by agreement of all of the parties or by the Commission in the absence of an agreement.

Based upon these representations by the Sheriff's office and the District Attorney's General's Office, I hereby request that hearing on my appeal be deferred until September 21, 2006.

Sincerely,

Mack Garner

TELECOPY MEMORANDUM

TO: Rhonda Pitts
Office Administrator
Blount County Commission

TELECOPY: 273-5832

FROM: Norman H. Newton *NHN*

DATE: August 15, 2006

SUBJECT: Your August 9, 2006, letter requesting my opinion regarding the allocation of office space at the Blount County Justice Center (the "Justice Center")

Questions regarding the allocation of office space in county-owned buildings have previously been addressed by Ronald E. Fults, Chief Legal Consultant of The University of Tennessee County Technical Assistance Service, and me.

The following is contained in Mr. Fults' January 23, 2003, letter to Commissioner Keeble, to wit:

The county legislative body has the authority to assign office space within the courthouse. *Driver v. Thompson*, 49 Tenn. App. 646, 358 S. W. 2d 477 (1962); *Anderson County Quarterly Court v. Judges of the 28th Judicial Circuit*, 579 S. W. 2d 875 (Tenn. Ct. App. 1978). The sheriff has charge (custody) of the courthouse, unless some other person is specially appointed by the county legislative body for that purpose. T.C.A. § 5-7-108; *Driver, supra*. The sheriff does not have independent authority to allocate space as this power has been given by the Legislative to the county legislative body. Therefore, the scope of the sheriff's authority regarding the courthouse and the assignment of space therein is determined by resolution(s) of the county legislative body.

The following is contained in my April 14, 2003, letter to Commissioner Arwood, to wit:

1. Does the County Commission have the authority to allocate space within county buildings?

Answer: Yes. It is a function of the county legislative body to designate office space in county buildings for use by the elected officials of the county. See Tenn. Code Ann. §§ 5-5-121, 5-7-103 and 5-7-106; *Anderson County Quarterly*

Court v. Judges of The 28th Judicial Circuit, 579 S. W. 2d 875 (Tenn. App.1978); *Driver v. Thompson*, 358 S. W. 2d 477 (Tenn. App. 1962). This answer does not pertain to county-owned buildings which are by law under the control of other public bodies; e.g., Blount County Board of Education, Trustees of the Blount County Public Library.

2. Which buildings fall under the authority of the County Commission to allocate space, i.e., Courthouse, Justice Center, Health Department, Library, etc.? (According to Ron Fults's opinion (attached), the Commission has the authority to allocate space within the Courthouse. Therefore, does the Courthouse include the Justice Center, where the majority of the court systems currently reside?).

Answer: See answer to question no. 1 above. All county-owned buildings are under the jurisdiction of the county legislative body except those county-owned buildings which are by law under the control of other public bodies, e.g., Blount County Board of Education, Trustees of Blount County Public Library.

Accordingly, my conclusions are as follows:

1. The County Commission has the ultimate authority to allocate office space at the Justice Center.
2. Unless some other person is specially appointed by the County Commission, the Sheriff has charge (custody) of the Justice Center. The Sheriff as such custodian is an agent or administrator of the County Commission. *Driver, supra*.
3. Your August 9, 2006, letter says that there were concerns and uncertainties from some of the commissioners that, sometime in the past, the authority of the County Commission to allocate space at the Justice Center may have been delegated to the Sheriff. Assuming that was done, the Sheriff would be acting as the agent of the County Commission, which would retain the ultimate authority to assign office space at the Justice Center and could overrule, revise or modify any allocation of office space made by the Sheriff.

If any commissioners have additional questions about these matters or I can be of further assistance, please let me know.

This memorandum consists of two (2) pages. Please call (865) 982-5431 if you received an incomplete or faulty transmission.

Rhonda, from Ron Fults,
The answer is straightforward. The county commission may allocate the space. If this has in the past been delegated to the sheriff, then such delegation may be rescinded in the resolution which makes the allocation. The allocation of such space is within the authority of the county commission. *Anderson County Quarterly Court v. Judges of the 28th Judicial District*, 579 S.W. 2d 875 (Tenn. Ct. Blount County Commission
Intergovernmental Committee

RE: Public Defender office space

Dear Committee:

This is a request for your committee to review the decision made by Sheriff James L. Berrong on July 27, 2006, to assign rooms 256 and 257 in the Justice Center to the District Attorney's Office and to assign room 271 in the Justice Center to the Public Defenders Office. I believe that this committee is the committee to whom the management of the Justice Center has been properly assigned.

The Public Defenders Office has been using these two rooms since the erection of the Justice Center for the interviewing of clients, the sequestration of witnesses, and drafting and research of legal memos and orders. These offices have been used by the five attorneys in my office as well as the investigator and two clerical staff. As you can see from the letters attached to this appeal, the District Attorney contends to use these offices for a grant attorney and his assistant, both of whom are compensated by funds originating from Blount County or the State of Tennessee. As you can also see from the attached letters, the District Attorney already has the use of a room (currently being used for file storage) which could be used to house this attorney and his assistant should the District Attorney so decide.

The State of Tennessee is currently paying in excess of \$2,600 per month in rent to private agencies in rent for the Public Defenders office. The State is paying this large sum of money because there was not room in the Justice Center for offices for all the Public Defender staff. I am confident that the State of Tennessee would be willing to provide offices for some or all the District Attorney staff if the Justice Center is too small to house the increasing numbers of his employees.

I do not know at this point whether there are other rooms in the Justice Center which may be currently used for storage or other less than urgent purposes that might be used for supplying either the Attorney General or the Public Defender with office space. Before this committee or the full commission passes on this appeal, it might be proper for an investigation to be made as to whether any other alternative space might be made available for the Attorney General's Office.

My current request is that this committee overrule the order of the Sheriff requiring my office to vacate rooms 256 and 257 permanently or, in the alternative, to direct that the implementation of the Sheriff's order be delayed for sixty days to determine whether alternative office space might be made available for the District Attorney or the Public Defender.

Sincerely,

Dear Sheriff Berrong:

As you are aware, our office has grown considerably since we moved into the Justice Center. At the present time, we have three members of our staff who do not have office space. Two of these people are our DUI Coordinator and our DUI Prosecutor. In a recent site visit by our Grant Program Administrator, we were instructed that these people needed to be in offices with their computers installed before his next visit.

After a diligent search for vacant office space in this building, the only offices that I have found that are not used on a fulltime basis are the two offices on our floor, which are assigned to the Public Defender. While I am hesitant to even think about encroaching on another office holder's space, I do not want to lose this grant that we all worked so hard to obtain.

Therefore, I am requesting that you reassign the office space designated Rooms 256 and 257 to the District Attorney General's Office. Thank you for your consideration of this request.

Sincerely,

A handwritten signature in cursive script that reads "Mike".

Dear Sheriff Berrong:

I am writing this letter to protest District Attorney Flynn's attempt to requisition the two small offices presently being allowed by the County for the use of the Public Defenders Office.

The District Attorney's representations in his request are both incomplete and actually misleading. They are incomplete because the County has provided a large amount of free space to the District Attorney's Office and only two small offices to the Public Defender's Office. Because of this unequal treatment, the State of Tennessee is currently spending in excess of \$2,000 per month to provide additional office space for my office. Since the creation of the new Justice Center, the State has paid approximately \$200,000 in rent to Cate- Russell Insurance. It is my impression that the State is providing no space for the District Attorney's Office. I am certain it would be within the means of the State of Tennessee to provide extra office space to the District Attorney.

Second, Jimmy Long has showed me an office that he has suggested would be appropriate for the use of my office. It is currently being used for storage. General Flynn has expressed to me the contention that this storage room would be sufficient for the use of my entire office. I ventured to disagree with him, but I suggest that if that storage room were large enough to house several attorneys and potential witnesses then it should certainly be large enough for his three staff members.

The District Attorney's waiting area is as large as our small office. In addition, he has, by my estimation, nine offices as well as a Conference room and secretarial area.

The disparity in the space provided between the space provided by the County to the District Attorney's Office and to the Public Defenders Office is already shocking. For the rich to get richer and the poor to get poorer makes the situation even worse. If the District Attorney is serious about keeping his grant attorney, he can request assistance from the State of Tennessee. My office has successfully done so on more than one occasion. What the District Attorney proposes is both presumptuous and unreasonable. I strongly protest his request and ask that you deny it.

Sincerely,

Dear Mr. Garner:

This letter is in response to your letter dated June 12, 2006 in which you state your cause for being allowed to keep Rooms 256 and 257 in the Justice Center for use by your public defenders.

After observing the use of the rooms in question, rooms 256 and 257, and after much consideration, it is my belief that the Office of the District Attorney General would receive the greater benefit of the use of these rooms. The Office of the District Attorney General must abide by the rules set forth by their Grant Program Administrator, or be in danger of losing their grant. Therefore, effective August 15, I am reassigning rooms 256 and 257 to the Office of the District Attorney General.

Room 271, which is currently assigned to the Office of the District Attorney General, will be reassigned to the Office of the Public Defender.

It is not my intention with this decision to upset either party, but rather to utilize the existing office space in the Justice Center to the best interest of the community in which we serve.

Please make arrangements to have Rooms 256 and 257 cleaned out and ready for occupancy by the Office of the District Attorney General no later than August 15.

RE: Justice Center office space

Dear Ms. Harrington:

This is to confirm our agreement regarding the office space currently occupied by the Public Defenders Office in the Justice Center. As you know, a controversy has arisen regarding the Sheriff's reassigning of this space to the District Attorney's Office. My appeal from this ruling is currently set before the County Commission at its regular meeting at 7:00 p.m. on August 17, 2006.

It is my understanding that, speaking as agent for District Attorney Mike Flynn and Sheriff James Berrong, you have agreed to allow the Public Defenders Office to continue to occupy its present space in the Justice Center provided that I will agree to defer the hearing of my appeal before the commission regarding this space until the next regular meeting of the County Commission on September 21, 2006, and, from time to time thereafter, until this dispute is resolved.

While it continues to be my position that the Sheriff does not have the authority to make the reassignment of office space in the Justice Center which he has attempted to make, I have no objection to deferring the hearing on my appeal for any period that is convenient to the Sheriff or the District Attorney's Office provided that the status quo will be maintained until the dispute is resolved. While, as previously stated, I do not believe that the Sheriff has the legal authority to make any reassignment of offices, I do want to make sure that all parties agree that no further actions with a view to eviction of the Public Defenders Office from its current space in

the Justice Center will be taken before the next meeting of the County Commission.

Please confirm this agreement in writing as soon as possible.

Based on the understanding set out above, I am drafting a request to the county commission to defer action on my appeal until September 21, 2006.

Sincerely,

Mack Garner

Formal Facilities-Use Proposal

Eight-Way Win

Presented to the County Commission

By the

Blount County Building Codes Department

Blount County Environmental Health Department

Blount County Historical Museum

Blount County Historic Trust

Cades Cove Preservation Association

Little River Watershed Association

August 17, 2006

Eight-Way Win Executive Summary

The following proposal holds a many-way win for seven different Blount County Groups and overall, for the citizens of Blount County and for outside visitors as well. The seven groups listed on the title page will all benefit from this proposal in matters of space to expand in, public access, and in the ability to fulfill their missions even better than they do presently.

The proposal presents its purpose, general background information, and a simple needs assessment so that a greater understanding of the rationale for the proposal can be gained.

A proposal overview then needs to be studied so that it is clear what all departments and agencies have agreed to ask for. The overview needs to be read with the map (fig. 2) of the Health Department space in hand and an understanding of the Thompson-Brown House (see "History" in the appendix) and its present and proposed arrangements.

A section outlines the use of the Thompson-Brown House grounds by all seven groups.

A codicil requests a general agreement considering the use of any future "abandoned" space in the Health building and the Thompson-Brown House.

A brief account of those who would benefit, and how, are listed in alphabetical order.

Blount County Building Codes Department: will move from one cramped office in the Environmental Health section of the Health Building to an office suite of approximately 1300 square feet, including a filing room, and with additional shared reception room, shared training, conference, and meeting places and access to all shared "core" space.

Blount County Environmental Health Department: will regain the office space it has had to give up in order to accommodate the shared-space needs of the Building Codes Department. It will also gain shared training, conference, and meeting places and access to all "core" rooms shared by all agencies in the building.

Blount County Historical Museum: will acquire exhibit space, artifact conditioning space, artifact-storage space, and archival space needed to run a successful museum. It will also gain the shared meeting, training, and conference space and the other rooms in the shared "core" of the Health building.

Blount County Historic Trust: will be able to make the Thompson-Brown House once again available, per the original agreement with Keep Blount Beautiful, for many more hours each week, month, and year and will continue to maintain its office in the building in order to keep it open for approximately 42 hours per week, fifty weeks of the year.

Cades Cove Preservation Association: will move its museum operation from Alnwick to the Thompson-Brown House and will share responsibilities with the Trust to maintain a living history with volunteers in period costume and character in a house set up as closely as possible to the early 1800's era. It will maintain storage area at Alnwick since it has so many artifacts that they cannot presently be stored in the Thompson-Brown House.

Keep Blount Beautiful: will mutually with the LRWA gain some 528 square feet of office space that is warmer in winter, cooler in summer than the Thompson-Brown House and thus much less expensive for the county to heat and cool for the two agencies. KBB will also gain access to the meeting, conference, and training rooms and other core rooms in the Health Building. It will also keep its ability to maintain the pick-for-free orchard/berry patch that it planted with Leadership Blount's Class of 2005. Its close, interactive relationship with the Little River Watershed Association will continue because they will share the same suite of offices.

Little River Watershed Association: will gain the same 528 in mutual space of the office suite in the Health Department with its additional warmer-in-winter, cooler-in-summer space and will actually have a more stable arrangement for its space than it does at present. The interactive partnership it shares with KBB will continue in close proximity, and both KBB and LRWA will have the help of the Building Codes receptionist if they must be out of the office.

Purpose of Proposal

This document's purpose is to propose space-allocation solutions for two county-owned facilities: the Thompson-Brown House and the present Health Department/Environmental Health department/Building Codes Building. The proposal promotes some major changes for several organizations, including two county departments and five non-profits—all dedicated to improving and supporting Blount County.

Benefits to County

The proposal could positively affect every Blount County citizen in several ways. Improvements projected include increasing tourism, increasing the county's economy by offering a more desirable tourist site, improving public access to existing departmental services, and cultivating the historical, cultural, and positive environmental status of the county. It also expects to make Blount County Commissioners and other Blount County citizens more aware of some of the problems facing all of the interactive organizations. It includes general information, a needs assessment, and a multi-faceted, anticipatory, proactive proposal to address several compelling needs.

General Information

One county official, a big-picture visionary in the preparer's opinion, knew what space was available and saw great possible solutions for several space needs in the county. He approached the president of the Blount County Historic Trust and knowing of her past official affiliation with the county and her present affiliation with the Historic Trust and the Historical Museum, spoke to her about his far-seeing ideas. He requested that she approach the seven organizations that would be affected by the proposal and asked that common ground be found and consensus built among those who would be primarily affected. As it appeared those requirements were being met, she spoke to that official and four others—separately, not in a meeting out of the sunshine, and offered a verbal proposal for the use of the space. They all asked that a written proposal for the use of the two county buildings be prepared and presented to the commission. This proposal is the result.

Needs Assessment

The Blount County Commission voted late last fall to accept a proposed grant from Governor Bredesen and the Tennessee Department of Health to fund a larger county health care facility. The need for expansion grew exponentially as more Blount Countians found themselves no longer insured by Tenn-Care. The governor offered over a million dollars to fund a huge expansion of the Health Department, but the expansion needed to happen as quickly as possible.

The only suitable space for the proposed health-care expansion was the former Blount County library, which had recently been vacated by Maryville City after use as a temporary municipal building. As the space opened, several excited groups had been granted room in the building, but all agreed that the health care of Blount Countians took priority over their needs.

One of these groups, the Blount County Historical Museum, agreed to cut its intended six-month opening exhibit short by four months in order to facilitate the Health Department's expansion, which put the museum in need of space again. The Blount County Commission agreed to exchange space for space. The museum had been granted an initial 5,000 square feet with the offer of more space if need and available space matched in the library building. They happily accepted a proposed equal-or-better amount of space in the soon-to-be "old" Health Department building. The creation of a new history "corner" created by having the museum and the Thompson-Brown House side by side added a little zest to the offer.

In addition to the changes in the Health Department building, the Thompson-Brown House, a county-owned building next door which is overseen by the Blount County Historic Trust needs to fulfill its intended mission in better ways. Two environmental groups, Keep Blount Beautiful (KBB), a subsidiary of Keep America Beautiful, and Little River Watershed Association (LRWA) fulfill their worthy missions using the two large downstairs rooms of the Thompson-Brown log House as their main offices. Keeping the beautiful old house open to the public was one of the original intents of housing the organizations there after the Smoky Mountains Visitors Bureau and Convention Center moved from the building to its present location in Townsend. The contract with KBB calls for the House being open to the public for eight hours a day five days a week. However, the directors of each environmental agency must spend many, many hours in the field educating the public and testing the quality of the vast Little River Watershed and could seldom open the building to the public for viewing. The LRWA also had so much bulky, cumbersome equipment necessary for its water-quality testing,

river-wading, and various other projects that its office was often too unsightly for public viewing. It needed more and better office space.

Another strong need that was not yet being met by the county became evident as research and conferences continued on the best use of facilities. The logic of having the Building Codes Department adjacent to the Environmental Health Department has become recently evident, and so Building Codes has moved into the Environmental Health Department. However, Building Codes, which needs much more space to operate in an efficient, logical, and cost-effective way, now operates its entire department out of a tiny, crowded space that is part of and needed by the Environmental Health Department. The Blount County Building Codes Department (hereinafter "BCD"), responsible for issuing building permits for the County, has logically been housed with the Blount County Environmental Health Department (hereinafter "EHD"), responsible for issuing such permits as septic tank and septic fields. The BCD, however, operates at present with inadequate space for optimum efficiency, and an affirmative vote to this proposal will change that status.

Additionally, the Cades Cove Preservation Association, a non-profit organization dedicated to preserving the traditions, skills, stories, and memories of Pioneer Blount County generally and particularly of Cades Cove, an important pioneer mountain community which is now a part of the Great Smoky Mountains National Park, needs a better spot in which to display its impressive collection of memorabilia: photos, tools, farm implements, furnishings, dishware and other paraphernalia of yesteryear. It presently uses an out-of-the-way space in an old school (Alnwick) that does not lend itself to visits from either Blount Countians or tourists. They will continue to use the Alnwick site to house their impressive collection of artifacts. (See the attached proposal from CCPA.)

The Blount County Historic Trust (BCHT), by agreement with the county, oversees and maintains an office in the Thompson-Brown building and will be the least physically affected by the suggested changes in this proposal. It will move just a few feet to maintain its office in a corner not openly impacting or blocking public visitors and their enjoyment of the proposed living-history experience. It will be able, however, with the space gained in the Thompson-Brown House, to have a greater physical presence in the house so that it may be open more hours to the public, along with the four days a week proposed by the CCPA. Such opportunity to visit the house at hours convenient to them will increase the number of tourist and Blount County citizens' visits and raise interest in preserving a spot of beauty and practicality. For those to whom the

history of the Thompson-Brown House is unfamiliar, please read the background piece in the appendix.

Proposal Overview

Behind the Environmental Health Department, in a section whose windows look across to the Boys' Group Home, the present dental clinic of the Health Department occupies approximately 1,280 square feet. We propose that **Keep Blount Beautiful and Little River Watershed Association** share that contained space. They will also need an outdoor building such as the one that presently stands at the back of the parking lot between the health building and the group home for storage of their environmental equipment and educational supplies. They will place it beside the storage building already in place. The two agencies would also appreciate the county's removing a small counter in the room marked 123 (fig. ii) so that it could be used as a waiting/meeting room. At this time, no other alterations have been planned.

