**RESOLUTION NO._____**

**Sponsored by Commissioners Monika Murrell and Bob Proffitt**

**A RESOLUTION REGARDING THE ENVIRONMENTAL IMPACT STATEMENT BEING PREPARED FOR THE PROPOSED PELLISSIPPI PARKWAY EXTENSION**

**BE IT RESOLVED,** by the Board of Commissioners of Blount County, Tennessee, in session assembled the 16th day of November, 2006:

**WHEREAS,** the Department of Transportation of the State of Tennessee has proposed extending Pellissippi Parkway (I-40) to US 321; and

**WHEREAS,** this body, on May 16, 2002, asked that the Tennessee Department of Transportation conduct "a full, accurate and comprehensive" Environmental Impact Statement (EIS) for the proposed project; and

**WHEREAS,** the Department of Transportation, in compliance with the National Environmental Policy Act (NEPA), currently is conducting an Environmental Impact Statement (EIS) for the proposed project; and

**WHEREAS,** the Project Data Summary prepared by TDOT states that the EIS will "consider the indirect impacts resulting from the project that would occur later in time or further removed in distance;" and

**WHEREAS,** those impacts "may include growth-inducing effects or other effects related to changes in the pattern of land use, population density, or growth rate and related effects on air, water, and ecosystems;" and

**WHEREAS,** "The evaluation will also consider cumulative impacts on the study area's resources that would result from this project in combination with other past, present, and reasonably foreseeable future actions by public and private entities;" and

**WHEREAS,** the Board of Commissioners of Blount County, Tennessee, has the fiscal obligation and responsibility for the development and maintenance of the public facilities and services of Blount County, including its schools, roads, parks, and safety and security; and

**WHEREAS,** the Budget Director of Blount County has calculated that property tax income to Blount County from residential housing growth does not pay for the costs of providing public education to students residing in that housing; and

**WHEREAS,** according to the Blount County Growth Strategy conducted by Hunter Interests, Inc, one result of the extension of the Pellissippi Parkway to US 321 will be to provide the northeastern section of the county with "a speedy connection to Knox County and the Oak Ridge area. One outcome of this improved accessibility to key regional employment centers should be to enhance the attractiveness of this area to potential residents, the possible net effect being acceleration in the rate of residential development;" and

**WHEREAS,** the Highway Superintendent of Blount County does not have the financial resources needed to adequately maintain and improve Blount County's current road network; and

**WHEREAS,** this body has the need to know the likely and possible impact of this highway project on the future fiscal obligations and responsibilities of the Board of Commissioners of Blount County.

**NOW, THEREFORE, BE IT RESOLVED,** by the Board of Commissioners of Blount County Tennessee, that the Tennessee Department of Transportation's Environmental Impact Statement for the proposed Pellissippi Parkway Extension specifically and thoroughly address the future direct and cumulative economic impacts of the highway project on the Board's public sector obligations and responsibilities; and

**BE IT FURTHER RESOLVED** that a copy of this resolution be sent to the Tennessee Department of Transportation.

**Duly authorized and approved this 16th day of November, 2006.**

**This AGREEMENT is entered into on this _____ day of _____, 20___, between the STATE OF TENNESSEE, DEPARTMENT OF TRANSPORTATION, hereinafter "Department", and the Blount County Tennessee, hereinafter "Local Government", for the purpose of providing an understanding between the parties of the Local Government's obligations for implementation of a highway safety improvement project under the Hazard Elimination Program, being PIN NO: 107238.00, that is described in "EXHIBIT A" attached and incorporated into this Agreement.**

**The Department agrees to pay for 100% of the actual Project costs up to $50,000.00. All other costs will be paid for by the Local Government.**

# Regarding: Blount County Zoning Regulation

**Comments: As per Commissioner Hargis**

Resolution to Amend the Blount County Zoning Regulations that would allow Multifamily Family Development to meet the same standards that are currently in place in the county subdivision regulations regarding approval of subdivisions pertaining to the impact on the county's infrastructure.

October 23, 2006

Commissioner Hargis,

As the commissioner from my district, I am thankful that you have expressed your interest in trying to help me address my concerns that were included in the newspaper article after our last BZA meeting. This article expressed that I was concerned about the county zoning regulations regarding Multifamily Development being approved by the Board of Zoning Appeals as a special exception in the three following residential districts; Suburbanizing, Rural R-1, and the Rural R-2.

the county subdivision regulations contain regulations that will allow the planning commission the right to consider the impact each subdivision will have on the county's infrastructure, such as schools and roads. Our current zoning regulations does not grant the Board of Zoning Appeals these same standards for a Multifamily Development. Therefore we have no avenue to limit a 40 or 50 unit multifamily development that would also greatly impact the county's infrastructure.

