Mr. Harry H. Kidwell
Chairman
Public Building Authority of Blount County
381 Court Street

Dear Mr. Kidwell:

The Blount County Accounting Office, per County Commission resolution, has provided accounting and finance support to the Blount County PBA since its inception. The rationale of savings paying for PBA overhead was established by the County Commission and has been used for payment of the services rendered (i.e., payroll, benefits, and operating expenses).

In light of recent confusions and statements made to the School Board relating to your office not being in control of overhead charges, I believe it is now time for a new direction. As the PBA is a legally separate entity, I believe a lot of the confusion has stemmed around your paying part of the overhead expenses direct and our paying of payroll and benefits. With that in mind, I intend to take a resolution to the County Commission which specifies that all expenses related to the PBA, including payroll and benefits, will be paid by the PBA direct. It would then be up to the PBA board to direct how these expenses are charged to the various projects. I would expect an invoice from the PBA just as we receive now, that requests payments under the various projects for payment of service, including payroll. It would then be the PBA's responsibility to pay payroll, benefits, and operating costs.

In addition, we will not use the overhead account on any future invoices. Any charges will need to be submitted under an open project and have adequate budget to cover the amounts requested. This will then eliminate any opportunity for confusion as it relates to overhead.

I intend to make this change, pending County Commission approval, on January 1, 2007.

In addition, based on the recent meeting with the School Board, please forward to my attention detailed invoices regarding the work completed by BIOS, Inc.

Thank you for your inquiry. If I can be of further assistance, please let me know.

Sincerely,

David R. Bennett, CPA, CGFM
Blount County Finance Director