Building Codes, Keep Blount Beautiful, and Little River Watershed Association would also share the services of a receptionist in the office marked 122 in figure ii. A secure emergency-exit doorway from the museum would be placed in the corridor marked 163, parallel to entry door 24, aligned with the exterior wall of the room marked "waiting" 112.

Building Codes would then occupy all of the space directly behind Environmental Health (rooms marked 112, 113, 114, 115, 116, 118, 120, 121, and the hallway 119. Beside 109, a small office has been created from a storage closet. That would become Building Codes' secure filing room as its walls can be lined with fire-proof file cabinets. **Building Codes** would require the removal of a non-load-bearing wall between the rooms marked 121 and 120.

The rooms presently marked 111 and 110 would become joint space to be used by all building occupants for a training/presentation/conference room on a mutually-agreed-upon schedule. **Building Codes** already has a suitable projector and a pull or drop-down screen could be added to improve effectiveness of training and presentations.

Environmental Health will recover for its own use the office space presently occupied by Building Codes. They will also have access to the training room whenever needed. Environmental Health's file-storage rooms (which files, for security of records, should probably have digitized copies made and stored

elsewhere) will remain as secure as can be, given the circumstances, and will no longer have to be shared with Building Codes.

Public restrooms 103, 104, and 105 will be for anyone visiting in museum visiting hours. Store room 106 and room 107 (a small galley kitchen) will be shared, as will restrooms 108 and 109, for use by staff and employees of all occupying agencies.

The Blount County Historical Museum requests, at this time, more than the suggested 5,000-square-foot space originally discussed. Because the museum board has been informed by museum experts that for every square foot of exhibit space there should be two square feet of storage, reconditioning, and/or archive space allotted, the museum is requesting the balance of the space to be vacated by the health department. The space requested is approximately 1700 square feet above the original suggested 5,000 square feet. Occupancy will help the museum board determine which portion of the space will be used for exhibit rooms and spaces, so a plan for alterations to the space is not yet in place.

For the **Thompson-Brown House**, if vacated by Keep Blount Beautiful and Little River Watershed Association, **Cades Cove Preservation Association (CCPA)** will bring in their artifacts, documents, photographs, and authentically-clad members of the association and will set up the lower two main rooms and part of the dogtrot as a home of the first half of the 19th century. They will set up old farm equipment and the implements used to survive in the early 1800's on the perimeter of the grounds. They will give visitors a living-history experience, with themselves in character and in authentic costume. Blount County Historic Trust members will also supply time in costume and in character so that the Thompson-Brown House can be open to the public approximately 40 hours a week. There are times at present when the house stays closed to the public for weeks at a time, and this solution will fix that problem.

The Thompson-Brown House should be open to the public for many more hours each week. As a result of this proposal, for educational and historic preservation purposes, an experiential learning event will be available for forty or more hours for fifty or fifty-one weeks of the year. Individual visitors and whole classes of Blount County children will be able to chew on a delicious slice of living history.

- Volunteers in the clothing of the early 1800's will show and tell them about life as it was back then.

- Kitchen and herb gardens will let visitors see what was grown and volunteer demonstrators will show them how clothing and bedding were produced and how food was prepared. Until such time as the fireplaces are rebuilt and approved for the purpose by the Fire Marshall, no food will be cooked in the fireplaces.
- The volunteers, various furnishings, implements, and other artifacts will give visitors an unparalleled feel for and, hopefully, an appreciation of what their ancestors lived through in order to assure their own and their descendants' survival.

Restrooms

It is hoped that grant monies will become available for replacement of the present, inoperable public restrooms at the Thompson-Brown House.

Because of its abysmal condition and pre-ADA standards, two notable historic preservationists and one historic-preservation-specializing architect contacted all strongly advise razing the present public restrooms and rebuilding an ADA-standard-reaching building (in the v-notched, Moravian-inspired building style of the Thompson-Brown House).

So many creepy creatures have been lunching on the logs and so varied a group of trees and mosses have used the roof for a plant nursery that the structure and aesthetic value have been adversely affected. The roof leaks a small pond or two in heavy rains since the pipes all froze and burst the first winter after the visitor's center moved.

The restrooms are, at present, a storage area only and unavailable to the public. The public drinking fountain has been unavailable since the early 1990's as well—a true inconvenience for those stopping to visit the house. It can be restored for use with the help of the county's good plumbing experts. Attaching a spigot for a hose at that time would be an ideal use of their expertise as well.

It is possible that we could have an old fashioned barn...er...privy-raising event, but it is also possible that we will be asking for some county expertise, supplies, and labor to create a public-access restroom. The Fire Marshall says that the small restroom in the house itself is for staff and not suitable for the public—especially anyone over 5' 10" tall. If the simple building requires

an architect's design, it will have to become a county project overseen by the Public Building Authority.

A Department of Transportation grant for which the BCHT has applied, if received, may supply the funds for the building of the restrooms. If a restroom becomes available by whatever means, then the transportation oasis it provides will be available to the public even if the house itself is closed. Visitors can enjoy the gardens, implements, and grounds, use the facilities, even picnic if they wish and enjoy the building and grounds at any time. Whether or not the grant is received, the restroom situation should be addressed. Until the restroom facility is fixed, the museum restrooms will be available in hours that the museum is opened. Although not an ideal use of either the museum or the Thompson-Brown experience, such cooperation may be necessary. Care will be taken to make certain the hours that both the museum and the Thompson-Brown House are open are the same.

Use of Thompson-Brown House Grounds

All involved agencies and organizations will have access to the Thompson-Brown House grounds for events, educational and/or celebratory, held jointly or singly. Implements kept outdoors by the CCPA will be arranged with the safety of visitors as the first consideration. The Leadership Blount/Keep Blount Beautiful legacy project that created a pick-for-free orchard of berries and fruits on the Maryville College grounds beside the house and the Health Department building will also enhance visitors' experience, in season. The nature trail and the Old Tuckaleechee Pike Bridge on the Maryville College grounds are also inviting extensions of the visitor experience.

Codicil

Should any of agencies or organizations affected by this proposal decide that they no longer need the space they have been allocated, all other occupants of the building request that they be consulted concerning their space needs before any outside agencies be offered space in the building.

AGREEMENT

This agreement is made and entered into by and between BLOUNT COUNTY, a political subdivision of the State of Tennessee, (hereinafter "County"); BLOUNT COUNTY HISTORIC TRUST, a Tennessee not-for-profit corporation doing business in Blount County, in the State of Tennessee, (hereinafter "Trust"); and CADES COVE PRESERVATION ASSOCIATION, INC., a Tennessee not-for-profit corporation doing business in Blount County, in the State of Tennessee, (hereinafter "CCPA").

WITNESSETH:

Highway 321) and at the eastern edge of a road to the Blount County health department, thence (1) with said right of way line, N. 85-47-00 E. 179.81 feet to an iron pin, said iron pin being 20 feet from the common corner of Blount County and Maryville College; thence (2) a divisional line between these premises and the remaining property of Blount County, S. 04-13-00 E. 172.63 feet to an iron pin at the edge of a parking lot; thence (3) a divisional line between these premises and the remaining property of Blount County and with the northern edge of said parking lot, S. 83-59-14 W 177.01 feet to an iron pin at the eastern edge of the road to the Blount County Health Department; thence, (4) a divisional line between these premises and the remaining property of Blount County and the eastern edge of said road N. 05-08-42 W. 178.20 feet to the beginning, containing 0.718 acres, and being according to a survey of the Blount County Engineering Department dated October 26, 1979; and

WHEREAS, by Resolution adopted October 18, 1976, County's Quarterly Court authorized and directed the County Judge, now the County Executive, "... to enter into a contract with a non-profit corporate entity organized to oversee the restoration and maintenance of said Thompson-Brown Log House and charging such corporation with responsibility for such restoration for its future use and maintenance..."; and

WHEREAS, Trust is a Tennessee not-for-profit corporation, which was organized to discover, procure, preserve, improve, and maintain structures, sites, artifacts, and records which are architecturally, historically, or culturally significant in Blount County, Tennessee; and

WHEREAS, Trust has heretofore by written agreement undertaken responsibility for the preservation, restoration, use, and maintenance of House and House's grounds and by entering into this agreement, will continue to undertake such responsibility; and

WHEREAS, by motion passed August 17, 2006, County's Board of Commissioners authorized and approved CCPA co-locating to House for the purpose of establishing a Living History Museum; and

WHEREAS, CCPA has agreed to act as Trust's designated representative to allow Trust to keep House open to the public from 10:00 a.m. to 5:00 p.m. Monday through Saturday of each week.

NOW THEREFORE, for and in consideration of the premises and the mutual benefits to the respective parties, the parties hereby contract, covenant, and agree as follows:

- 1. Trust shall have the right and license to enter upon, use, supervise and control the aforescribed premises for the purposes of preservation, restoration, public use, and maintenance of the House and House's surrounding grounds; however, County shall retain fee simple ownership of the premises and all improvements thereon.**
- 2. Trust shall have responsibility for the preservation, restoration, use, and maintenance of House and premises. Specifically, Trust shall plan the restoration, shall execute and let contracts for the restoration, and shall disburse funds for the restoration and maintenance, provided the disbursement of funds shall at all times comply with the provisions of any grants.**
- 3. County, as owner of the premises, will fully cooperate in the preservation, restoration, use, and maintenance of the House and shall join in the application for any grants.**
- 4. Trust shall provide a Trust member or designated representative to be present when the House is open to the public.**
- 5. CCPA shall have the right and license to use one room of House, i.e., the room located on the first floor farthest from U.S. Highway 321, for its use as a Living History Museum. CCPA and Trust shall share the room on occasion for meeting purposes.**
- 6. CCPA's open hours shall be four days a week, from 10:00 to 5:00, subject to the CCPA's Schedule for fifty weeks each year. During such time as CCPA is maintaining its regular hours, CCPA shall be Trust's designated representative to be present and responsible for House's being open to the public.**
- 7. Trust's open hours shall be two days a week, from 10:00 to 5:00, subject to the Trust's Schedule.**
- 8. County shall pay all utilities for House and shall make its maintenance staff available to the Trust for the maintenance of the House.**

9. Trust and CCPA shall have the common use with the County of the road from East Lamar Alexander Parkway (U.S. Highway 321) to the Blount County Environmental Health Department and also the parking lot adjacent to the premises, so long as their use of the parking lot does not interfere with the use thereof by the Blount County Environmental Health Department, Blount County Historical Museum, Or Blount County Building Codes Department.
10. Trust and CCPA, jointly and severally, shall indemnify and hold harmless County from any and all claims and demands, for injury to person, loss of life or damage to property, including attorney fees, arising from Trust's and CCPA use of House and its surrounding premises.
11. This Agreement may be amended and modified at any time by the parties in writing.
12. County may terminate this agreement at any time upon giving Trust and CCPA sixty (60) days written notice of its intention to withdraw. CCPA's withdrawal from this Agreement shall not affect Trust's rights and participation hereunder. Trust's withdrawal from this Agreement shall not affect CCPA's rights and participation hereunder; however, in such event, CCPA shall cease acting as Trust's representative.
13. No party shall assign its rights under this Agreement without the written consent of the other parties.
14. The term of this agreement shall be from August 17, 2006, through and including August 17, 2007. Thereafter, this Agreement shall renew itself from year to year automatically subject, however, to termination under section 11 hereof.

IN WITNESS WHEREOF, the parties have executed triplicate counterparts of this agreement, each of which shall be deemed an original, as of the 17th day of August, 2006.

BLOUNT COUNTY

Robert Ramsey, D.D.S., County Mayor

AGREEMENT

This agreement is made and entered into by and between BLOUNT COUNTY, a political subdivision of the State of Tennessee, (hereinafter "County"); BLOUNT COUNTY HISTORIC TRUST, a Tennessee not-for-profit corporation doing business in Blount County, in the State of Tennessee, (hereinafter "Trust"); BLOUNT COUNTY HISTORICAL MUSEUM (hereinafter the "BCHM"), a Tennessee not-for-profit corporation doing business in Blount County in the State of Tennessee, BLOUNT COUNTY ENVIRONMENTAL HEALTH DEPARTMENT (hereinafter "EHD"), a departmental subdivision of County, BLOUNT COUNTY BUILDING CODES DEPARTMENT (hereinafter "BCD"), a departmental subdivision of County, KEEP BLOUNT BEAUTIFUL, INC. (hereinafter "KBB") and LITTLE RIVER WATERSHED ASSOCIATION, INC. (hereinafter "LRWA"), a Tennessee not-for-profit corporation doing business in Blount County, in the State of Tennessee.

WITNESSETH:

WHEREAS, County owns certain real property upon which is located a County building known as the Blount County Health Department and the Blount County Environmental Health Department with space shared by the Blount County Building Codes Department which is situate in District Nine (9) of Blount County within the corporate limits of the City of Maryville; and

WHEREAS, the Blount County Health Department will vacate its current building in January, 2007, thus freeing some 11,900 square feet of space; and

WHEREAS, the Blount County Building Codes Department (hereinafter "BCD") has been moved to operate in close proximity with the Blount County Environmental Health Department (hereinafter "EHD") and has a need for more space than has presently been assigned and will gain, via this agreement, some 1300 square feet of operating space as well as shared conference, training, and meeting space; and

WHEREAS, the EHD will re-gain the space it has presently given up in order to assign space to the BCD and will gain shared conference, training, and meeting space; and

WHEREAS, the BCHM has been pledged adequate space to operate a historical museum for the citizens of Blount County for exhibits, maintenance and conditioning of artifacts, artifact-storage, and archival space and will gain approximately 6700 square feet of such space; and

WHEREAS, KBB and LRWA are willing to move together from the Thompson-Brown House (hereinafter "House") to the vacated dental-clinic area of the health department building and will gain approximately 528 square feet over their present combined 722 square feet for a total of 1250 square feet of the available space as well as shared conference, training, and meeting space; and

WHEREAS, all described departments and organizations will have access to the approximately 2,650 square feet of shared space; and

WHEREAS, KBB and LRWA will continue to serve the litter-free and clean-water needs of the county without salary or benefit costs or other monetary considerations to the county other than space and utilities; and

WHEREAS, the Trust is willing to open the House for two days a week and to allow itself to be represented in the house on four days of each week by the Cades Cove Preservation Association who will operate a Williamsburg-like Living History and exhibit in the House and on the grounds, thus opening the House to the public for approximately 42 hours weekly; and

WHEREAS, the Trust will continue to undertake responsibility for the preservation, restoration, use, and maintenance of the House and its grounds; and

WHEREAS, the Trust agrees that all seven affected departments or organizations may have access to the House grounds if needed for events; and

WHEREAS, the BCD, EHD, BCHM, BCHT, CCPA, KBB, and LWRA have agreed to share training, conference, and rest areas within the building; and

WHEREAS, the citizens of Blount County will realize gains in access to building and environmental permitting because BCD and EHD have adequate operating and data-storage space; and

WHEREAS, citizens will still enjoy the aesthetic and environmental enhancements gained from the KBB and the property monitored, safe and clean water sources from the continued work of LRWA; and

WHEREAS, public visitor access to the Thompson-Brown House, owned jointly by the citizens of Blount County, will be greatly improved by the Living History exhibits and portrayals of the CCPA and thus should attract a strong tourist base, thus generating county income in hotel/motel/restaurant taxes; and

WHEREAS, all departments, organizations and involved citizens will enjoy common benefit of the grounds of the Thompson-Brown House; and

WHEREAS, all parties have agreed to the described space allocations,

NOW THEREFORE, for and in consideration of the involved premises and the mutual benefits to the respective parties, the parties hereby contract, covenant, and agree as follows:

- 1. County shall retain fee simple ownership of both premises and all improvements thereon.**
- 2. Trust shall continue to have responsibility for the preservation, restoration, use, and maintenance of House and premises. Specifically, Trust shall plan the restoration, shall execute and let contracts for the restoration, and shall disburse funds for the restoration and maintenance, provided the**

disbursement of funds shall at all times comply with the provisions of any grants.

3. Departments and organizations shall agree that the disbursement of funds shall comply at all times with the provisions of any grants.
4. County, as owner of the premises, will fully cooperate in the maintenance of both premises and shall join in the application for any grants.
5. CCPA's open hours shall be four days a week, from 10:00 to 5:00, subject to the CCPA's Schedule for fifty weeks each year. During such time as CCPA is maintaining its regular hours, CCPA shall be Trust's designated representative to be present and responsible for House's being open to the public.
6. Trust's open hours shall be two days a week, from 10:00 to 5:00, subject to the Trust's Schedule.
7. County shall pay utilities for and supply the use of space for KBB and LRWA.
8. Each of the seven departments or organizations shall have the common use with the County of the road from East Lamar Alexander Parkway (U.S. Highway 321) to the Blount County Environmental Health Department and also adjacent parking lots, so long as their use of the parking lot does not interfere with the use thereof by any of the other agencies.
9. All agencies, jointly and severally, shall indemnify and hold harmless County from any and all claims and demands, for injury to person, loss of life or damage to property, including attorney fees, arising from Trust's and CCPA use of House and its surrounding premises.
10. This Agreement may be amended and modified at any time by any of the parties involved, in writing.
11. County may terminate this agreement at any time upon giving sixty (60) days written notice of its intention to withdraw. Withdrawal from this Agreement by any party shall not affect the rights and participation hereunder of any of the other affected parties.
12. No party shall assign its rights under this Agreement without the written consent of the other parties.
13. The term of this agreement shall be from August 17, 2006, through and including August 17, 2007. Thereafter, this Agreement shall renew itself from year to year automatically subject, however, to termination under section 11 hereof.

IN WITNESS WHEREOF, the parties have executed eight counterparts of this agreement, each of which shall be deemed an original, as of the 17th day of August, 2006.

Figure 1: Thompson-Brown House

History of the Thompson-Brown House

The Thompson-Brown House, included in the National Register of Historic Places and located at 1004 East Lamar Alexander Parkway, Maryville, Tennessee, is one of, if not *the* oldest two-story, two-pen log buildings in East Tennessee. The exact date of construction or who built it has not been pinpointed, but archaeologists, architects, and historic preservationists alike believe the house was erected in the first quarter of the nineteenth century and possibly even the last years of the 18th century.

William Thompson purchased the land from Thomas Barclay; Thompson is thought to have built or had the house built—the Thompson family story tells of the birth of a daughter in the house in 1823 (McNeill, Pesterfield 1998). Noteworthy historic preservationist Vic Hood of Franklin, Tennessee, believes that the house's unique, Moravian-style V-notching of the logs may pre-date the Thompson daughter's birth by a quarter of a century or slightly more. He said that Moravian missionaries came through East Tennessee near the turn of the nineteenth century and felt that the Moravians either built or strongly influenced the building of the Thompson-Brown House (Hood, 2004). He also said that he has seen no finer example of the unique building style anywhere in the United States.

The original plat of land on which the house stands extended from what is now the Blount County Health Department, beyond Brown's Creek near Smith's Mortuary, to the Brown's Creek Shopping Center. Deeds describing the early property lines give measurements in "poles and chains," with corners listed as "a large oak tree" or a "walnut tree," making interpretation difficult for a latter-day researcher. The area on which the house stands is now just under one acre.

The house is substantial and well-built, but the logs are pine rather than the preferred poplar. These logs, some of which are fifteen inches wide, are joined in a "V-notch" at the corners, and the spaces are filled with chinking and daubed with plaster containing animal hair. The width of the chinking and daubing varies slightly because it was used to keep the house's logs at regular, very symmetrical spacing.

Later, probably in the early 1870's, boards were attached to the house to protect the logs from the weather and because it was no longer fashionable for families to live in a log house. Each pen has twenty-by-twenty foot rooms (nineteen-by-nineteen interior space) with wide pine floorboards. A dogtrot or breezeway may have originally have connected the two pens, but archaeologists think the space was enclosed into a hallway as soon as the second pen was built, or at least very early in the house's existence. A brick chimney, now reconstructed, stands at each end of the structure. Each of the four large rooms had a fireplace for heat, with no heat other than traveling heat waves in the dog-trot section.