I believe the proper way to address my concerns, and some of the other BZA members would be to consult with Mr. Lamb, Mr. Fields, and Mr. Rob Walker, who is the chairperson for the BZA, and seek their input on this issue. Mr. Lamb his opinion on which one of the following procedures would best benefit the county; either adding a new zoning regulation to the existing ones, or to require all multifamily dwelling development to be approved by the county planning commission where it would be subject to the same regulations as other development.

Any assistance that you can provide in this issue will be greatly appreciated.

Thank You

Please note I have included the following existing county zoning regulations for your information.

## Multifamily Dwellings

The Blount County Zoning Regulations include this type of dwellings in the following sections:

- All streets within the development shall be paved at least 16 feet wide.
- All parking shall be off the paved drives or streets on prepared surfaces.
- Any development with four or more units, or with land area greater than three acres, shall provide a drainage plan as part of the Special Exception application.
- Common open space shall be provided as part of the plan.
- Site plan shall address provisions for fire service with fire hydrants, and adequate access for emergency vehicles.

**Public Hearings: None.**

**HEARINGS:**

**Concept Plans: None.**

**Preliminary Plats – Major Subdivisions:**

**Dailey Property:**

The Dailey Property off Howard School Road is a proposed 4 lot subdivision to be served by a 25' common driveway easement.

Planning, Engineering, and Environmental Health Department staff recommended for approval of the preliminary plat subject to the comments in the staff analysis and the notes below:

- All common driveway and utility improvements to be built to planning commission standards or greater and according to instructions in the staff analysis. Any on-site work prior to the owner securing the proper county and state permits and a pre-construction meeting with staff is at the risk of the owner.
- The owner/developer shall also comply with the *Special Notice Prior to Construction* section of the staff analysis.
- Copy of POA or Maintenance Agreement documentation to be supplied to staff for review prior to final plat submission.

Commissioner Farmer made the motion to approve the preliminary plat as recommended by staff to include the addition of a drainage easement around the pond, seconded by Commissioner Scully. The motion to approve the preliminary plat received unanimous approval.

**The Homestead Phase 1:**

The Homestead Phase 1 subdivision off East Millers Cove Road is a proposed 36 lot subdivision to be served by new county roads and/or common driveway easements. The preliminary plat was approved for 40 lots but was reduced to 36 lots due to soil constraints. These cluster lots have equal area of dedicated open space acreage exclusive of roadways to be recorded along with the final plat for this phase. The open-space is to be maintained by the Property Owner's Association.

The Homestead Phase 1 preliminary plat was approved on May 27, 2004. On March 24, 2005 preliminary plat approval was extended for six months to November 2005 at the request of the developer. On October 27, 2005, preliminary plat approval was again extended for an additional six months to May 2006 at the request of the developer. The effect of the actions was to extend the preliminary plat approval for one year to May 2006. In February of 2006 Naterra requested a 12 month extension of the preliminary plat. The Planning Commission granted Phase 1 preliminary plat extension again until February 2007.

Planning, Engineering and Environmental Health Department staff recommended for final plat approval for Homestead Subdivision Phase 1 subject to comments in the staff analysis and the following:

- Final inspection of the drainage basins and a certification letter from the project engineer.
- Final POA documentation to be recorded with final plat (and possible charge for legal review).
- Completion of all guard rail installation and inspection prior to releasing the final plat.
- Installation of road striping (reflectors) for the entire length of the new roadway, road side markings and signage and staff inspection prior to releasing the final plats.
- Completion of final clean-up of common areas and right-of-way to be dedicated.
- Final signature plats and a $40.00 per lot platting fee.

Mr. Lamb stated that he would be sending the POA documentation to the attorney for the county mayor for review and will be charged to the developer.

Commissioner Scully made the motion to approve the final plat as recommended by staff, seconded by Commissioner Helton. The final plat received unanimous approval.

**Final Plats: Major Subdivisions: None.**

**Preliminary and Final Plats – Major Subdivisions: None.**

**Preliminary and Final Plats – Minor Subdivisions:**

**Hearon Property:**

The Hearon Property off Happy Valley Road is a proposed 2 lot subdivision with a remainder greater than 5 acres located along Happy Valley Road.