Archaeologists have identified three styles of a front porch in the house's history and at least two kitchens. The earliest kitchen was an "el" extending back from the westernmost first floor room. A later kitchen occupied half a full-length back porch (which is now the front porch) and was accessed from that same room.

Two families who lived in the house for the greatest length of time are the source for the house's name. The William Thompson family, thought to be the first residents, included William, his wife Rebecca Wallace Thompson who was the daughter of a Revolutionary War veteran, and their seven children. Thompson was a farmer, politician, land dealer, and "substantial" citizen. The Thompson children hunted arrowheads and other Indian artifacts in the plowed fields and along the creek. Mary Reese, one of the Thompson daughters, married Samuel Anderson, son of Isaac Anderson, founder and first president of Maryville College. Her sister, Mary Wallace, wed Dr. Calvin Post, a physician who sought gold and other minerals in the Cades Cove area.

Ownership of the land and house passed through several hands at mid-nineteenth century. Reverend William Beard Brown purchased the property in 1867, and his family occupied the place for sixty-seven years. A Presbyterian clergyman, Brown had graduated from Southern and Western Theological Seminary in Maryville. During the Civil War, Brown lived in north Georgia where he ministered to wounded and dying soldiers and their families on both sides of the conflict. He wanted a good education for his nine children, but war-torn Georgia offered no opportunities. He moved his family to Maryville where his offspring could attend Maryville College, the successor to his *alma mater*. Brown children collected Civil War relics—bullets, canteens, uniform parts—from the fields, leftovers, probably, from General Sherman's encampments and from minor skirmishes on the property in 1863.

Rev. Brown died in 1879. His widow, Mary Elizabeth Bricknell Brown, and his son John continued to operate the farm. At the turn of the [twentieth] century, they established Brown Brothers Cedar Grove Dairy, which was the first in Maryville to deliver house to house. John Brown and his wife Sarah brought up nine children on the farm. Their house and especially its Cedar Grove were popular gathering places for the young people of the town.

By 1934, since some of the older Browns had died and the younger Browns had moved away from the farm, ownership of the place was transferred to Maryville College. The college operated it as a farm into the 1960's. For several years, a caretaker lived in the house. As the college began to develop the land, Blount County bought the house and its immediate environs in 1975 to gain space for some needed building projects.

The plan was to tear the house down and build the Blount County Health department on the site. But it was the nation's bicentennial, historic preservation was popular, and a group of Maryville College students and their professor spearheaded an effort to save the house. Siding was even removed to "prove" it was a log house! The Blount County Historic Trust formed to take up the preservation effort. Architect Ken Millsaps looked at the available land and redesigned the health department building to fit farther away from the street so that the gracious old log home could remain standing on its original foundation. With a plan of oversight for the Thompson-

Brown House and the newly adapted building plans, the county agreed to build the health department on the back of the lot.

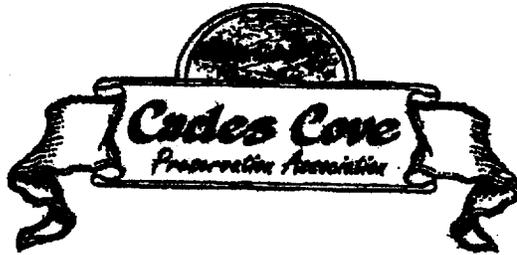

The newly formed Smoky Mountain Visitors Bureau became interested in the house as a welcome center and together with the Historic Trust saw to restoration and some renovation of the house. This partnership held until the Visitors Bureau opened new centers elsewhere in the 1990's. Blount County citizens still own the property. The house is currently occupied by Keep Blount Beautiful and Little River Watershed Association. Blount County Historic Trust maintains an office in the house and contributes advice and money toward its continued preservation.

PROPOSAL

CCPA Utilization of Thompson Brown House

The Cades Cove Preservation Association, Inc. (CCPA), a non profit organization established in 2001, is among several Blount County entities focused on heritage preservation. The mission of the CCPA is the preservation of the cultural heritage of the Cades Cove community, formerly the 16th Civil District of Blount County, now embraced by the Great Smoky Mountains National Park (GSMNP). The membership of the CCPA is stabilized at 175-200 and includes former Cades Cove residents, descendants and non-descendants. This membership includes many Blount County residents but others from diverse locales qualifying the CCPA as a national organization.

The mission of the CCPA is addressed with a variety of approaches and venues. These include preservation projects in Cades Cove with staff of the GSMNP, representation of the Cades Cove heritage in local events sponsored by other organizations, documentation and dissemination of the heritage through products such as home place maps, calendars and other publications, maintenance of an archive of Cades Cove related information and establishment of a Cades Cove Museum displaying artifacts of the former community. General meetings are held monthly.

The office and assets of the CCPA were established at the Alnwick Community Center in 2004. This effort has included the rehabilitation of two rooms which represent the current office, archives and museum of the CCPA. Significant additional effort has been devoted to improvements in the grounds and other facilities. Although the CCPA is proud of the accomplishments and appreciative of the Alnwick Community Center, the site is somewhat remote and not representative of Cades Cove architecture.

The CCPA is honored and pleased to be considered for tenancy at the historic Thompson Brown House, ideally sited and architecturally esthetic for presentation of the Cades Cove cultural history. The potential of partnerships and proximity with other organizations embracing preservation objectives will provide organizational synergy and concentration which will enable the immediate area to be established as a focus for Blount County heritage preservation and presentation.

The utility of the Thompson Brown House for CCPA purposes is dependant on space availability which, at the present time, is constrained by current lease, structural and egress considerations. It is understood that interior space availability may be increased as such considerations are addressed. This proposal outlines CCPA priorities for space utilization based on current understanding of near term availability and potential for expansion.

Interior Space

Initially, the CCPA proposes to utilize the right side, ground level room (main entry) as a museum where artifacts representing the life of the Cades Cove community are displayed. These artifacts reflect the religious, domestic, agricultural, industrial, educational and/or industrial history of the community and are currently in the CCPA collection at the ACC. Additional artifacts will be solicited to compliment those currently available for display. The majority of such artifacts will be contained within display cabinets for preservation and presentation purposes. Photographs, graphical information and other artifacts amenable to wall display will also be exhibited.

In addition, the CCPA proposes to place selected artifacts and graphical information in the entry foyer which complements that on display elsewhere. Egress considerations and artifact protection requirements will constrain presentation options.

Storage of CCPA product inventory and literature will be established in the upper floor space which may be available for such purposes. Such items will be contained or shelved appropriately for security and housekeeping considerations.

If available, the CCPA would propose to share the left side, ground level room with the Blount County Historic Trust (BCHT). It is understood that the space requirements for the BCHT are minimal, enabling the CCPA to expand the placement of artifacts and graphical information into this area. A small area would also be reserved for public review of a portion of CCPA archived information (photographs, etc.). This scenario also implies more upstairs space would be available for CCPA storage requirements. Such would enable the storage of artifacts and graphical materials for future display purposes as well as CCPA products and literature.

Should future renovations, structural enhancements and organizational agreements result in public access to the entire interior structure, the CCPA proposes to utilize the interior as follows:

The ground floor, left side room will be shared with the BCHT. CCPA utilization of this area will be similar to that outlined above. The three remaining rooms will be devoted to the presentation of Cades Cove and period artifacts as well as exhibition of Cades Cove graphical information and photographs. It is anticipated that these spaces will be developed to represent the food preparation, dining and sleeping areas of Cades Cove homes, maximizing the display of artifacts actually used in the Cove. Also represented will be the educational, industrial and religious heritage. The entry foyer and second floor landing will also be used for exhibit purposes.

The conceptual utilizations of space under the above space availability scenarios are preliminary but representative. The CCPA Museum Director will provide leadership to define the actual deployment. The CCPA recommends that the maximum space available and approved for public access be used for heritage presentation. Should the entire interior eventually be so qualified and utilized, alternative storage capabilities may be required. For any of the above scenarios, a brochure will be developed which provides information on Cades Cove, the CCPA and exhibited artifacts. A small area/display will be provided for display and sale of CCPA products, to process memberships and to accept donations.

Exterior Space (Grounds)

The CCPA proposes to place representative, durable artifacts on the grounds to publicize the site and communicate aspects of the Cove's history. Examples include farm equipment, wagons, buggies, stills, bee hives (dormant) and models of Cove structures. Non portable items would be sited on the periphery, initially adjacent to the Lamar Alexander Parkway. Portable items may be placed on the grounds interior. These could be removed or relocated to accommodate special events.

The CCPA would also propose to utilize the front and rear covered porches for display purposes with consideration of egress requirements and artifact durability.

The CCPA proposes to work in partnership with other organizations as appropriate to plant flowers, etc which were common and important to the Cove. Examples include jonquils and hollyhocks.

Staffing and Administration

The CCPA proposes volunteer staffing sufficient to entertain the public a minimum of four days per week. CCPA effort may be supplemented by other organizations which will increase the frequency of public access. The CCPA Museum Director will be accountable for administration of CCPA tenancy at the Thompson Brown House site. The CCPA further understands that the organization will be accountable to the BCHT, the Blount County Commission and the citizens of Blount County.

CCPA Status Information

The CCPA consists of 175-200 members. Leadership is provided by elected officers (2 year terms). The President, Vice-President and Treasurer positions must be descended from Cades Cove families. An elected Board of Directors provides guidance and oversight. An Advisory Board of Directors is also established.

The CCPA operates on an annual budget of approximately \$30,000 per year which is approved by the BOD. Sources of revenue include membership dues, donations, product sales and grants. Product sales dominate revenues. Major expenses include product costs, utilities and project expenses. Bookkeeping is provided by a procured source. There are no compensated CCPA positions.

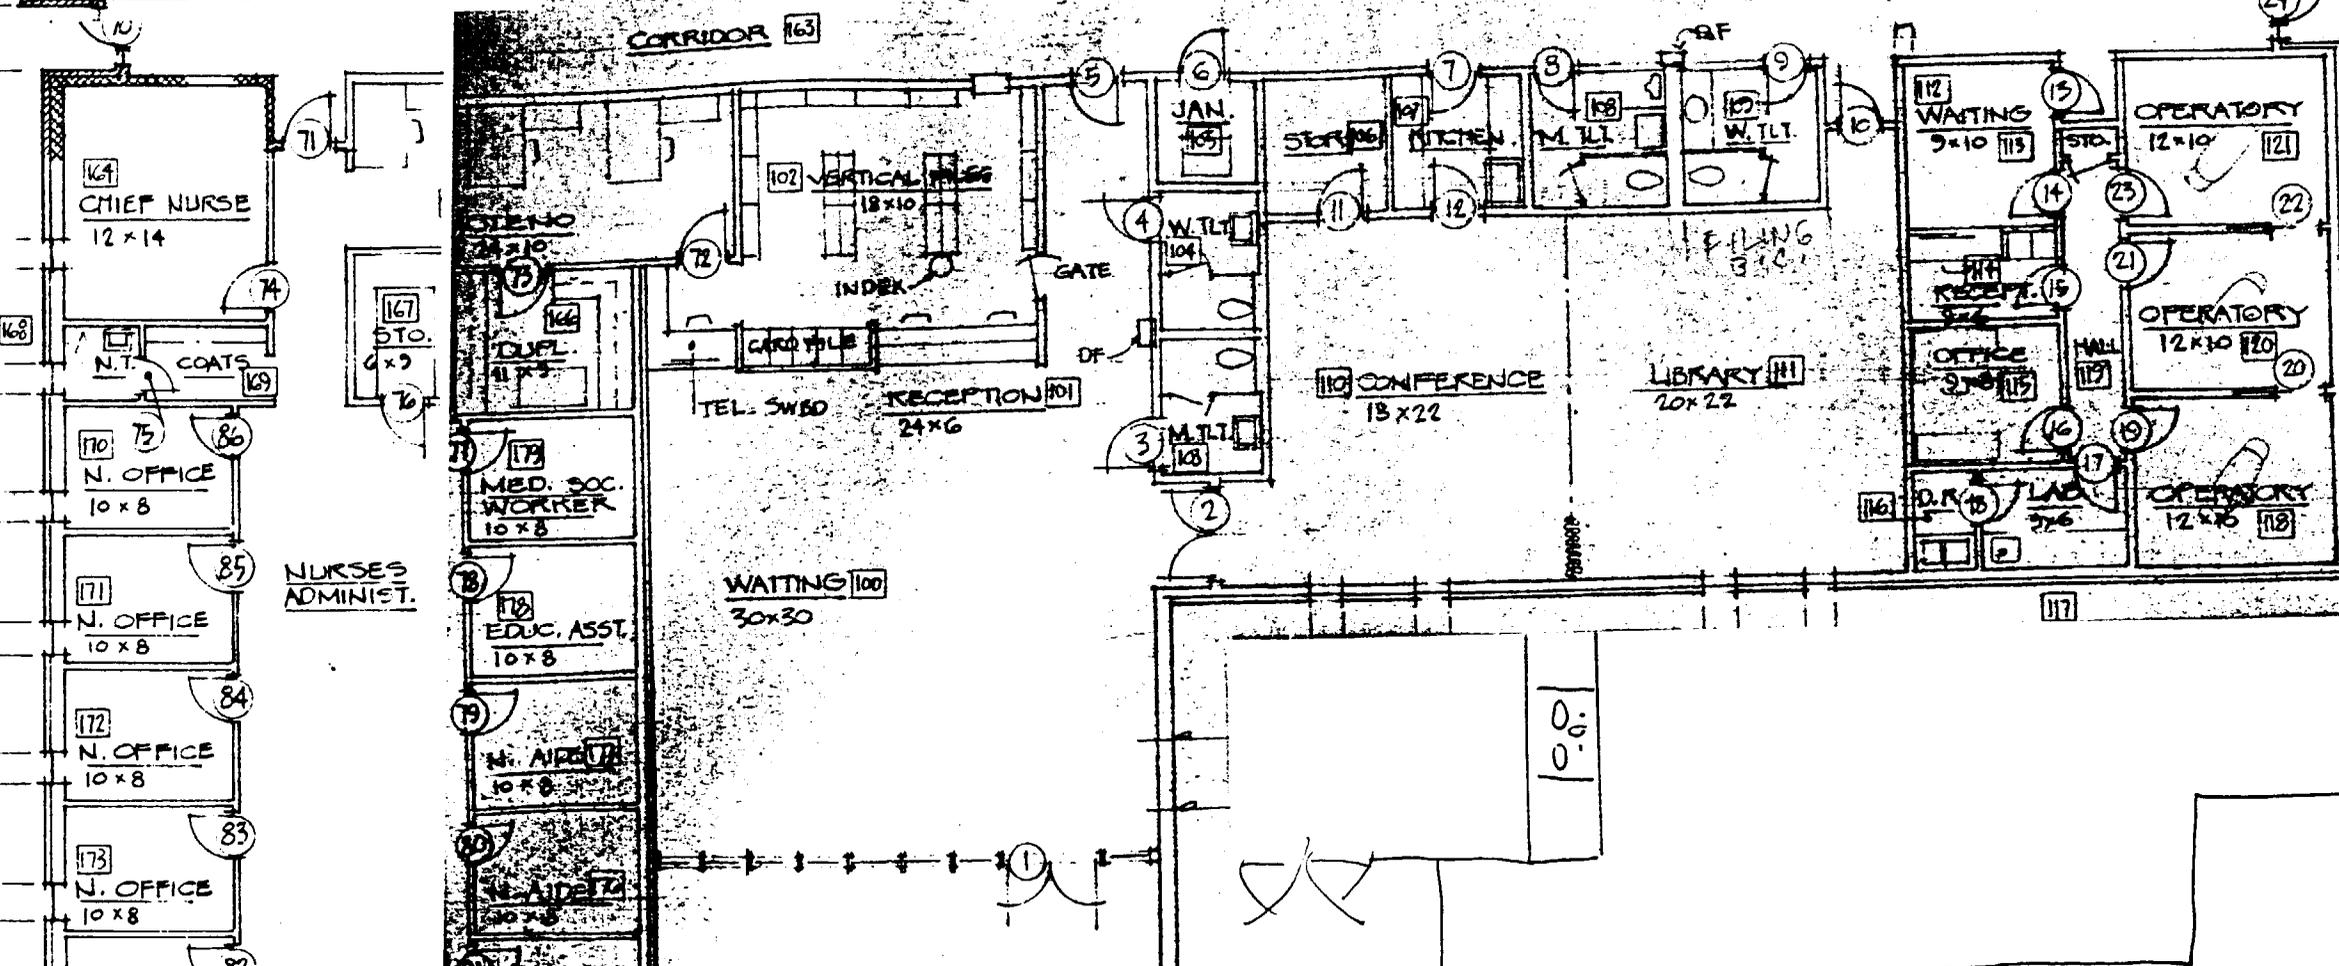

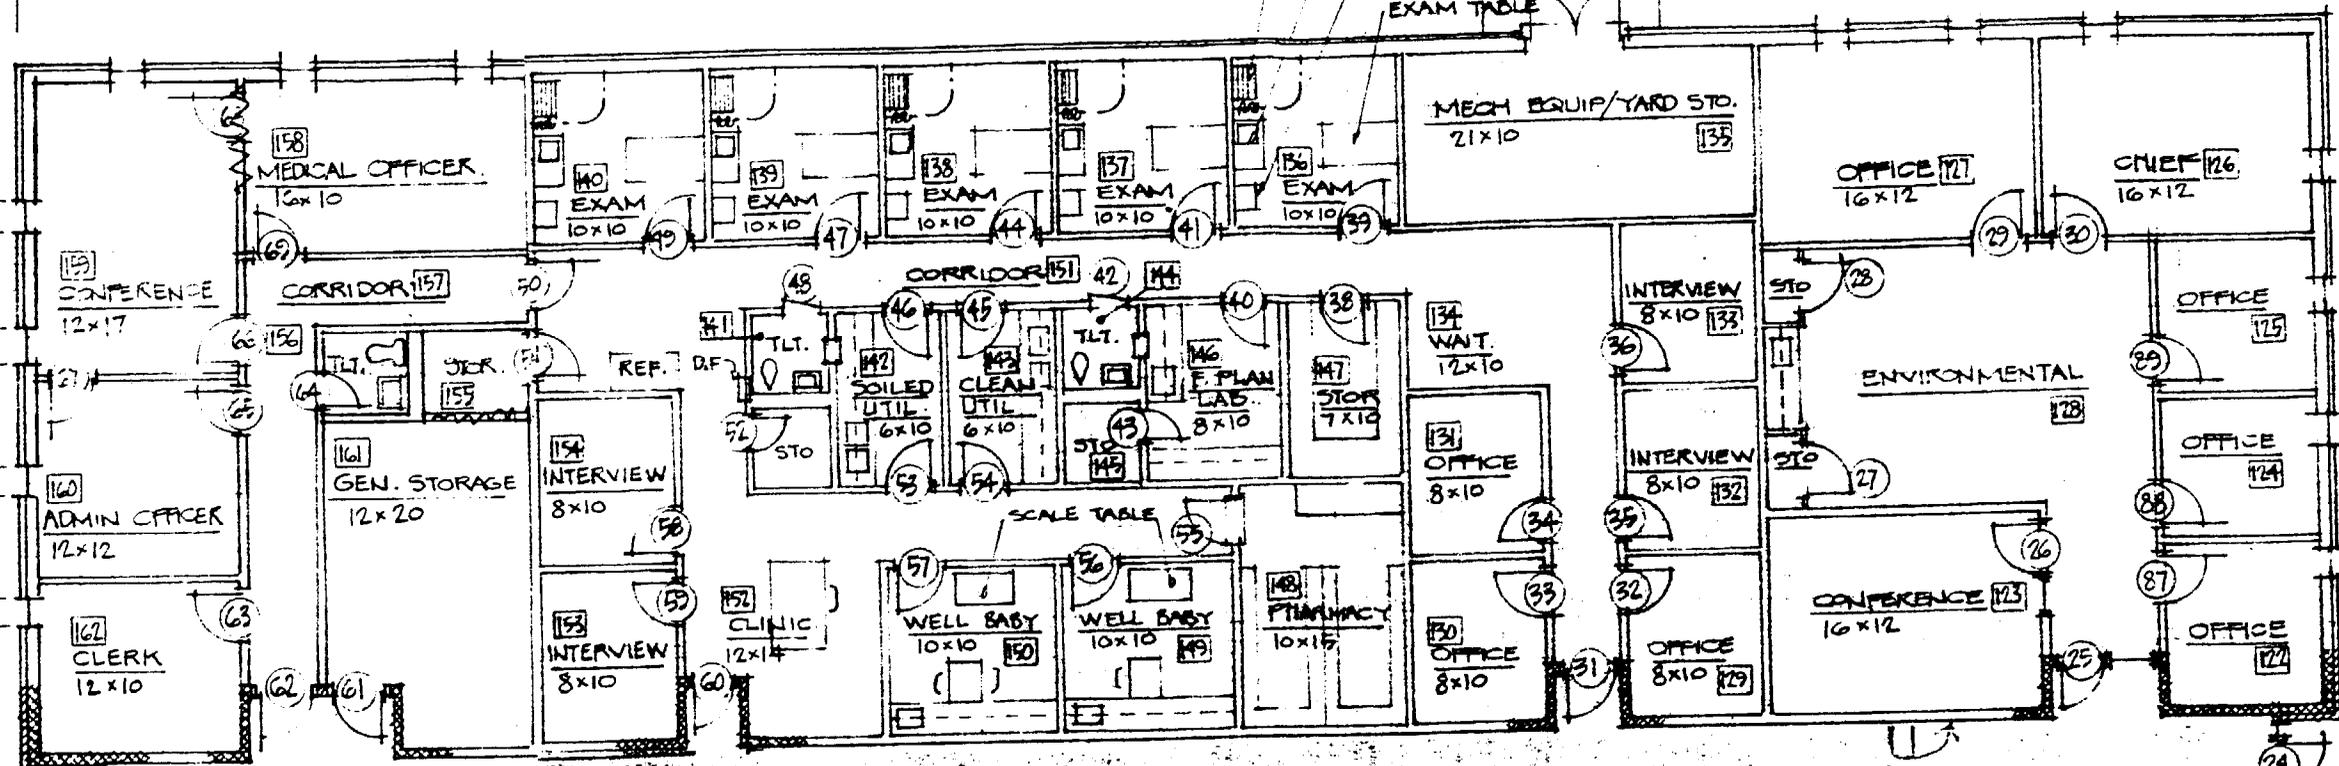

Net worth of the CCPA (June 2006) is approximately \$35,000. This is distributed as banking deposits (\$20,000), product inventory (\$10,000) and property items (\$5000) (trailers, computers, furniture, and tools).

The CCPA currently has approximately 150 artifacts which are either loaned or owned. The majority of these artifacts were actually in the Cove during the life of the active community. Additional artifacts have been committed by former residents or descendants when space is available for display purposes.

CHAPTER NO. 953

HOUSE BILL NO. 3469

By Representatives Curtiss, Rinks, Maddox

Substituted for: Senate Bill No. 3839

By Senators Ramsey, Kyle

AN ACT to amend Tennessee Code Annotated, Title 67, relative to taxes and licenses.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Tennessee Code Annotated, Title 67, Chapter 4, is amended by adding the following as a new part 29:

§67-4-2901. This part shall be known and may be cited as the "County Powers Relief Act."

§67-4-2902. The purpose of this part is to authorize counties to levy a privilege tax on persons and entities engaged in the residential development of property in order to provide a county with an additional source of funding to defray the cost of providing school facilities to meet the needs of the citizens of the county as a result of population growth.

§67-4-2903. As used in this part, unless the context otherwise requires:

(1) "Building" means any structure built for the support, shelter, or enclosure of persons, chattels, or movable property of any kind; the term includes a mobile home. "Building" does not mean any structures used primarily for agricultural purposes.

(2) "Building permit" means a permit for development issued in the county, whether by a county, metropolitan or municipal government.

(3) "Capital improvement program" means a proposed schedule of future capital projects, listed in order of construction priority, together with cost estimates and the anticipated means of financing each project requiring the expenditure of public funds, over and above the annual local government operating expenses, for the purchase, construction, or replacement of physical assets.

(4) "County" means a county or metropolitan government.

(5) "County school facilities privilege tax" means a tax on new residential development as defined herein.

(6) "Development" means the construction, building, erection, or improvement to land by providing a new building or structure which provides floor area for residential use.

(7) "Dwelling unit" means a room, or rooms connected together, constituting a separate, independent housekeeping establishment for owner occupancy, rental or lease on a daily, weekly, monthly or longer basis; physically separated from any other room, rooms or dwelling units which may be in the same building; and containing independent cooking and sleeping facilities.

(8) "Floor area" for residential development means the total of the gross horizontal area of all floors, including basements, cellars, or attics, which is heated or air-conditioned living space.

(9) "Governing body" means the county legislative body or metropolitan council.

(10) "Person" means any individual, firm, partnership, limited liability company, joint-venture, association, corporation, estate, trust, business trust, receiver, syndicate, or other group or combination acting as a unit, and the plural as well as the singular number.

(11) "Place of worship" means that portion of a building, owned by a religious institution which has property tax exempt status, which is used for worship services and related functions; provided however, that a place of worship does not include buildings and portions of buildings which are used for purposes other than worship and related functions or which are intended to be leased, rented or used by persons who do not have a tax exempt status.

(12) "Public building" means a building owned by the state of Tennessee or any agency or political subdivision of the state of Tennessee, including, but not limited to, counties, metropolitan governments, municipalities, school districts or special districts, or the federal government or any agency thereof.

(13) "Residential" means the development of any property for a dwelling unit or units.

§67-4-2904. Engaging in the act of residential development within a county, except as excluded by this part, is declared to be a privilege upon which a county, by resolution or ordinance of its governing body, may levy a tax subject to the conditions and limitations contained in this part. Such resolution or ordinance shall be adopted by a two-thirds vote (2/3) of the entire membership of the county legislative body at two (2) consecutive, regularly scheduled meetings.

§67-4-2905. After levying the tax, the county governing body shall, by resolution or ordinance adopted by majority vote, adopt administrative guidelines, procedures, regulations and forms necessary to properly implement, administer and enforce the provisions of this part.

§67-4-2906. This part shall not apply to development of:

- (1) Public buildings;
- (2) Places of worship;
- (3) Barns or other outbuildings used for agricultural purposes;
- (4) Replacement buildings or structures for previously existing buildings and structures destroyed by fire or other disaster;
- (5) A building or structure owned by a nonprofit corporation which is a qualified 501(c)(3) corporation under the federal Internal Revenue Code, as amended; or
- (6) A building or structure located in any census tract of the county that has been designated by the federal government as being eligible for federal incentives because of blight, economic distress or urban renewal, upon a proper finding by the county legislative body that said exemption is necessary to stimulate growth in these economically challenged areas.

§67-4-2907. A governing body is prohibited from levying a tax pursuant to this part unless the county meets one (1) or more of the following criteria:

- (a) The county experienced a growth rate of twenty percent (20%) or more in total population from the 1990 federal census to the 2000 federal census, or the county experiences growth of twenty percent (20%) or more between any subsequent federal decennial censuses; or
- (b) The county experienced a nine percent (9%) or more increase in population over the period from the year 2000 to 2004 or over a subsequent four (4) year period according to U.S. Census Bureau population estimates.

§67-4-2908. For the exercise of the privilege of development, a county may levy a tax based upon the floor area of residential development. A county initially levying a tax under the authority granted by this part may levy such tax at a rate not to exceed one dollar (\$1.00) per square foot on residential property. Whenever a county has levied a tax pursuant to this part or increased the rate of the tax as provided

below, it may not increase the rate of such tax or levy an additional tax on the privilege of development for a period of four (4) years from the effective date of the tax or rate increase. After four (4) years from the date the county initially levies the tax or from the date of the last increase in the rate of the tax, the county legislative body may increase the rate of the tax by a percentage not to exceed ten percent (10%).

§67-4-2909. A governing body shall not levy a tax pursuant to this part unless it has adopted a capital improvement program. The adopted capital improvement program may be amended by the governing body.

§67-4-2910.

(a) Any tax levied pursuant to this part shall be collected in the following manner:

(1) At the time of application for a building permit for residential development, the municipal or county official issuing the permit shall compute the estimated tax liability for the county school facilities privilege tax, based upon the proposed square footage of the facility to be built and the current rate of the county's school facilities privilege tax. As a condition of receiving the permit, the applicant shall sign a form indicating that the applicant recognizes the liability for the tax. The official shall keep one (1) copy of the form for his or her records and shall provide a copy to the applicant. If the permit is issued by a municipal building official, such official shall also forward a copy of the form within thirty (30) days of the issuance of the building permit to the county official or employee who has been designated by the county legislative body to collect such tax. As an alternative, the county and any municipality within the county may provide by interlocal agreement for the municipal building official to be designated as a collector of the tax and provide for a commission to be paid to the municipality for such services.

(2) The tax shall not be due until the earlier of one (1) year from the date of issuance of the building permit or thirty (30) days after the first transfer of title to the property being developed after the building permit is issued. If, after one (1) year from issuance of the building permit, the building or structure is not complete or title has not been transferred, the permit holder may, in lieu of paying the tax, request an extension for one (1) year. The permit holder may request a maximum of two (2) extensions. Such extensions shall not be denied if the permit holder makes a showing to the official responsible for collecting the tax that the building or structure is not complete.

(3) Once it becomes due, the tax shall be paid to the official or officials designated by the county governing body to collect the tax. At the time of payment, the official shall review the tax liability to determine whether the square footage of the completed building or structure corresponds to the initial estimated square footage in the building permit. The tax shall be computed using the actual square footage of the completed building or structure, but the rate of the tax shall be based upon the rate applicable at the time the permit was issued.

(4) The revenue from the tax shall be paid over to the county trustee within thirty (30) days for deposit in accordance with §67-4-2911.

(b)

(1) If the tax is not paid by a permit holder within ninety (90) days of the due date, the official responsible for collection of the tax shall report this delinquency to the county's delinquent tax attorney. The delinquent tax attorney shall bring an action against the permit holder for the full amount of the tax plus statutory interest and a penalty of fifty percent (50%) of the amount of tax owed. The compensation of the delinquent tax attorney for such services shall be determined by agreement between the county trustee and the delinquent tax attorney.

(2) No permit holder who owes delinquent school facilities taxes shall be eligible to receive a building permit for any other project in the county until such time as the delinquency, plus and penalties and interest, are paid in full.

§67-4-2911. The taxes collected pursuant to this act shall be remitted by the collector to the county or metropolitan government trustee who shall place such tax proceeds in such fund or funds as designated by the governing body, but such tax proceeds shall be used exclusively for the purpose of funding capital expenditures for education, including the retirement of bonded indebtedness, the need for which is reasonably related to population growth.

§67-4-2912. Any county or metropolitan government levying a tax pursuant to this part shall provide by resolution or ordinance a procedure whereby any person aggrieved by the decision of any responsible official in administering this tax may obtain review of the official's decision administratively. The result of the administrative decision shall be subject to judicial review in accordance with law.

§67-4-2913. After the effective date of this act, no county shall be authorized to enact an impact fee on development or a local real estate

transfer tax by private or public act. In addition, this part shall be the exclusive authority for local governments to adopt any new or additional adequate facilities taxes on development. However, the provisions of this part shall not be construed to prevent a municipality or county from exercising any authority to levy or collect similar development taxes or impact fees granted by a private act that was in effect prior to the effective date of this act or from revising the dedicated use and purpose of a tax on new development from public facilities to public school facilities. A county levying a development tax or impact fee by private act on the effective date of this act shall be prohibited from using the authority provided in this part so long as the private act is in effect.

SECTION 2. The general assembly shall, in the legislative session of 2010, review the provisions of this act to ascertain the effect on and the needs of those counties not granted local enactment authority under this act.

SECTION 3. This act shall take effect upon becoming a law, the public welfare requiring it.

Subject: Formation of the new Board of Construction Appeals

This is an informational memo addressing the adopted building code regulation which requires the formation of an Appeals Board for construction. Section R112 of the adopted 2003 International Residential Code and Appendix B of the 2003 International Building Code lays the groundwork for formation of the Board of Appeals. For communication reasons, the official name of this board will be "Board of Construction Appeals". Formation of this board and appointment of its individual members (five board members and 2 alternate board members) is the responsibility of Blount County Commission. The Building Official shall serve as ex officio of said board but shall have no vote on any matter before the board. For a detailed explanation of board member qualification requirements and terms of service along with other administrative guide lines, please see the attached "Appendix B" of the 2003 IBC.

The purpose of the Board of Construction Appeals is to hear and decide appeals of orders, decisions or determinations made by the building official relative to the application and interpretation of the adopted building codes. The board shall adopt rules of procedure for conducting its business, and shall render all decisions and findings in writing to the appellant with a duplicate copy to the Building Official.

Limitations on authority of this board shall be based on a claim that the true intent of the building code or the rules legally adopted thereunder have been incorrectly interpreted, the provision of the building code do not fully apply, or an equally good or better form of construction is proposed. The board shall have no authority to waive the requirements of the adopted building codes.

Funding of this board is accomplished by a fee of \$50.00 per appeal which has already been approved by County Commission. Clerical support will be received from the Department of Building Safety. All board members will serve their terms on a voluntary basis and shall not receive individual compensation.

All board meetings shall be open to the public and shall meet at a stated periodic place and time. Procedures for the appeal process will be determined by the board members and the Building Official.

It is the goals of this office: 1st have the Board of Construction Appeals established by resolution at the August 17th, 2006 County Commission meeting. 2nd have prospective board members approved by the County Commission meeting in September, 2006 to fill the vacant seats on the board. 3rd to hold a special meeting of the Board of Construction Appeals to elect a chairperson and approve operating procedures.

RESOLUTION NO. _____

A RESOLUTION AUTHORIZING AND CREATING THE BLOUNT COUNTY BOARD OF CONSTRUCTION APPEALS TO HEAR AND DECIDE APPEALS OF ORDERS, DECISIONS OR DETERMINATIONS MADE BY THE BLOUNT COUNTY BUILDING OFFICIAL RELATIVE TO THE APPLICATION AND INTERPRETATION OF THE 2003 INTERNATIONAL RESIDENTIAL CODE AND PROVIDING FOR THE APPOINTMENT OF THE MEMBERS THEREOF

WHEREAS, on June 21, 2005, the Board of County Commissioners of Blount County, Tennessee, (the "County Commission") adopted Resolution No. 05-06-022 adopting and incorporating by reference the provisions of the 2003 Edition of the International Residential Code ("2003 IRC") for the unincorporated area of Blount County (the "county") and those incorporated cities within the county which have not adopted their own codes regulating residential building construction; and

WHEREAS, Section R112 of the 2003 IRC provides for the creation of a board of appeals to hear and decide appeals orders, decisions or determinations made by the building official relative to the application and interpretation of the 2003 IRC; and

WHEREAS, the County Commission has determined that it is necessary, proper and in the public interest to authorize and create such a board of appeals, to be known as the Blount County Board of Construction Appeals, to hear and decide appeals of orders, decisions or determinations made by the Blount County Building Official relative to the application and interpretation of the 2003 IRC and to provide for the appointment of the members thereof by the County Commission as the governing body of the county and the chief appointing authority.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Blount County, Tennessee, meeting in regular session assembled this 17th day of August, 2006, as follows:

SECTION 1. The Blount County Board of Construction Appeals is hereby authorized and created pursuant to the provisions of Section R112 of the 2003 IRC and the Appendix captioned BOARD OF APPEALS attached hereto, the provisions of said Appendix being incorporated herein by reference as a part of this resolution, to hear and decide appeals of orders, decisions or determinations made by the Blount County Building Official relative to the application and interpretation of the 2003 IRC.

APPENDIX

BOARD OF APPEALS

The provisions contained in this appendix are not mandatory unless specifically referenced in the adopting ordinance.

GENERAL

Application. The application for appeal shall be filed on a form obtained from the building official within 20 days after the notice was served.

Membership of board. The board of appeals shall consist of persons appointed by the chief appointing authority as follows:

1. One for five years; one for four years; one for three years; one for two years; and one for one year.
2. Thereafter, each new member shall serve for five years or until a successor has been appointed.

The building official shall be an ex officio member of said board but shall have no vote on any matter before the board.

Alternate members. The chief appointing authority shall appoint two alternate members who shall be called by the board chairperson to hear appeals during the absence or disqualification of a member. Alternate members shall possess the qualifications required for board membership and shall be appointed for five years, or until a successor has been appointed.

Qualifications. The board of appeals shall consist of five individuals, one from each of the following professions or disciplines:

1. Registered design professional with architectural experience or a builder or superintendent of building construction with at least ten years' experience, five of which shall have been in responsible charge of work.
2. Registered design professional with structural engineering experience
3. Registered design professional with mechanical and plumbing engineering experience or a mechanical contractor with at least ten years' experience, five of which shall have been in responsible charge of work.
4. Registered design professional with electrical engineering experience or an electrical contractor with at least ten years' experience, five of which shall have been in responsible charge of work.
5. Registered design professional with fire protection engineering experience or a fire protection contractor with at least ten years' experience, five of which shall have been in responsible charge of work.

Rules and procedures. The board is authorized to establish policies and procedures necessary to carry out its duties.

Chairperson. The board shall annually select one of its members to serve as chairperson.

Disqualification of member. A member shall not hear an appeal in which that member has a personal, professional or financial interest.

Secretary. The chief administrative officer shall designate a qualified clerk to serve as secretary to the board. The secretary shall file a detailed record of all proceedings in the office of the chief administrative officer.

Compensation of members. Compensation of members shall be determined by law.

Notice of meeting. The board shall meet upon notice from the chairperson, within 10 days of the filing of an appeal or at stated periodic meetings.

Open hearing. All hearings before the board shall be open to the public. The appellant, the appellant's representative, the building official and any person whose interests are affected shall be given an opportunity to be heard.

Procedure. The board shall adopt and make available to the public through the secretary procedures under which a hearing will be conducted. The procedures shall not require compliance with strict rules of evidence, but shall mandate that only relevant information be received.

Postponed hearing. When five members are not present to hear an appeal, either the appellant or the appellant's representative shall have the right to request a postponement of the hearing.

Board decision. The board shall modify or reverse the decision of the building official by a concurring vote of two-thirds of its members.

Resolution. The decision of the board shall be by resolution. Certified copies shall be furnished to the appellant and to the building official.

Administration. The building official shall take immediate action in accordance with the decision of the board.

3. Please submit a resume or use this section to provide your work experience with dates:

4. Please provide three professional references:

Name	Business Name	City/State	Contact Number

5. Statement of Understanding:

The above information provided is true and correct. I understand that the Board of Appeals for construction is a voluntary appoint and that I will not receive compensation for my time. Service terms should be staggered and each new member shall serve for five years or until a successor has been appointed. A Chairperson shall be selected annually by the board members and a Secretary shall be appointed by the Building Official. The Building Official shall be an ex officio member of said board but shall have no vote on any matter before the board. A board or alternate member shall not hear an appeal in which that member has a personal, professional or financial interest. I understand that no meetings will be called unless appeals are properly submitted to this board for hearing or the Chairperson calls a special meeting. All hearings shall be on a predetermined regular schedule and location. All hearings shall be open to the public and any interested person or party in attendance shall be given an opportunity to be heard. Five members are required to hear an appeal. Board decisions shall be made by a concurring vote of two-thirds of its members. Any decision of the board shall be by resolution. The Building Official shall take immediate action in accordance with the decision of the board. All board applicants must be approved by Blount County Commission to become a board or alternate member.

**AGREEMENT TO PROVIDE SPECIFIED
THIRD PARTY ADMINISTRATOR SERVICES**

THIS AGREEMENT effective the 22^d day of August, 2006, by and between Brentwood Services Administrators, Inc. [hereinafter BRENTWOOD], and the County of Blount, State of Tennessee [hereinafter the EMPLOYER].