Planning, Engineering and Environmental Health Department staff recommended for preliminary and final plat approval subject to:

- Signature plats.
- Copy of the county grading permit.
- Payment of $20.00 per lot platting fee.

Commissioner Farmer made the motion to approve the plat as recommended by staff, seconded by Commissioner Scully. The motion to approve the preliminary and final plat received unanimous approval.

**Miscellaneous Items:**

**Extension of Preliminary Plat for Griffitt's Mill :**

The preliminary plat for Griffitt's Mill Subdivision illustrates 117 proposed lots to be served by new private roads off of Chota Road and was approved at the September 2005 regular meeting. The developer represents that the development will be targeted to older persons as an "active adult community" as compelling evidence that the proposed subdivision will not generate substantial school aged children that would impact capacity of schools affected by the proposal.

Planning Department staff recommended for routine renewal to September 2007 subject to all previous conditions of record in minutes and staff analysis for original approval of the preliminary plat.

Commissioner Brownlie made the motion to approve extension of the preliminary plat as recommended, seconded by Commissioner McClellan. The motion received unanimous approval.

**Extension of Preliminary Plat for Agape Woods:**

The preliminary plat for Agape Woods was approved by the Planning Commission at the September 2005 regular meeting. The preliminary plat illustrates 10 proposed lots to be served by new private roads off of Laurel Road in Laurel Valley. The preliminary plat was approved for four lots (final plat) per 12 month time period under Section 6.1(2) of the subdivision regulations due to the school criteria.

Planning Department staff recommended for routine renewal to September of 2007 subject to all previous conditions of record in minutes and staff analysis for original approval of the preliminary plat.

Commissioner Brownlie made the motion to approve extension of the preliminary plat as recommended by staff, seconded by Commissioner Proffitt. The motion received unanimous approval.

**Extension of Preliminary Plat for River Ford Subdivision, Section 3:**

The preliminary plat was approved by the Planning Commission at the September 2005 regular meeting. The preliminary plat was approved without limitation to the number of finals lots and not subject to the school criteria.

Planning Department staff recommended for routine renewal to September of 2007 subject to all previous conditions of record in minutes and staff analysis for original approval of the preliminary plat.

Commissioner Scully made the motion to extend the preliminary plat as recommended by staff, seconded by Commissioner Brownlie. The motion received unanimous approval.

**Extension of Preliminary Plat for Shady Creek Subdivision:**

The preliminary plat was approved by the Planning Commission at the August 2004 regular meeting and extended through September of 2006. The project is nearing completion of all improvements and the developer has requested a 90 day extension of the preliminary plat in order to complete the final road, drainage and erosion controls. This plat was approved prior to school and road criteria.

Planning Department staff recommended for routine renewal through December of 2006 subject to all previous conditions of record in minutes and staff analysis for original approval of the preliminary plat.

Commissioner Farmer made the motion to extend the preliminary plat as recommended by staff, seconded by Commissioner Scully. The motion received unanimous approval.

**Combination of existing lots for the Billie Webb Property off Triple Oak Street:**

The Planning Commission has granted variance to lot size to allow combination of existing lots of record that still do not meet present minimum lot size requirements and the owner requests that a variance be granted to allow the combination as shown. The variance request is for minimum lot size considering three units existing on the property.

Planning Department staff recommended for approval of the plat with variance for lot size provided the plat be shown with original 15 foot off centerline of road right-of-way dedication, and subject to certificate signature by the Environmental Health Department.

Commissioner Scully made the motion to approve the variance request as recommended by staff, seconded by Commissioner Farmer. The motion received unanimous approval.

**Site Plans:**

**Site plan for Mitchel Myers at 3832 Morganton Road:**

This site plan request is for an expansion to an existing non-conforming use that predates the Blount County Zoning Regulations. The expansion would be for a 20' x 60' storage building and will be the second structure added to the property as an expansion of an existing non-conforming use. An approval for this addition would mean that it could only be used for the existing use and no other uses. The site plan indicates that all building setbacks would be met and additional buffering is not required. Mr. Fields recommended for approval of the addition to be used only as the rental storage units.

Commissioner Scully made the motion to approve the site plan as recommended by staff, seconded by Commissioner Helton. The site plan was approved unanimously.

**Site Plan for Blackberry Farms on West Miller's Cove Road:**

The site plan was pulled from the agenda and will be presented to the Board of Zoning Appeals.

**Site Plan for Universal Sanitizers and Supply Inc. at 2421 Stock Creek Blvd:**