WITNESSETH:

WHEREAS, the EMPLOYER is a State of Tennessee governmental sovereign, with principal offices located at 387 Court Street, Maryville, Tennessee, which has opted to accept the provisions of the Tennessee Workers' Compensation Act as permitted by Tenn. Code Ann. § 50-6-106(6), and which is qualified as a workers' compensation self-insured employer, as provided for in Tenn. Code Ann. § 50-6-405, and as such is authorized to self-insure its workers' compensation risk in the State of Tennessee; and which also self-insures its general liability risk; and,

WHEREAS, BRENTWOOD is a Tennessee corporation with principal offices located at 104 Continental Place, Suite 200, Brentwood, Tennessee, and is duly authorized to act as a third party administrator in the State of Tennessee pursuant to Tenn. Comp. R. & Regs., tit. Dep't of Commerce and Ins., ch. 0780-1-81; and,

WHEREAS, the EMPLOYER desires to contract with BRENTWOOD to provide certain third party administrator services for its workers' compensation risk and its general liability risk, as set forth herein; and,

WHEREAS, BRENTWOOD wishes to provide such services;

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties do covenant and agree as follows:

Section I – Agreement to Provide Services

The EMPLOYER hereby contracts with BRENTWOOD to perform, on behalf of the EMPLOYER, the services specified in this agreement and any addenda thereto, and BRENTWOOD hereby agrees to perform such services, on the terms and conditions of, and for and limited to the duration of, this agreement.

Section II – Duties and Responsibilities of BRENTWOOD

- A. Services.** BRENTWOOD shall, during the term of this agreement, provide the services specified herein, consisting of providing claims services for claims reported to BRENTWOOD during the term of this agreement, as set forth in Addendum A. All such services shall be provided by BRENTWOOD in an honest manner and in conformance with the industry standard of performance.
- B. General Administration.** BRENTWOOD agrees to:
1. provide such clerical, secretarial and administrative support, including necessary equipment and supplies, as may be necessary for the day to day compliance of the contractually agreed upon duties of BRENTWOOD in accordance with this agreement;
 2. periodically, but no less than quarterly, render an accounting to the EMPLOYER detailing all transactions performed by BRENTWOOD pertaining to the business underwritten by the EMPLOYER; and,
 3. maintain for itself general liability, automobile liability, workers' compensation, fidelity bond and errors and omissions insurance coverage, as required by law.

Section III – Duties and Responsibilities of the EMPLOYER

- A. Fees.** The EMPLOYER agrees to pay to BRENTWOOD fees as set forth in Addendum B, attached to this agreement and incorporated herein by reference.
- B. Other Expenses.** The EMPLOYER agrees to be responsible for all other expenses relative to self-insuring its workers' compensation risk, except for expenses directly relating to the performance by BRENTWOOD of its obligations under this agreement. Expenses for which BRENTWOOD shall not be responsible include, but are not limited to: (1) reinsurance and/or excess insurance premium, (2) premium taxes, (3) any assessments, (4) claim and/or loss payments, (5) allocated loss expense, as defined in Addendum C, attached to this agreement and incorporated herein by reference, and (6) any other expense associated with the servicing of the EMPLOYER's workers' compensation risk and general liability risk which is not specifically delegated to BRENTWOOD by virtue of this agreement.
- C. Bank Accounts.** The EMPLOYER agrees to open and maintain a workers' compensation claims fund account and a general liability claims fund account, and make adequate funds available from which BRENTWOOD may draw from at any time for claims, loss and/or allocated loss expense payments.

- D. Duties, Responsibilities and Obligations Remaining.** Nothing in this agreement shall be construed as relieving the EMPLOYER of any duty, responsibility or obligation it has to comply with any law obligatory upon it. The EMPLOYER remains responsible for performing all functions necessary to remain compliant with applicable law.
- E. Access to Electronic Information Maintained by BRENTWOOD.** The EMPLOYER will be granted access to certain information in electronic format relative to its workers' compensation self-insured program and its general liability program that is maintained by BRENTWOOD. As a condition for such access, the EMPLOYER shall have responsibilities relative to the confidentiality and protection of such information as more fully delineated in Addendum D, attached hereto and incorporated herein by reference.
- F. Transmission of Excess Insurance Policy.** If BRENTWOOD or an affiliate of BRENTWOOD does not produce the EMPLOYER's excess insurance policy(ies), then the EMPLOYER shall transmit a copy of said excess insurance policy(ies) to BRENTWOOD within thirty (30) days of its procurement so as to enable BRENTWOOD to provide claims information to the excess insurance carrier(s) in conformance with such excess insurance policy(ies).

Section IV – Ownership of Books and Records

BRENTWOOD shall maintain and retain custody of the books, records, files and other information as required to perform the services specified herein during the time mutually agreed to by BRENTWOOD and the EMPLOYER. Such books, records, files and other information shall remain the exclusive property of the EMPLOYER and shall be available for review by the EMPLOYER during business hours, with reasonable notice, at the premises of BRENTWOOD. It is further agreed that software programs, computer programs, source codes and other computer software items that are utilized by BRENTWOOD are not the property of the EMPLOYER, and remain the exclusive property of BRENTWOOD.

Section V – Term of Agreement and Termination

- A. Term of Agreement.** This agreement is effective on the date above written at 12:01 a.m., United States Eastern Daylight Time, and shall remain in full force and effect until the 22^d day of August, 2007, at 12:01 a.m., United States Eastern Daylight Time.
- B. Just Cause Termination.** Notwithstanding the forgoing subsection, either party to this agreement may terminate the same with proper notice for just cause. A party to this agreement shall have just cause to terminate this agreement upon:

1. the filing of a bankruptcy petition by the other party to this agreement, or the placement into bankruptcy or a declaration of insolvency by a court of competent jurisdiction of either party to this agreement, or the dissolution of either party;
2. the failure of either party to maintain any license, regulatory approval or other type of regulatory authorization to perform its obligations under this agreement;
3. a material breach of the terms of this agreement by the other party; or the commission of fraud by the other party in the making and/or entering into of this agreement or of the performance of this agreement; or,
4. such action(s) which would negatively reflect on the integrity of the non-acting party or hinder its ability to perform services required under applicable law.

If this agreement is being terminated for just cause, written notice must be provided by the party terminating the agreement for just cause to the other party; such written notice must clearly state the alleged cause for the termination. The noticed party shall have thirty (30) days to correct the cause allegedly giving rise to the termination of the agreement. If such noticed party shall fail to correct a legitimate violation within such thirty (30) day correction period, the party giving notice of the violation may then immediately terminate the agreement.

Notwithstanding the foregoing paragraph, in the event that the EMPLOYER fails to timely pay any fees in accordance with this agreement, then BRENTWOOD may terminate this agreement merely by giving thirty (30) days prior written notice. BRENTWOOD must state in its termination letter that it is terminating the agreement for non-payment of fees.

C. Renewal and Termination Not for Cause. During the term of this agreement, either party may terminate this agreement by providing sixty (60) days prior written notice of termination to the other party. This agreement shall be automatically renewed for consecutive one (1) month terms at the ending date of this agreement unless written notice of termination is provided by one party to the other party thirty (30) days prior to the ending date of the agreement or any one (1) month extension thereof, or a new agreement is entered into between the parties.

D. Options of the EMPLOYER Upon Termination. Upon termination of this agreement, the EMPLOYER shall have one of the following options:

1. Require BRENTWOOD to return all books, records, files and other information which are described herein as being the property of the EMPLOYER in not more than sixty (60) days to the EMPLOYER, to the extent BRENTWOOD is in possession of such files. The EMPLOYER

shall pay the reasonable costs for the transfer of such books, records, files, and other information; or,

2. Require BRENTWOOD to handle to their conclusion all claims and other obligations reported during the contract period. Should the EMPLOYER choose this option, BRENTWOOD shall be compensated on a per claim basis at BRENTWOOD's then prevailing per claim rate; this compensation shall be in addition to any compensation delineated in this agreement. Should the EMPLOYER choose this option, BRENTWOOD shall, on a quarterly basis, return all books, records, files and other information relative to closed files to the EMPLOYER; the EMPLOYER shall pay the reasonable costs for the transfer of such closed books, records, files, and other information.

E. Duties Limited to Duration of Agreement. It is understood and agreed by the EMPLOYER that the services described herein to be performed by BRENTWOOD are limited to the duration of this agreement and shall cease upon its termination, and BRENTWOOD shall have no further liability or service obligation to the EMPLOYER subsequent to the termination date of this agreement.

F. Billing Upon Termination. Upon termination of this agreement, if monies are owed from one party to the other, BRENTWOOD will furnish to the EMPLOYER its final billing for services rendered under the terms of this agreement as soon as practicable. If such billing results in monies due BRENTWOOD, the EMPLOYER agrees to tender payment within thirty (30) days. If such billing results in monies due the EMPLOYER, BRENTWOOD agrees to tender payment within thirty (30) days.

Section VI – Indemnification

A. Indemnification by the EMPLOYER. The EMPLOYER agrees to indemnify, defend and hold harmless BRENTWOOD with respect to any and all claims by entities and/or persons not a party to this agreement for any and all claims asserted as a result of any alleged error, omission, tort, violation of law or negligence on the part of the EMPLOYER and/or its directors, officers, independent contractors, employees, agents and/or servants, unless, and only to the extent that, such actions were taken at the direction of, or contributed to by BRENTWOOD. The EMPLOYER also agrees to indemnify BRENTWOOD for any and all claims for workers' compensation benefits by persons covered or eligible to be covered by the EMPLOYER.

B. Indemnification by BRENTWOOD. BRENTWOOD agrees to indemnify, defend and hold harmless the EMPLOYER with respect to any and all claims by entities and/or persons not a party to the agreement for any and all claims asserted

as a result of any alleged error, omission, tort, violation of law or negligence on the part of BRENTWOOD and/or its directors, officers, independent contractors, employees, agents and/or servants, unless, and only to the extent that, such actions were taken at the direction of, or contributed to by the EMPLOYER.

- C. **Survival of Indemnification Section.** This Section VI shall survive termination of this agreement.

Section VII – Miscellaneous

- A. **BRENTWOOD an Independent Contractor.** It is expressly agreed and acknowledged by the parties to this agreement that this agreement is intended to create and shall create between the EMPLOYER and BRENTWOOD the relationship of Independent Contractor.
- B. **Entire Agreement.** This agreement contains all the terms agreed upon between the parties with respect to the subject matter hereof, and supersedes any and all prior oral and written communications between BRENTWOOD and the EMPLOYER, including, if applicable, any prior written agreements in conflict herewith. No modification or amendment of this agreement shall be valid unless made in writing and fully executed by the parties; provided, however, that applicable Tennessee statutes and regulations are incorporated herein by reference to the extent such applicable Tennessee statutes and regulations so require.
- C. **Notices.** All notices required herein shall be in writing and shall be sent via certified United States mails or by reputable private carrier (Federal Express, UPS, DHL, etc.), postage prepaid, return receipt requested, to the parties at the following addresses:

If to the EMPLOYER: The County of Blount, State of Tennessee
 387 Court Street
 Maryville, Tennessee 37804

If to BRENTWOOD: Brentwood Services Administrators, Inc.
 104 Continental Place, Suite 200
 Brentwood, Tennessee 37027
- D. **Assignment.** Neither party shall be entitled to assign its rights or obligations under this agreement without the prior written consent of the other party.
- E. **Applicable Law.** This agreement shall be construed and enforced in accordance with the laws of the State of Tennessee.
- F. **Failure to Enforce.** The failure or delay of either BRENTWOOD or the EMPLOYER to take action with respect to any failure of the other party to

observe or perform any of the terms or provisions of this agreement, or with respect to any default hereunder by such other party, shall not be construed as a waiver or operate as a waiver of any rights or remedies of either BRENTWOOD or the EMPLOYER of its right to institute and maintain any action or proceeding which it may deem necessary to protect, assert or enforce any such rights or remedies.

G. Litigation Costs. In the event of litigation between the parties concerning the subject matter of this agreement, the prevailing party shall be entitled to the recovery of costs and expenses incurred in said litigation, including, but not limited to, reasonable attorney's fees.

H. Headings. All headings in this agreement are for convenience of reference only and shall be disregarded.

IN WITNESS WHEREOF, the parties have caused this agreement to be executed on the dates below the parties' signatures, the agreement to be effective on the date above written.

ADDENDUM A

Claims Services

In accordance with Section II of the agreement, this addendum is attached to and shall be incorporated within the agreement between Brentwood Services Administrators, Inc. [hereinafter BRENTWOOD] and the County of Blount, State of Tennessee [hereinafter the EMPLOYER] effective the 22^d day of August, 2006.

I. Workers' Compensation Claims Services

BRENTWOOD shall provide to the EMPLOYER, for level 2 workers' compensation claims reported to BRENTWOOD by the EMPLOYER during the term of this agreement, certain claims services necessary for the day to day servicing of the workers' compensation claims brought against the EMPLOYER by its employees. In particular, BRENTWOOD shall:

1. service, review, investigate, adjust, process and/or resist workers' compensation claims presented against the EMPLOYER;
2. establish claims reserves for each such claim and provide continuous review of and continually update claims reserves to reflect the establishment and/or change in claims reserves;
3. acknowledge to the EMPLOYER, in writing, the receipt of all such claims, on an agreed basis;
4. acknowledge to the EMPLOYER, in writing, all such claims that have been closed, on an agreed basis, such acknowledgement to contain the date the claim was closed and the amount paid;
5. acknowledge to the EMPLOYER, in writing and on an agreed basis, the receipt of all lawsuits, such acknowledgement to contain the name of the defense firm assigned to the case by BRENTWOOD and a copy of the complaint or bill filed. As litigation proceeds, BRENTWOOD shall keep the EMPLOYER apprised, to the extent reasonable, of the dates of discovery requests, depositions, conferences and trials;
6. provide a narrative report to the EMPLOYER on any such claims where the total incurred claim, inclusive of any reserves established, exceeds One Hundred Thousand Dollars (\$100,000.00), on an agreed basis;

7. prepare and maintain a claim file for each such claim, such file to be open at all reasonable times for inspection and copying by the EMPLOYER and its agents, servants, employees and officers upon request;
8. prepare, maintain and file any and all records and reports that may be required by any state regulatory agencies in connection with BRENTWOOD's handling of such claims, as instructed by the EMPLOYER;
9. coordinate the assignment of and/or provide utilization management services and case management services on claims requiring or needing such services. Charges for such services are allocated loss expense, and thus the EMPLOYER shall be billed and make payment for all such expenses in addition to the fees delineated in Addendum B. BRENTWOOD may utilize the services of a subcontractor to perform all or a portion of such services, and the EMPLOYER understands and agrees that BRENTWOOD may be compensated for its administrative expense in connection with the provision of such services. Billing and payment shall occur at least monthly;
10. provide bill review services at One Dollar and Eighty Cents (\$1.80) for each itemized line reviewed to reduce the bill to the fee schedule or reasonable and customary amounts as applicable. Further reductions on the bill to reflect preferred provider organization savings below the fee schedule or reasonable and customary amounts will be billed at Twenty-Eight Percent (28%) of preferred provider organization savings. Charges for such bill review services are allocated loss expense, and thus the EMPLOYER shall be billed and make payment for all such expenses in addition to the fees delineated in Addendum B. Billing and payment shall occur at least monthly. BRENTWOOD may utilize the services of a subcontractor to perform all or a portion of such bill review;
11. recommend panel physicians, as required or permitted by law, and assist in the implementation of the services such panel physicians provide;
12. investigate and determine subrogation possibilities and subsequent injury fund recovery possibilities, as appropriate;
13. pay out of the EMPLOYER's claims fund account such disability (lost time; indemnity) benefits, medical benefits, death benefits, allocated loss expense and any other loss and expense as may be required to comply with applicable workers' compensation laws, including any judgments or expenses as set forth in this addendum and the agreement;
14. provide any information requested by any appropriate reinsurance and/or excess insurance carrier(s); and,

15. provide to such certified public accountants, attorneys or actuaries any claim cost information as may be reasonably directed by the EMPLOYER.

II. General Liability Claims Services

BRENTWOOD shall provide to the EMPLOYER, for level 2 general liability claims reported to BRENTWOOD by the EMPLOYER, certain claims services necessary for the day to day servicing of such general liability claims. In particular, BRENTWOOD shall:

1. service, review, investigate, adjust, process and/or resist, where appropriate, general liability claims presented against the EMPLOYER;
2. establish claims reserves for each such claim and provide continuous review of and continually update claims reserves to reflect the establishment and/or change in claims reserves;
3. acknowledge to the EMPLOYER, in writing, the receipt of all such claims, on an agreed basis;
4. acknowledge to the EMPLOYER, in writing, all such claims that have been closed, on an agreed basis, such acknowledgement to contain the date the claim was closed and the amount paid;
5. prepare a loss report respecting all such claims with such information as the EMPLOYER may reasonably direct or an agreed basis;
6. acknowledge to the EMPLOYER, in writing and on an agreed basis, the receipt of all legal actions, such acknowledgement to contain the name of the defense firm assigned to the case by BRENTWOOD on the EMPLOYER's behalf and a copy of the complaint or bill filed. As litigation proceeds, BRENTWOOD shall keep the EMPLOYER reasonably apprised, pursuant to guidelines provided by the EMPLOYER, of the status of any litigation, including but not limited to the dates of discovery requests, depositions, conferences and trials;
7. prepare and maintain a claim file for each such claim, such file to be open at all reasonable times for inspection and copying by the EMPLOYER and its agents, servants, employees and officers upon request;
8. prepare, maintain and file any and all records and reports that may be required by any state regulatory agencies in connection with BRENTWOOD's handling of such claims, as instructed by the EMPLOYER;

9. investigate and determine subrogation claim possibilities, as appropriate;
10. pay out of the EMPLOYER's general liability claims fund account such losses and expenses as the EMPLOYER is required to pay by law;
11. timely provide any information requested or required by any appropriate reinsurance and/or excess insurance carrier(s); and,
12. provide to such certified public accountants, attorneys or actuaries any claim cost information as may be reasonably directed by EMPLOYER.

Level 2 claims are claims that are referred to BRENTWOOD for handling where BRENTWOOD provides the full level of claims services delineated within this agreement. Level 1 claims are claims that are not referred to BRENTWOOD for handling, but instead are handled in-house by the EMPLOYER, with BRENTWOOD merely being given notice of the claim.

The claims services provided by BRENTWOOD under this addendum and this agreement shall be in accordance with any rules and regulations adopted by the EMPLOYER and provided to BRENTWOOD, the rules and regulations of any governmental regulatory authority, and in accordance with any express requirement of any reinsurance and/or excess insurance contracts issued to the EMPLOYER, all as consistent with applicable law.

ADDENDUM B

Fee Schedule

In accordance with Section III of the agreement, this addendum is attached to and shall become incorporated within the agreement between Brentwood Services Administrators, Inc. [hereinafter BRENTWOOD] and the County of Blount, State of Tennessee [hereinafter the EMPLOYER] effective the 22^d day of August, 2006.

- A. Service Fee.** The EMPLOYER shall pay to BRENTWOOD a service fee according to the following schedule:

For new workers' compensation claims reported:

Indemnity (Lost Time) Claims, per claim:	\$750.00
Medical Only Claims (level 2), per claim:	\$125.00
Medical Only Claims (level 1), per claim:	\$65.00

For all open workers' compensation claims (and re-opened claims) that pre-date the effective date of the agreement:

Indemnity (Lost Time) Claims, per claim:	\$225.00
Medical Only Claims, per claim:	FREE OF CHARGE

For new general liability claims reported:

Level 2 Claims, per claim:	\$275.00
Level 1 Claims, per claim:	\$65.00

For all open general liability claims (and re-opened claims) that pre-date the effective date of the agreement, per claim:

\$150.00

For claims entered into BRENTWOOD's system for informational (recording) purposes only, per claim:

FREE OF CHARGE

Level 2 claims are claims that are referred to BRENTWOOD for handling where BRENTWOOD provides the full level of claims services delineated within this agreement. Level 1 claims are claims that are not referred to BRENTWOOD for handling, but instead are handled in-house by the EMPLOYER, with BRENTWOOD merely being given notice of the claim. All service fees respecting a particular claim are entirely earned at the time (i) for Level 2 claims, the claim is referred to BRENTWOOD; or (ii) for Level 1 claims, notice of the claim is given to BRENTWOOD.

The EMPLOYER shall be billed on a quarterly basis for the service fees incurred for the previous quarter. Payment shall be due to BRENTWOOD on or before thirty (30) days after the billing date.

- B. Data Conversion Fee.** In addition to any other fee herein delineated, for the conversion/transfer of the EMPLOYER's claims history electronic data from its previous vendor's information system into BRENTWOOD's information system, the EMPLOYER shall pay to BRENTWOOD Two Thousand Five Hundred Dollars (\$2500.00) per annum. The entire amount of the data conversion fee is earned at the commencement of this agreement and is due to BRENTWOOD on or before August 22, 2006.

- C. Account Administration Fee.** In addition to any other fee herein delineated, to administer the account of the EMPLOYER, the EMPLOYER shall pay to BRENTWOOD a fee of Six Thousand Five Hundred Dollars (\$6500.00) per annum. The entire amount of the account administration fee is earned at the commencement of this agreement and is due to BRENTWOOD on or before August 22, 2006.

It is understood and agreed that nothing in this agreement shall be construed as prohibiting BRENTWOOD or any of its affiliates from receiving ordinary and reasonable commission(s) from any reinsurer and/or insurer(s) providing reinsurance and/or excess insurance or other insurance coverage(s) as shall be necessary and/or desired by the EMPLOYER; no such commission(s) shall be considered a setoff against the fees due under this agreement.

It is further understood and agreed between BRENTWOOD and the EMPLOYER that the above fees contemplate BRENTWOOD providing the services described in this agreement only during the time that this agreement, or a renewal thereof, is in full force and effect.

It is further understood and agreed that BRENTWOOD shall receive fees for bill review services, utilization review services, and medical cost containment services in addition to the fees delineated herein as more fully delineated in Addendum A herein, such fees being considered an allocated loss expense in accordance with Addendum B herein.

8/15/2006

departments, agencies and boards that are handled by the county trustee.

(2) The accounting, bank accounts, personnel and salary policies, and other policies of the funds and offices of the clerks of courts, county clerk, register of deeds, sheriff and trustee, that were not subject to the budgeting authority of the county legislative body prior to application of this part, are not subject to the provisions of this part. This part shall not be construed as authority over the fee and commission accounts of other accounts that are not handled by the trustee for offices other than the trustee nor for the trustee's fee and commission account. This part shall not be construed as authority over personnel policies or procedures or salaries of the various county offices or departments, except with respect to requiring necessary recordkeeping and reporting needed for performing the payroll functions as prescribed by the finance committee.

(b) The finance department shall be responsible for purchasing, accounting, budgeting, payroll, cash management and other such financial matters of the county as provided in this chapter.

(c) All employees performing the functions of purchasing, payroll, accounting and budgeting in the various operating departments shall be transferred to the supervision of the director of finance, and such salaries, benefits and expenses relating to such personnel shall be budgeted under the finance department, notwithstanding any other law to the contrary. No employee may be transferred, however, from the office of the trustee, county clerk, assessor of property, clerks of courts, register of deeds or sheriff.

(d) (1) The department shall establish a system of fiscal management, control, accounting, budgeting, purchasing and cash management as herein provided.

(2) Such system shall conform to generally accepted principles of governmental accounting and shall be in substantial agreement with the recommendations of the national council of governmental accounting, and the rules and regulations established by the comptroller of the treasury, commissioner of education and state law.

(e) (1) Notwithstanding any provision of this chapter to the contrary, the county legislative body may exclude, by two thirds (2/3) majority vote, the county hospitals or nursing homes, or both, from the provisions of this chapter. In the event county hospitals or nursing homes, or both, are excluded, the county legislative body may establish, after allowing the financial management committee to submit recommendations, financial procedures and reporting requirements to include, but not to be limited to, the following:

(A) Monthly financial reports;

(B) Approval of the required annual audit contract with a licensed Tennessee certified public accountant and the reports presented in such audit;

(C) Inspection of records, bank statements and other financial records; and

(D) Approval of the annual budget by the county legislative body prior to the beginning of the fiscal year.

(2) If a hospital or nursing home, or both, is excluded from the provisions of this chapter, the county legislative body may by two-thirds (2/3) majority vote include such hospitals or nursing homes, or both, under the provisions of this chapter. Upon voting to include such hospital or nursing home, or both, implementation of the provisions of this chapter shall begin no later than the beginning of the next fiscal year.

5-21-104. Financial management committee - General provisions.

- (a) A county financial management committee is hereby created.
- (b) (1) The committee shall consist of the county mayor, supervisor of highways, director of schools, and four (4) members elected by the county legislative body at its regular September session of each year or at any subsequent session.
- (2) The four (4) members elected by the county legislative body need not be members of such body.
- (c) Such committee shall elect its own chair and shall meet from time to time as it may deem necessary for the discharge of its duties as provided in this section.
- (d) The director shall be the ex officio secretary of such committee.
- (e) (1) The committee shall establish and approve policies, procedures and regulations in addition to the specific provisions of this chapter, for implementing a sound and efficient financial system for administering the funds of the county.
- (2) Such system shall include budgeting, accounting, purchasing, payroll, cash management and such other financial matters necessary to an efficient system.

- (a) On or before February 1 of each year the budget committee, in conjunction with the director, shall prescribe the budgetary procedures, forms, calendar and other information as may be necessary to implement the budgetary procedures contained in this chapter.
- (b) On request of the budget committee each department or office of county government shall submit a proposed budget for the succeeding fiscal year and such other budgetary information requested by the director of the budget committee.
- (c) (1) From information submitted the director shall prepare a consolidated budget document.
- (2) Such document shall show by item the amounts estimated by the various departments and officials required for the efficient operation of the county government from the county general fund, the debt service funds, highway funds, school funds and all other funds.
- (3) Such document shall show an estimate of the revenues to be received by each of the funds during the next fiscal year and an estimate of the unencumbered fund balance of each of such funds at the beginning of the fiscal year.
- (d) (1) The director shall file the consolidated budget with the budget committee.
- (2) The budget committee shall review and present the recommended budget to the members of the county legislative body at least ten (10) days prior to the July meeting.
- (3) Such budget shall contain an itemized and classified plan of all proposed expenditures and estimated receipts for the ensuing fiscal year as submitted by each department, office or agency and recommended by the budget committee, and shall conform to the uniform classification of accounts established by the director in accordance with the prescribed state uniform accounting system.
- (4) It is expressly provided that the classification of expenditures and receipts of any and all county school funds for any purpose, administered by the county board of education and county director of schools, shall conform to the classification of accounts as prescribed by the commissioner of education.
- (5) The budget committee shall fully provide in the budget for all requirements for debt service, interest and bond maturities and for any cash deficit in any fund at the beginning of the fiscal year, and shall propose a tentative tax rate to fund such budget. The budget committee shall fully provide for any court-ordered expenses, including, but not limited to, deputies' and assistants' salaries authorized by court order pursuant to title 8, chapter 20. The budget, when adopted, shall appropriate funds to fully comply with such court order. The county legislative body shall adopt any budget amendment necessary to implement the provisions of such court order.

Expenditures shall be summarized by salaries and other costs. The budgetary comparison shall also present beginning and ending fund balances and the number of employee positions.

(2) Such publication shall also contain a notice of a public hearing to be conducted by the budget committee at which any citizen of the county upon five (5) days' written request shall have the right to appear and state such citizen's views on the budget.

(b) The budget committee shall present the budget to the county legislative body at the regular July meeting each year or at a special session called for this purpose prior to the regular July meeting.

(c) The proposed budget shall be accompanied by a budget message explaining the financial program and outlining the services, work and activities to be financed by the proposed budget and a brief discussion of the means proposed for financing the expenditure program set forth in the budget.

(d) With the proposed budget, the budget committee shall deliver to the county legislative body a budget appropriation resolution and a tax levy resolution.

(e) (1) The county legislative body may alter or revise the proposed budget except as to provision for debt service requirements and for other expenditures required by law.

(2) The county legislative body shall finally adopt a budget in July.

(f) (1) After the adoption of the budget, any county department, agency or official shall be entitled to a hearing before the county legislative body in order to justify any proposed additional requests or budget estimates.

(2) The director may make quarterly allotments to any department, agency or official seeking a budget hearing in an amount not in excess of that approved in the budget for such quarter.

(3) Upon amendment of the budget, the director shall make a supplemental allotment or impound the funds of any department, agency or official to bring such appropriations in line with the amended budget.

(g) The budget, the appropriation resolution, and the tax levy resolution, as adopted, shall be spread upon the minutes of the county clerk.

5-21-112. Appropriations - Later modifications - Impounding.

- (a) The appropriations made in the appropriation resolution, or any amendment thereto, shall constitute the limit to expenditures for the various purposes and from the several funds of such county for the fiscal year covered by the resolution, and no expenditure shall be made or obligation created in excess of such limitation.
- (b) Any resolution presented to the county legislative body in any fiscal year, after the original appropriation resolution has been adopted and the tax rate for the year fixed by the county legislative body, that provides for an appropriation in addition to those made in the original budget appropriation, shall specifically provide by tax levy sufficient revenues, or designate the source of funds to meet expenditures to be made in consequence of such additional appropriation.
- (c) (1) If at any time during the fiscal year it shall become apparent that the revenues of any of the county's funds, together with its unencumbered cash balance at the beginning of such year, will not be sufficient to equal the amount of the original appropriations, it shall be the duty of the director to impound the appropriations from such fund in such amount as shall be necessary to balance such account. Nevertheless, the impoundment power provided by this section shall not apply to the funds appropriated to the offices of trustee, county clerk, assessor of property, clerks of courts, register of deeds or sheriff.
- (2) Upon the written approval of the committee, such impounded funds shall be released.

(1) Review of all contracts or purchases for biddable supplies, materials, equipment, and other needs of the county, shall be made by the purchasing agent;

(2) No purchase or contract shall be made when the bid prices exceed the current market price for the same merchandise or service;

(3) Purchases and contracts shall be awarded based on the lowest and best bid;

- (4) Specifications development shall be made by the department, agency or official to receive the merchandise, construction or service;
- (5) The purchasing agent shall:
- (A) Review specifications and changes to allow for maximum competition of prospective bidders;
 - (B) Prepare formal and informal bids;
 - (C) Collect sealed bids;
 - (D) Open bids through a procedure open to the public;
 - (E) Evaluate, compare and submit bids for approval by the committee, if so deemed by the committee;
 - (F) Issue purchase orders and contracts; and
 - (G) Verify receiving the merchandise or service;
- (6) The director shall:
- (A) Accept requisitions by the department, agency or official, and, if such supplies are not currently on hand, transmit such requisition to the purchasing agent;
 - (B) Verify budget appropriations before authorizing a purchase;
 - (C) Approve invoices for payment; and
 - (D) Pay invoices and obligations of the county as provided herein; and
- (7) Emergency purchases, total cost bidding, blanket purchases for small orders, grouping of purchases of the various departments, and other methods for receiving the most competitive price and best bid. Emergency purchases shall be limited to needs arising that are not normally foreseeable. (2) The bond shall be prepared in accordance with the provisions of title 8, chapter 19, approved by the county legislative body, recorded in the office of the county register of deeds and transmitted to the comptroller of the treasury for safekeeping.

(3) The premium for such bond shall be paid from the county general fund.

(d) (1) The compensation of the director, which shall not be in excess of compensation allowed county officials in accordance with §§ 8-24-101 and 8-24-102, shall be set annually by the county legislative body or other governing

body of the county.

(2) The amount of such compensation, the compensation of such stenographers, typists or assistants as the director may need, and the other necessary expenses of the director's office shall be provided for by annual appropriation from the county general fund.

(e) The director has the power, in accordance with such regulations as may be established from time to time by the county mayor, to appoint and remove the director's assistants, to prescribe their duties, and to fix their salaries within the limits of the annual appropriation.

(f) (1) In any county having a population of not less than thirty-eight thousand six hundred (38,600) nor more than thirty-eight thousand seven hundred (38,700), according to the 1970 federal census or any subsequent federal census, the director shall not be terminated or discharged without the approval of the county legislative body.

(2) The provisions of this subsection (f) shall not apply in any county that has a metropolitan form of government.

5-13-104. Fiscal procedure system.

(a) There shall be set up and maintained in the office of the director of accounts and budgets a system of fiscal procedure, control and centralized accounting, set out and described in this section, which shall be under the administrative control and direction of the director; but such system shall be conducted in full accordance with the general law of this state respecting the duties and responsibilities of the county mayor as fiscal agent of the county.

(b) The system of fiscal procedure, control and accounting provided for in this section shall conform to generally accepted principles of governmental accounting and shall be in substantial agreement with the recommendations of the national committee on governmental accounting.

(c) The system shall include such records and procedures as may be required to accurately reflect the assets, liabilities, income and expenditures of each fund of the county, together with such records, accounts and files as are necessary to record and control:

(1) The transactions relating to county revenues, and the revenues for each of its several funds;

(2) The transactions relating to the adopted budget and appropriations, including the expenditures and encumbrances against each item of appropriations;

(3) The transactions relating to the bonded debt; and

(4) Such other records as may be necessary to facilitate the operation of the adopted budget and the proper accounting

for each item of county expenditure.

5-13-105. Director of accounts and budgets - Accounting duties generally.

(a) It is the duty of the director of accounts and budgets to:

- (1) Post and otherwise keep the records of the central accounting system;
- (2) Verify all bills, invoices, payrolls and claims against the county before payment; and
- (3) Check the settlements and reports of the various officials and department heads of the county government.

(b) (1) The director shall also, after careful pre-audit of invoices, bills and claims against the county or any of its funds, prepare disbursement warrants on all county funds.

(2) It is the duty of such director to sign all county disbursement warrants as evidence of such director's audit and approval of the expenditure made thereby, but no disbursement warrant drawn on the county trustee shall become a county liability payable by the county trustee until such warrant shall also have been signed by the county mayor, county director of schools, or other official or officials whose signatures are required on such warrants.

(c) (1) The director shall install, with the approval of the comptroller of the treasury, a uniform classification of accounts, including a classification of revenues and expenditures, to be used in accounting, budgeting and financial reporting respecting all county funds, offices, agencies and activities of the county governments, with the exception of school funds administered by the county board of education and the county superintendent of schools, and shall prescribe the forms to be used by each official and employee of the county in connection therewith.

(2) The classification of expenditures and receipts of county school funds shall conform to the classification of accounts as prescribed by the commissioner of education.

(d) (1) The director shall set up and maintain a double entry system of accounting for recording the transactions of all of the county's funds, including both proprietary and budgetary accounts, in conformity with the requirements set out in § 5-13-104.

(2) The accounts shall be kept on the modified cash basis.

(e) (1) The director shall set up the necessary accounts to properly record the annual budget and each appropriation made by the county legislative body.

(2) All encumbrances, expenditures or other charges against any item of the budget shall be promptly recorded in order that the unencumbered balance of each item of the budget shall be readily ascertainable at all times.

(f) (1) At the end of each month, the director shall prepare a comprehensive report of all revenues and expenditures of the county and of each of its several funds, departments, offices, agencies and activities, all encumbrances against the several appropriations, and the condition of each item of appropriation in the annual budget.

(2) The most recent of such reports shall be presented to the county legislative body at each quarterly meeting and copies of such reports shall be furnished the members thereof.

(g) (1) The director shall pre-audit all payrolls of the county before payment and shall maintain complete earnings records of each employee of the county.

(2) The director and the county mayor are hereby authorized to maintain a special county payroll account at a local bank at the county seat, in which disbursement warrants for the total of each payroll may be deposited and against which individual net earning checks may be issued to each of the county employees.

(3) The county mayor may authorize the issuance of such payroll checks on the signature of the director, and in such event the depository bank shall be so instructed.

of accounts and budgets an itemized statement of the funds estimated to be required for the county road program for the ensuing fiscal year and for the construction, operation, repair and maintenance of the county road system and for the general administration of the highway department, together with an estimate of the highway and road funds expected to be received during such fiscal year.

(b) The county board of education, after preparing its annual budget as now provided by law, shall file such budget with the director of accounts and budgets for inclusion in the complete budget document to be presented to the budget committee.

(c) The county mayor, on or before April 1 of each year, shall file with the director of accounts and budgets an itemized statement of the amounts that the county mayor estimates are necessary to be expended from the county general fund, the debt service funds and from all other funds, excluding highway funds, school funds, and funds derived from the sale of bonds, together with an estimate of the revenue to be received during the next fiscal year.

(d) Each of the other operating departments, institutions, offices and agencies shall file with the director of accounts and budgets on or before April 1 of each year a detailed estimate of its requirements for expenditures from the county's funds for the ensuing fiscal year, together with an estimate of any county revenues to be received by such agency, office or department.

(e) The director of accounts and budgets, on or before May 1 of each year, shall file a consolidated budget document with the budget committee showing an itemized statement of the amounts estimated by the various departments and officials to be required for the efficient operation of the county government from the county general fund, the debt service funds, highway funds, school funds and all other funds, together with an estimate of the revenues estimated to be received by each of the funds during the next fiscal year and an estimate of the unencumbered cash balance of each of the funds at the beginning of the fiscal year.

5-12-107. Committee action on budget.

(a) (1) At least forty-five (45) days prior to the beginning of each fiscal year, the budget committee shall review and adopt the annual budget.

(2) The budget shall contain an itemized and classified plan of all proposed expenditures and estimated receipts for the ensuing fiscal year, and shall conform to the uniform classification of accounts established by the director of accounts and budgets.

(3) The classification of accounts must be first approved by the comptroller of the treasury.

(4) It is expressly provided that the classification of expenditures and receipts of any and all county school funds for any purpose, administered by the county board of education and the county director of schools shall conform in all respects to the classification of accounts as prescribed by the commissioner of education.

(b) Opposite each item of estimated revenue, the budget document shall show in opposite parallel columns the amount actually collected for the last completed fiscal year, a revised estimated amount for the current fiscal year, and the estimate for the ensuing fiscal year.

(c) Likewise, opposite each item of proposed expenditure, the budget document shall show the amount actually expended for such item during the last completed year, the probable amount that will be spent during the current fiscal year and the proposed appropriations or expenditure estimate for the ensuing fiscal year.

(d) In preparing the budget, the budget committee may revise, as it deems necessary, the estimates or requests made by the various departments, officials, offices, institutions and agencies of the county, but any county official or employee shall be entitled to a hearing before the budget committee with reference to any contemplated changes in the county official's or employee's budget requests or estimates.

(e) The budget committee shall certainly and fully provide in the budget for all requirements for debt service, interest and bond maturities and for any cash deficit in any fund at the beginning of the fiscal year, and shall propose a tentative tax rate for the current calendar year.

(a) (1) (A) At least ten (10) days before the budget committee conducts a public hearing as provided in subdivision (a) (3), the budget committee shall cause the proposed annual operating budget to be published in a newspaper of general circulation.

(B) This budget shall contain a budgetary comparison for the following governmental funds:

(i) General;

(ii) Highway/public works;

(iii) General purpose school fund; and

(iv) Debt service

that shall include comparisons of the proposed budget with the current year and the prior year.

(C) The budgetary comparisons shall be by individual fund and shall summarize revenues by local taxes, state of Tennessee, federal government and other sources. Expenditures shall be summarized by salaries and other costs. The budgetary comparison shall also present beginning and ending fund balances and the number of employee positions.

(2) The publication shall also contain a notice of a public hearing to be conducted by the budget committee at which any citizen of the county shall have the right to appear and state such citizen's views on the budget.

(3) Such public hearing shall be held by the budget committee not later than ten (10) days prior to the beginning of the fiscal year.

5-12-110. Expenditures - Limitations and restrictions - Disbursement warrants.

(a) The appropriations made in the appropriation resolution, or any amendment thereto, shall constitute the limit to expenditures for the various purposes and from the several funds of such county for the fiscal year covered by the resolution, and no expenditure shall be made or obligation created in excess of such limitation.

(b) Any resolution presented to the county legislative body or other governing body in any fiscal year, after the original appropriation resolution has been adopted and the tax rate for the year fixed by that body, that provides for an appropriation in addition to those made in the original budget appropriation resolution, shall specifically provide sufficient revenue or other funds to meet expenditures to be made in consequence of such additional appropriation.

(c) If at any time during the fiscal year it shall become apparent that the revenues of any of the county's funds, together with its unencumbered cash balance at the beginning of such year, will not be sufficient to equal the amount of the original appropriations, it shall be the duty of the director of accounts and budgets and the county mayor to impound the appropriations from such fund in such amount as shall appear necessary, subject to the written approval of the budget committee.

(d) (1) The appropriations made by the county legislative body or other governing body, as provided in subsections (a) through (c), shall constitute authorization for expenditures; and expenditures may be made and obligations created against any appropriation to an aggregate total of the amount appropriated for such item.

(2) However, the expenditures and encumbrances against the amounts appropriated shall be made only in consequence of an order issued by the purchasing agent and subsequent approval of the invoice by the director of accounts and budgets; except that payrolls and bills for telephones, water, gas, electric and other utility services shall first be checked and approved for payment by the various departments or otherwise as provided by law, and county obligations imposed by law shall be approved by the proper authority before being submitted to the director of accounts and budgets for payment.

(3) No expenditures made or obligations created in any manner other than so specified or authorized in this part shall be valid or binding against the county; provided, that the purchasing commission may issue such regulations as it deems necessary for the prompt handling of bona fide emergencies.

(e) Accounts and other obligations of the county department of education, other than payrolls, after pre-audit by the director of accounts and budgets, shall be paid by disbursement warrants drawn on the county trustee by the county board of education, but copies of all disbursement warrants issued by the board of education, showing the accounting classification chargeable, shall be furnished by the board of education to the director of accounts and budgets daily as issued. In lieu of such requirement, such disbursement warrants may be prepared in the office of the director of accounts and budgets for the county board of education.

(f) (1) Expenditures from all other funds of the county, except school funds, shall be made by disbursement warrants on the county trustee signed by the county mayor and the director of accounts and budgets, and no other official, department, institution or agency of the county shall issue negotiable warrants or vouchers for such expenditures.

(2) Before any disbursement warrant shall be issued in discharge of any obligation, a detailed invoice or statement thereof shall be filed with the director of accounts and budgets, and it shall be the director's duty to carefully check all such invoices to determine if they are correct, if the goods or services have been received or rendered as stated, and if the obligation is just, authorized or legally binding on the county.

(g) Bills and accounts incurred in accordance with authorized appropriations shall be paid promptly in order that the county may obtain the benefit of cash discounts; and for this purpose, it shall not be necessary for any such bill or account to be filed and recorded by the county clerk or to be approved before payment by the county legislative body or by any committee or commission appointed by it.

5-12-111. Monthly report of director.

(a) The director of accounts and budgets shall make a report at the end of each month showing the condition of the budget.

(b) (1) The report shall show for each item of appropriation, or allotment of each item of appropriation, or both, the total expenditures for the month and the year to date, the amount of outstanding encumbrances and the amount of the unencumbered balance.

(2) The report shall also show for each fund an itemized statement of the revenues and receipts estimated for the year, the amount of the collections of each item for the month and the year to date and the unrealized portion of the estimate.

(3) In a parallel column shall be shown the amount of each item or revenue during the comparable elapsed period of the preceding fiscal year.

(c) (1) The most recent of such reports shall be presented by the county mayor at each regular session of the county legislative body or other governing body.

(2) At such time, the county mayor shall advise the county governing body of the condition of the budget, and of any adjustment or reduction of appropriations that should be made, and shall recommend any other action that, in the county mayor's opinion, the county governing body should take in order that the budget shall be kept in balance.

5-14-107. Rules and regulations.

The county purchasing agent, with the assistance of the county purchasing commission, shall adopt, promulgate, and may from time to time amend, rules and regulations for the purchase of supplies, materials, equipment and contractual services and specifically for the following purposes:

- (1) Authorizing in writing any department, official or agency of the county government to make purchases in the open market for immediate delivery in emergencies, defining such emergencies, describing the manner in which such

emergency purchases shall be made and promptly afterward reported to the county purchasing agent;

(2) Prescribing the manner in which supplies, materials and equipment shall be requisitioned, purchased, delivered, stored and distributed, and providing that such shall be conducted in accordance with the provisions of this part;

(3) Prescribing the dates for submitting requisitions and estimates, the future period they are to cover, the form in which they are to be submitted, the manner of their authentication, and their revision by the county purchasing agent;

(4) Prescribing the manner of inspecting all deliveries of supplies, materials and equipment, and of making or procuring chemical and physical tests of samples submitted with bids and samples of deliveries to determine compliance with specifications;

(5) Requiring periodical and special reports by county departments, agencies, and employees of stocks of surplus, unusable or obsolete supplies and equipment on hand and prescribing the form of such reports;

(6) Providing for the transfer to or between county departments and agencies of supplies and equipment on hand, that are surplus with one (1) department or agency, but that may be needed by another or others, and for the disposal by sale, after receipt of competitive bids, of supplies, materials and equipment that are obsolete or unusable;

(7) Determining whether a deposit or bond is to be submitted with a bid on a purchase contract or sale, and if required, prescribing the amount and form thereof, and providing that such surety shall be forfeited if the successful bidder refuses to enter into contract ten (10) days after the award;

(8) Prescribing the manner in which invoices for supplies, materials, equipment and contractual services delivered to any and all departments, agencies and offices of the county shall be submitted, examined and approved;

(9) Providing for all other such matters as may be necessary to give effect to the foregoing rules and to the provisions of this part; and

(10) Prescribing the manner in which public auctions for the sale of county-owned property, real or personal, that has become surplus, obsolete or unusable shall be conducted.

5-14-108. Purchases, sales, etc. - Bidding, auctions.

(a) (1) All purchases of and contracts for purchases of supplies, materials, equipment and contractual services, and all contracts for the lease or rental of equipment, and all sales of county-owned property that has become surplus, obsolete or unusable, shall be based wherever possible on competitive bids.

(2) Contracts for legal services, auditing services by certified public accountants, and similar services by professional persons or groups of high ethical standards shall not be based upon competitive bids but shall be awarded on the basis

of recognized competence and integrity.

(3) Bids need not be required for services for which the rate or price is fixed by a public authority authorized by law to fix such rates or prices.

(4) The prohibition in this subsection (a) against competitive bidding shall not prohibit the county from interviewing eligible persons or groups to determine the capabilities of such persons or groups.

(b) The county may purchase materials, supplies, commodities and equipment from any federal, state or local governmental unit or agency, without conforming to the competitive bidding requirements of this part.

(c) (1) If the amount of the expenditure or sale is estimated to exceed five hundred dollars (\$500), sealed bids shall be solicited, unless the county legislative body by resolution establishes a higher amount not to exceed five thousand dollars (\$5,000).

(2) The county legislative body by resolution may exempt perishable commodities from the requirements of sealed or competitive bidding when such items are purchased in the open market.

(3) The county purchasing agent shall solicit sealed bids by public notice inserted at least once in a newspaper of county-wide circulation, five (5) days prior to the final date for submitting bids or by posting notices on a public bulletin board in the county courthouse.

(4) The county purchasing agent shall also, when deemed necessary or desirable, solicit sealed bids by sending requests by mail to prospective suppliers.

(5) All such notices shall include a general description of the commodities or contractual services to be purchased or property to be sold, and shall state where bid blanks and specifications may be obtained and the time and place of opening bids.

(d) (1) All purchases or sales in amounts that do not require bid solicitation pursuant to subsection (c) may be made by the county purchasing agent in the open market without newspaper notice, but shall whenever possible be based upon at least three (3) competitive bids.

(2) Requisitions for items estimated to cost an amount such as to require public newspaper notice shall not be subdivided in order to circumvent the requirement for public newspaper notice as herein provided.

(3) All sales by the purchasing agent shall be made to the highest responsible bidder.

(e) Bids on purchases shall in all cases be based on such standards as may be adopted and promulgated by the county purchasing agent and approved by the county purchasing commission.

(f) All open market purchase orders or contracts made by the county purchasing agent or in extreme emergencies by any county department or agency shall be awarded to the lowest and best bidder, taking into consideration the qualities of the articles to be supplied, their conformity with specifications, their suitability to the requirements of the county government, and the delivery terms. Any or all bids may be rejected for good cause.

(g) All bids taken under the requirements of this part, and all other documents, including purchase orders, pertaining to the award of contracts on such bids, shall be preserved for a period of five (5) years.

(h) If all bids received on a pending contract are for the same unit price or total amount, the county purchasing agent shall have authority to reject all bids and to purchase the required supplies, materials, equipment or contractual services in the open market; provided, that the price paid in the open market does not exceed the bid price.

(i) All sealed bids received shall be opened publicly at the time and place fixed in the advertisement. Each bid, with the name and address of the bidder, shall be entered on a record, and each record with the names of the bidders, the amounts of their bids, and the name of the successful bidder indicated thereon, shall, after the award or contract or

order, be open to public inspection.

(j) All contracts shall be approved as to form by the county attorney, and the original copy of each long-term contract shall be filed with the county clerk.

(k) No purchase shall be made or purchase order or contract of purchase issued but in consequence of a written requisition for the supplies, materials, equipment or contractual services required, which requisition shall be signed by the head of the department, office or agency of the county requiring such articles or services. Original copies of all such requisitions shall be kept on file in the office of the county purchasing agent.

(l) No purchase shall be made or purchase order or contract of purchase issued for tangible personal property or services by county officials or employees, acting in their official capacity, from any firm or individual whose business tax or license is delinquent.

(m) (1) The county purchasing agent is authorized to purchase and contract to purchase materials, supplies, equipment and contractual services on a fiscal year basis, but no commitment shall be made that extends beyond the end of the current fiscal year for which appropriations have been made by the county legislative body, except such commitments as are authorized by resolution of the county legislative body.

(2) In the determination of the county's annual needs of certain commodities or services, or both, the county purchasing agent may request the various departments, offices and agencies of the county government to anticipate their needs for the remainder of the fiscal year and to issue their requisitions based upon such estimates.

(n) (1) Perishable commodities, at the election of the local governing body, may be exempted from the requirements of public advertisements and competitive bidding when such items are purchased in the open market.

(2) A record of all such purchases shall be made by the purchasing agent and shall specify the amount paid, the items purchased, and from whom the purchase was made.

(3) A report of such purchases shall be made to the county mayor and the governing body of the county at frequencies specified by the governing body.

(4) Fuel and fuel products may be purchased in the open market without public newspaper notice, but shall whenever possible be based on at least three (3) competitive bids. Fuel and fuel products may be purchased from the department of general services' contract where available.

(5) This subsection (n) shall apply to any county having a population of not less than seventy-seven thousand seven hundred (77,700) nor more than seventy-seven thousand eight hundred (77,800), according to the 1980 federal census or any subsequent census, if it is approved by a two-thirds ($\frac{2}{3}$) vote of the county legislative body of any county to which it may apply.

(o) (1) All sales of county-owned property, real or personal in nature, that has become surplus, obsolete or unusable shall be made by public auction as defined in §§ 47-2-328 and 62-19-101 or by sealed bid under this section, in the discretion of the purchasing agent or responsible official.

(2) The county purchasing agent shall give public notice of such auction by inserting at least once in a newspaper of county-wide circulation or by posting on a public bulletin board in the county courthouse at least five (5) days prior to the date of such auction, a notice specifying the auction date, time, place, property to be sold and terms of such auction.

(3) The provisions of this subsection (o) do not apply to any books, recordings, or other material previously in general circulation at a county public library; provided, however, that the county public library shall conduct a public sale of surplus, obsolete or otherwise unusable books, recordings or other materials previously in general circulation at the county public library and shall give public notice of such sale by inserting at least once in a newspaper of county-wide circulation, by posting such sale on a Web site maintained by the county, or by posting on a public bulletin board in the

county courthouse and at the county public library at least five (5) days prior to the date of such sale, a notice specifying generally that such a sale shall occur, including the dates, times, places, and terms of such sale.

5-12-210. Adoption of budget, tax rate and appropriation resolution.

(a) The county legislative body shall each year adopt a budget, tax rate and appropriation resolution on or before twelve o'clock midnight (12:00) of the earlier of the date provided in any private act, or applicable under the County Financial Management System of 1981, compiled in chapter 21 of this title; or applicable under the County Budgeting Law of 1957, compiled in part 1 of this chapter; or July 31, for the fiscal year beginning on the first day of such July. Nevertheless, if the budget, tax rate and appropriation resolution are not adopted by the county legislative body on or before twelve o'clock midnight (12:00) on June 30 for the ensuing fiscal year, all departments and offices of the county may make expenditures according to the budget of that department or office as adopted for the preceding fiscal year, except that such departments and offices are limited to expenditures and obligations based on a monthly allotment from the preceding fiscal year's budget.

(b) If the county legislative body fails to adopt a budget, property tax rate resolution and appropriation resolution by August 15 of any year, then the portion of the consolidated budget for the county department of education, as proposed by the board of education or modified with the agreement of the board of education, and the accompanying property tax

rate for education and the appropriation for the county department of education, embodied in the submitted resolutions, shall become effective by operation of law for the ensuing fiscal year. If the county legislative body fails to adopt a budget, property tax rate resolution and appropriation resolution by August 15 of any year, then the operating budget for the ensuing fiscal year, other than the portion for the county department of education, shall be the consolidated budget with proposed amendments submitted by the county mayor or the budget committee.

(c) All budget proposals, including the consolidated budget proposal submitted by the county mayor or budget committee and the budget as finally adopted, shall establish the number and salaries of all full-time personnel authorized therein.

(d) The budget as adopted shall be balanced as to all funds.

(e) The setting of the tax rate, by approval of the county legislative body, by operation of law, or otherwise according to law, constitutes a valid tax levy for collection purposes in accordance with the provisions of this part.

(f) The board of education, through its designated representative, has the right to address the county legislative body in regard to the board's budget and tax rate proposals.

(a) (1) Amendments to line items within a major category of the budget may be made by the official or department head of the office or department whose budget is to be amended, including those county officials named in § 5-12-211, and by the assessor of property, upon written notice to the county mayor and the county legislative body. Any line item amendment that in any way affects amounts budgeted for personnel costs, however, shall require approval of the county mayor to be effective, or if the county mayor disapproves or fails to take action on the amendment within seven (7) calendar days after written submission of the amendment, the county legislative body may approve the amendment by a two-thirds ($\frac{2}{3}$) vote.

(2) Amendments to line items within major categories of the budget for departments other than the school department, highway department, the officials named in § 5-12-211 or the assessor may be made with approval of the county mayor and a committee of the county legislative body specifically authorized by law or authorized by the county legislative body to approve such amendments. If no committee is created or the committee disapproves or fails to approve the requested line item amendment within twenty-one (21) days after written submission of the request to the chair of the committee, the amendment may be approved by the county legislative body. However, if amendments to the line items within major appropriation categories of the budget are not approved by the county mayor, or the county mayor fails to take action within seven (7) calendar days after written submission of the amendment to the county mayor, such amendment may be subsequently approved by a two-thirds ($\frac{2}{3}$) vote of the county legislative body.

(3) When the budget has been adopted, whether by action of the county legislative body or by operation of law, amendments to major categories of the budget may be made with the approval of the county mayor and passage of the amendment by a majority vote of the county legislative body. If amendments to the major appropriation categories of the budget are not approved by the county mayor, or the county mayor fails to take action on the amendment within seven (7) calendar days after written submission of the amendment to the county mayor, such amendment may be subsequently approved by a two-thirds ($\frac{2}{3}$) vote of the county legislative body. The amendments to major categories of the budget must be submitted in writing to the county mayor and the county legislative body and shall specify the following:

- (A) A description of the amendment, including the purpose of the amendment and why it is needed during the current fiscal year;
- (B) A statement showing the cost of the amendment by budget line item with subclassifications showing specific cost elements (personnel, salaries, equipment, etc., included in the line item); and
- (C) Funding sources for the expenditure itemized by federal sources, state sources, local sources or fund balance.
- (b) All amendments to the budget of the school department shall first be approved by the county board of education, and all amendments to the budget of the county highway department shall first be approved by the chief administrative officer of the county highway department.
- (c) Notwithstanding, amendments shall be made to comply with any court order entered pursuant to title 8, chapter 20.

This part applies to all purchases by authorized officials in all counties using or encumbering county funds, except that this part does not apply to purchases:

- (1) Made from county highway funds pursuant to § 54-7-113;
- (2) Made from county education funds pursuant to § 49-2-203;
- (3) Made by any county that has adopted either the County Purchasing Law of 1957, compiled in part 1 of this chapter, or the County Financial Management System of 1981, compiled in chapter 21 of this title;
- (4) Made by any county governed by a private act regarding purchasing if such private act provides for advertisement

and competitive bidding before a purchase is made and if the dollar amount for each purchase requiring advertisement and competitive bidding is five thousand dollars (\$5,000) or some lesser amount;

(5) Made under the provisions of § 12-3-1001;

(6) Made by any county having a population of seven hundred thousand (700,000) or more according to any federal census and governed by a private act regarding purchasing, if such private act provides for advertisement and competitive bidding before a purchase is made and if the dollar amount for each purchase requiring advertisement and competitive bidding is five thousand dollars (\$5,000) or some lesser amount;

(7) From nonprofit corporations, such as the Local Government Data Processing Corporation, whose purpose is to provide goods or services specifically to counties; or

(8) Made by a county with a population of not less than two hundred thousand (200,000) according to any federal census, so long as the county through county or metropolitan government charter, private act, or ordinance has established a procedure regarding purchasing that provides for advertisement and competitive bidding and sets a dollar amount for each purchase requiring advertisement and competitive bidding; provided that purchases of less than the dollar amount requiring advertisement and competitive bidding shall, wherever possible, be based upon at least three (3) competitive bids.

All purchases and leases or lease-purchase agreements shall be made or entered into only after public advertisement and competitive bid, except as follows:

(1) Purchases costing less than five thousand dollars (\$5,000); provided, that this exemption shall not apply to purchases of like items that individually cost less than five thousand dollars (\$5,000), but that are customarily purchased in lots of two (2) or more, if the total purchase price of such items would exceed five thousand dollars (\$5,000) during any fiscal year;

(2) Any goods or services that may not be procured by competitive means because of the existence of a single source of supply or because of a proprietary product;

(A) A record of all such sole source or proprietary purchases shall be made by the person or body authorizing such purchases and shall specify the amount paid, the items purchased, and from whom the purchases were made;

(B) A report of such sole source or proprietary purchases shall be made as soon as possible to the county governing body and the county mayor of the county and shall include all items of information as required in the record;

(3) Purchases or leases of any supplies, materials or equipment for immediate delivery in actual emergencies arising from unforeseen causes, including delays by contractors, delays in transportation, and unanticipated volume of work;

(A) A record of any emergency purchase shall be made by the person or body authorizing such emergency purchase, and shall specify the amount paid, the items purchased, from whom the purchase was made and the nature of the emergency;

(B) A report of any emergency purchase shall be made as soon as possible to the county governing body and the county mayor, and shall include all items of information as required in the record;

(4) Leases or lease-purchase agreements requiring total payments of five thousand dollars (\$5,000) or less in each fiscal year the agreement is in effect; provided, that this exemption shall not apply to leases of like or related items that individually may be leased or lease-purchased with total payments of less than five thousand dollars (\$5,000) in any fiscal year, but that are customarily leased or lease-purchased in numbers of two (2) or more, if the total lease or lease-purchase payments for such items under a single agreement would exceed five thousand dollars (\$5,000) in any fiscal year;

(5) Governing bodies may exempt perishable commodities from the requirements of public advertisement and competitive bidding when such items are purchased in the open market;

(A) A record of all such purchases shall be made by the person or body authorizing such purchases and shall specify the amount paid, the items purchased, and from whom the purchase was made;

(B) A report of such purchases shall be made, at least monthly, to the county mayor and the governing body and shall include all items of information as required in the record; and

(6) Fuel and fuel products may be purchased in the open market without public advertisement, but shall whenever possible be based on at least three (3) competitive bids. Fuel and fuel products may be purchased from the department of general services' contract where available.

**BLOUNT COUNTY PLANNING COMMISSION
REGULAR SESSION
THURSDAY, JUNE 22, 2006
5:30 P.M.**

The Blount County Planning Commission met in regular session on Thursday June 22, 2006, at the Courthouse. Staff was represented by: John Lamb, Director of Planning; Doug Hancock, Planner; Roger Fields, Building Commissioner; and Administrative Assistant Gaye Hasty.

Commissioners Present: Chairman, Ed Stucky, Rick Brownlie, Joe Everett, Gary Farmer, Steve Gray, Tom Hodge, Bob Kidd, Carl McDonald, Kenneth Melton, Bill Proffitt, and Jim Scully. Commissioners Absent: Bruce McClellan.

The minutes of the May 25, 2006 regular monthly meeting were approved. Prior to the meeting, these were mailed to members for review.

Public Hearings: None.

HEARINGS:

Changes in the agenda:

Commissioner McDonald made the motion to add to the agenda additional discussion regarding the recommendation that was made to the County Commission in regards to cluster developments, seconded by Commissioner Proffitt. The motion received unanimous approval.

Commissioner Kidd made the motion to change the order of the agenda and move the residents group from Happy Valley to the first item on the agenda and to move the Overlook at Montvale immediately following so that Commissioners Kidd and Melton could attend the Financial Management meeting. Commissioner Everett seconded the motion which received unanimous approval.

Commissioner Everett stated that there was an item that he would like to address that was not on the agenda.

Commissioner Everett made a motion at this time for the Planning Commission to reconsider Section 6.1(2) by lifting the four lot final plat per year rule. Commissioner Everett stated that the original guidelines stated that the limit would be lifted when a contract for a new school was signed. Commissioner Everett stated that to date the County Commission has contributed 60 million dollars toward school capital improvement budgets for the purpose of building schools. He stated that the Planning Commission has not seen any change. Commissioner Everett stated that the City of Maryville had only recently addressed this issue in their planning region as it affects Blount County schools and that they are the only other planning commission addressing this problem.

He stated that he would like to investigate amending the regulation to reflect that when money is appropriated for the building of schools that the Planning Commission could use that in order to address subdivision development rather than when a contract was in place.

Commissioner Kidd seconded the motion which was approved with Commissioner McDonald voting no.

This item will be discussed during long range planning.

Happy Valley Residents Group:

Mr. Ellis Bacon represented the Happy Valley residents group at this time. Mr. Bacon delivered to the Planning Commission a list of concerns regarding the proposed Overlook at Montvale subdivision. He apologized for the delay in the Planning Commission receiving the documents and stated that he did not expect a full discussion on the items at this time. Mr. Bacon encouraged the Planning Commission to examine the document carefully and the sincerity of the concerns regarding mountain development. He asked that the Planning Commissioners join them in a community wide discussion concerning the conflicts that they have between development and quality of life. He stated that they understand that the Planning Commission is bound by certain policies, protocols and regulations but that these policies and regulations in their opinion are somewhat inadequate. Mr. Bacon stated that many of the regulations in Blount County are not logically applicable to mountainside and environmentally sensitive areas. It is also the opinion of this group that bad regulations create bad policy and invites conflict. He asked that the discussion continue about what do we want in Blount County and how do we best accomplish this.

Overlook at Montvale – Appeal of condition regarding school criteria limitation:

The Overlook at Montvale subdivision is a proposed 80 lot Planned Unit Development (PUD) with a cluster development and preserved open space along new private roads contained in a 50' private road easement.

The preliminary plat for the Overlook at Montvale was approved at the May 2006 regular meeting subject to staff recommendation and for up to four lots per year on any final plat based on the school criteria under section 6.1.(2) of the subdivision regulations.

The proposed subdivision is located within the Lanier Elementary School, Carpenters Middle School, and William Blount High School zones. The School Board lists Lanier Elementary as “intolerable”; Carpenters Middle as “high”; and William Blount High School as “intolerable”.

The proponents provided a letter and supportive documentation as “compelling evidence” under Section 6.1(2). The planning commission has approved similar type mountain developments under the same section.

Mr. James Tomiczek with the Harmony Property Group addressed the commission at this time. Mr. Tomiczek along with Kizer and Black Law Office presented statements and information as follows:

- 1) Demographic data obtained by Kizer & Black on six existing Blount County mountain developments that provide substantial compelling evidence that The Overlook will not generate a significant number of school aged children entering Blount County schools.
- 2) Current interest in The Overlook amounting to over 25 percent of the development indicate that no children would be added to Blount County Schools, providing compelling evidence that the actual sales at The Overlook would match the data obtained on other similar developments.
- 3) Development of The Overlook would enhance education in Blount County in two ways. First, even though the impact to schools would be negligible, The Overlook would generate a substantial amount of money to be applied to school debt service capital. In addition, Harmony Property Group has been in discussions with The University of Tennessee Environmental Landscape Design Lab to create educational opportunities for Blount County school-age children at The Overlook and Camp Montvale.

Mr. Tomiczek stated that the data from Blount County mountain developments supports the fact that you are likely to have a low percentage of people living on the property as permanent residents and the average age of people living in those homes are such that they are unlikely to have children.

Commissioner Brownlie asked if the developers had considered putting an age restriction on the subdivision. Mr. Tomiczek stated that they did not want to put an age restriction on the development.

Commissioner Farmer clarified to the audience that the only issue being determined was whether or not this development would meet the criteria to allow more than 4 lots for final plat approval. He explained that this was not being re-heard for plat approval.

Commissioner Kidd made the motion to approve the plat without restrictions of the 4 lot rule, seconded by Commissioner Everett. A roll call vote was taken:

Commissioner Brownlie – No
Commissioner Everett – Yes
Commissioner Farmer – Yes
Commissioner Gray – Yes
Commissioner Hodge – Yes
Commissioner Kidd - Yes

Commissioner McDonald – Abstain
Commissioner Melton – Yes
Commissioner Proffitt – Yes
Commissioner Scully – Yes
Commissioner Stucky – Yes

The motion was approved with Commissioner McDonald abstaining and Commissioner Brownlie voting no.

A brief recess was held at this time and Commissioners Kidd and Melton were excused to attend the Financial Management budget hearing.

Concept Plans:

Sparks' Mountain View Hideaway:

Sparks' Mountain View Hideaway concept plan off Laurel Road in Laurel Valley indicates a proposed 19 lot subdivision to be served by a 50' private road easement and a 25' common driveway off of an existing Laurel Valley Road with a remainder greater than five acres. The proposed subdivision on approximately 23 acres will be served by public water, underground electric and an on-site sewer system. The parcel is in the R-1 zone and the density is appropriate.

No action was taken on the concept plan.

Preliminary Plats – Major Subdivisions:

Hunter's Landing:

Hunter's Landing off Martin Mill Pike is a proposed 14 lot subdivision to be served off a proposed new county road and a common driveway easement.

Planning, Engineering, and Environmental Health Department Staff recommended for approval of the preliminary plat subject to the comments in the staff analysis and the notes below:

- A revised preliminary plat shall be supplied to staff with new lot lines (as per the Health Department if necessary), revised common driveway location, sight distance easement and drainage pond setback prior to the preconstruction meeting. All necessary permits shall be supplied to staff prior to a pre-construction meeting as well.
- The instructions per the above staff analysis including health department evaluation of lots, erosion control, road construction; common driveway construction, installation of utilities, drainage construction and POA documentation.

Commissioner Kidd made the motion to approve the preliminary plat subject to staff recommendation, seconded by Commissioner Melton.

Mr. Charles Thompson owner and developer of the property expressed concern about moving the common driveway location. Mr. Hancock disagreed with Mr. Thompson and explained the Highway Department had reviewed the location on more than one occasion. He cited concerns with sight distance and locating the common driveway and other driveway connections on Martin Mill Pike in the area of a dangerous curve. He recommended deferral of the plat for further review if the developer is not in agreement with the recommendation by staff.

The preliminary plat received unanimous approval subject to all recommendations by staff.

Sharondel Estates:

The proposed Sharondel Estates is a 49 acre parcel containing 61 proposed new lots to be served by a new county road section off of Longview Road within the Longview Farm Subdivision off of Morganton Road. The proponents have indicated that five lots shall front Morganton Road (Lots 57-61) and three of those lots (58-60) shall be served by a common driveway off Morganton Road.

Planning, Engineering and Environmental Health Department staff recommended for preliminary plat approval subject to the following:

- A revised preliminary plat shall be supplied to staff prior to the preconstruction meeting. All necessary permits shall be supplied to staff prior to a pre-construction meeting as well.
- All necessary permits shall be supplied to staff prior to a pre-construction meeting.
- The instructions in the above staff analysis including erosion control, road construction; common driveway construction, installation of utilities, drainage construction and POA documentation.

Mr. Hancock advised the Planning Commission that this subdivision will be served by a public sewer system.

Commissioner Everett made the motion to approve the preliminary plat subject to staff recommendation and to include the 4 lot restriction under Section 6.1(2) for final plat, seconded by Commissioner Farmer. The preliminary plat received unanimous approval.

Smoky Hills Phase 2:

The developers have requested that the preliminary plat be deferred to the July Planning Commission meeting. Commissioner McDonald made the motion to defer the plat without prejudice to the July meeting, seconded by Commissioner Brownlie. The deferral received unanimous approval.

Final Plats: Major Subdivisions:

Re-subdivision of Lots 5 & 6 of the Mack Hitch Peach Orchard Subdivision:

The re-subdivision of Lots 5 & 6 of the Mack Hitch Peach Orchard Subdivision off Ridge Road is a proposed 5 lot subdivision -- 2 lots in the Maryville Planning Region along Ridge Road, and 3 Lots to be served by a 25' Common Driveway Easement in the Blount County Planning Region. The Preliminary Plat was approved at the April 2006 regular meeting. Planning, Engineering, and Environmental Health Department staff recommended for final plat approval subject to:

- Completion of driveway improvements, completion of a catch basin near the county road.
- Completion of utilities or surety posted to the utilities; signature plats and a final maintenance agreement and final staff inspection.

Commissioner McDonald made the motion to approve the final plat subject to staff recommendation, seconded by Commissioner Scully. The final plat received unanimous approval.

Preliminary and Final Plats – Major Subdivisions: None.

Preliminary and Final Plats – Minor Subdivisions:

Vivian Dickey Property:

The Vivian Dickey Property off Burnett Station Road is a proposed 3 lot subdivision with 2 lots off the county road and 1 served by a 40' easement.

Planning Department staff recommended for deferral of the preliminary and final plat based on the Environmental Health Departments requirement of the lots to be perked at this time.

Commissioner Farmer made the motion to defer the plat as recommended by staff, seconded by Commissioner Brownlie. The motion to defer received unanimous approval.

Miscellaneous Items:

Site Plans:

Impact Associates at 2734 E. Broadway:

The site plan for Impact Associates at 2734 E. Broadway is for a room addition to an existing business zoned commercial. The majority of the proposed addition of 368 square feet will be an addition of a second story with a small amount added to the footprint. The site plan indicates that all building setbacks will be met and additional buffering will not be required. Adequate parking is supplied by the existing parking area. Mr. Fields recommended for approval of the site plan.

Commissioner McDonald made a motion to approve the site plan as recommended by staff, seconded by Commissioner Farmer. The site plan received unanimous approval.

Fellowship of Christians in Action at 7143 Flats Road:

The proposed site plan is for the addition of a 60' x 100' bunkhouse to the Eagle Rock Retreat located at 7143 Flats Road. The Eagle Rock Retreat was built on this site prior to the approval of the Blount County Zoning Regulations. This use does have vested rights to expand in accordance to our zoning regulations and State law. The site plan indicates that all building setbacks will be met and additional buffering will not be required. There is a large gravel area that will handle the parking that is shared with the existing lodge. The Environmental Health Department will have to give final approval of the septic system that is already in the ground. The system was originally designed for such an addition and is just a matter of getting the effluent to the existing system. Mr. Fields recommended for approval of the site plan subject to final approval of the septic system by the Environmental Health Department.

Commissioner Proffitt made a motion to approve the site plan as recommended by staff, seconded by Commissioner Brownlie. The site plan received unanimous approval.

Mike Gaddis off of Hwy 321 near Nelson Lane:

The proposed site plan is for a commercial storage facility to be located off of Hwy 321 near Nelson Lane. The front 500 feet of this property has recently been rezoned to commercial. The site plan indicates buildings containing 31,000 square feet, 32,000 square feet, and 18,400 square feet and a small office building. The site plan indicates that all building setbacks will be met and buffering will be required along any residential property that abuts this site. The existing evergreen buffering will be acceptable as long as it is maintained. The parking requirements will be met with a gravel lot that will be installed around the

buildings. Mr. Fields recommended for approval of the site plan subject to the installation of the direct highway connection onto Hwy 321 as indicated on the site plan.

Commissioner Everett made a motion to approve the site plan as recommended by staff subject to completion of the driveway connection onto Hwy 321, seconded by Commissioner Scully. The site plan received unanimous approval.

Long Range Planning:

Request for rezoning from S-Suburbanizing to C-Commercial by James Keith at 3132 Highway 411 South, Tax Map 78 Parcel 84.01, for a total depth of 500 feet off of Hwy 411 South right-of-way.

The request for rezoning was the subject of public hearing at the last regular meeting. The Planning Commission deferred the item due to lack of representative to answer questions at the meeting. The owner of the property is out of town but did send representatives.

Commissioner Scully said that he had attended the meeting with the City of Maryville Planning Commission regarding this rezoning (it is within the Maryville Urban Growth Boundary) and feels that the request is being made to increase the value of the property as is being offered for sale by the current owner. He stated that in his opinion that the Planning Commission is not available for people to make more money selling their property. He also stated concerns with the property being steep and ingress and egress onto the property. Commissioner Scully made the motion to recommend against the rezoning request. Commissioner McDonald seconded the request to put the matter on the table.

Commissioner Stucky explained that the item had been deferred at the request of Commissioner McClellan who wanted to know what the anticipated use of the property was going to be. Commissioner Stucky asked the question in the absence of Commissioner McClellan.

Mr. Mack Coulter and Mr. Larry Henry were representatives for the developer and stated that the 500' depth would still conform to the current zoning regulations and would be consistent for the area. The prospective buyer has not definitely determined what the intended use of the property will be. Mr. Henry explained that the property slopes up-hill and additional depth is needed for proper ingress and egress.

Commissioner McDonald expressed concern over the size of the parcel with a 500 foot depth zoned commercial. Mr. Lamb stated that some uses require a larger tract such as the Out of Eden nursery which lies just north of this parcel.

Commissioner Farmer stated that 500 feet would be consistent with what the Planning Commission had granted in the past and would not be out of character for the area.

A roll call vote was taken on the motion to recommend against the rezoning request. To vote in favor of the motion would be to recommend against the rezoning.

Commissioner Brownlie –Yes	Commissioner McDonald – Abstain
Commissioner Everett – No	Commissioner Melton – Absent
Commissioner Farmer – No	Commissioner Proffitt – Yes
Commissioner Gray – Yes	Commissioner Scully – Yes
Commissioner Hodge - Absent	Commissioner Stucky – No
Commissioner Kidd – Absent	

The motion to recommend against the rezoning request passed with 5 yes votes and 3 no votes.

Commissioner Brownlie asked if his vote could be re-considered. Commissioner Brownlie made the motion to re-consider the vote. Commissioner Farmer seconded the motion. The motion to re-consider was approved unanimously.

A second roll call vote was taken on the motion to recommend against the rezoning request. An aye vote is to recommend denial of the request.

Commissioner Brownlie – No	Commissioner McDonald – Yes
Commissioner Everett – No	Commissioner Melton – Absent
Commissioner Farmer – No	Commissioner Proffitt – Yes
Commissioner Gray – Yes	Commissioner Scully – Yes
Commissioner Hodge –Absent	Commissioner Stucky – No
Commissioner Kidd – Absent	

The motion failed with 4 yes votes and 4 no votes.

Commissioner Everett made the motion to recommend for approval the rezoning request, seconded by Commissioner Farmer.

Commissioner Farmer asked if the majority of the Planning Commission was needed to carry the vote or if a simple majority was needed. Mr. Lamb replied that a simple majority was required for this item. Commissioner Farmer asked if no action was to be taken in the situation of a tie vote. Mr. Lamb stated that he would report to the County Commission that a tie vote was taken and that no recommendation was being made.

Commissioner McDonald made the motion to amend the motion to approve the rezoning request and to send the request to the County Commission without recommendation. Commissioner Proffitt seconded the motion. Commissioners Everett and Farmer were in agreement with the amended motion. The motion to send the rezoning request to the County Commission without recommendation received unanimous approval.

Discussion of design standards for commercial uses:

This item will be deferred to the June meeting.

Consider setting public hearing on draft Subdivision Regulations:

Commissioner McDonald made the motion to set the public hearing on draft Subdivision Regulations, seconded by Commissioner Brownlie. The motion to set the public hearing received unanimous approval. The meeting will be held on Monday July 31, 2006 at 6:00.

Review of recommendation for PUD requirements applicable to cluster PUD developments in the R-2 zone:

Commissioner McDonald stated that he did not understand the full impact of cluster development. Mr. Stucky explained that clustering per se was not being changed nor would the density requirements change. The proposed change would only affect lots located in the R-2 zone with paved roads, public water and public sewer. After discussion, Commissioner McDonald withdrew his request.

Appeal to review four lot final plat approval per twelve month time period based on school criteria:

Commissioner Everett stated the he was concerned about the 4 lot per year regulation based on school criteria. He stated that what concerns him more than anything is determining what type of compelling evidence is acceptable. He stated that he was concerned that the Planning Commission could be put in the position of "picking and choosing". He stated that he was not convinced that the 4 lot restriction has had that much effect on controlling the number of students attending schools in Blount County in particular if the Blount County Planning Commission is the only one with those restrictions.

Commissioner McDonald stated that the rules clearly state that if the infrastructure is not in place the Planning Commission shall not approve a subdivision. He stated that the Planning Commission had tried to compromise by not stopping development entirely.

Commissioner Farmer noted problems of being notified by the School Department when schools are no longer classified as "Intolerable".

Commissioner Everett stated that the County Commission had done everything in its power to help the School Board relieve the overcrowding issues. He stated that he has concerns that the School Board is exercising control over the Planning Commission. He stated that he agrees with Commission McDonald that the Planning Commission has a duty to review the infrastructure and make decisions accordingly.

Commissioner Brownlie stated that he agreed with Commissioner Everett and stated that the School Department had remedies at hand to solve some of the problems and either had not been willing or claimed to be unable to deal with them. He stated that he felt as if the Planning Commission were trying to address the infrastructure problem and another body is not trying to address a problem that is within their control.

Commissioner McDonald suggested that they invite a representative from the School Department to answer questions that the Planning Commission has regarding the school situations.

Discussion of possible alternatives to addressing front setback requirements in steeply sloping land:

This item will be deferred to the July meeting.

Discussion of design standards for commercial uses:

This item will be deferred to the July meeting. Commissioner Gray requested that this item be placed first for Long Range Planning next month.

Water Quality Plan review in relation to Growth Strategy:

This item will be deferred to the July meeting.
